Miller,1998-09-15 New approaches to understanding war and peace in the changing international system What causes war How can wars be prevented Scholars and policymakers have sought the answers to these questions for centuries Although wars continue to occur recent scholarship has made progress toward developing more sophisticated and perhaps more useful theories on the causes and prevention of war This volume includes essays by leading scholars on contemporary approaches to understanding war and peace The essays include expositions analyses and critiques of some of the more prominent and enduring explanations of war Several authors discuss realist theories of war which focus on the distribution of power and the potential for offensive war Others examine the prominent hypothesis that the spread of democracy will usher in an era of peace In light of the apparent increase in nationalism and ethnic conflict several authors present hypotheses on how nationalism causes war and how such wars can be controlled Contributors also engage in a vigorous debate on whether international institutions can promote peace In a section on war and peace in the changing international system several authors consider whether rising levels of international economic independence and environmental scarcity will influence the likelihood of war **The X-Mas War** Scott Malensek,2002 The undeniable history of mankind clearly shows us that human conflict has far from passed In places like Kuwait Rwanda Bosnia and Kosovo the 20th Century ended brutally Given the trends of modern conflict the economic separation of peoples the rise in religious affiliated terrorism and the social hatreds that remain between races tomorrow s wars can only be more violent than those of the past The X MAS War is really an anthology of four books Black Rain For Christmas The Secret War In South Asia Sixth Fleet Under and The Sugar Sweet Smell of Fear All four have overlapping storylines They re tales are all told through the use of news reports traditional narratives diary entries and letters home Each book is a complete story by itself but together they give a brand new perspective to the unique aspects of 21st Century warfare Report of the Philippine Commission to the Secretary of War United States.
