

The Pageantry Of Britain

**Claire Cochrane, Lynette
Goddard, Catherine Hindson, Trish Reid**

The Pageantry Of Britain:

The Pageantry of Britain Julian Paget, 1981-07-01 **The Pageantry of Britain** Sir Julian Paget, 1979 *The Pageant of British History* J. E. Parrot, 2021-01-18 *Pageants in Great Britain and the United States* Caroline Hill Davis, 1916 **Archaeologies of the British** Susan Lawrence, 2003 Beginning with the early English colonisation of Ireland and Virginia the international range of contributors in *Archaeology of the British* examine the interplay of objects and identity in Scotland and Wales regional England Canada Australia South Africa Cyprus and Sri Lanka Informed by developments in historical archaeology and by postcolonial scholarship the case studies in this volume look at the colonists themselves The evidence draws upon includes vernacular architecture landscapes and objects of everyday life *Archaeologies of the British* makes it clear that Britishness has never been a fixed entity and that material culture can challenge historical and contemporary understandings of Britishness **British Theatre Between the Wars, 1918-1939** Clive Barker, Maggie B. Gale, 2000 This volume initiates a long overdue reassessment of mid twentieth century British theatre cultures **The Language of Progressive Politics in Modern Britain** Emily Robinson, 2017-02-09 This book traces the word progressive through modern British history from the Enlightenment to Brexit It explores the shifting meanings of this term and the contradictory political projects to which it has been attached It also places this political language in its cultural context asking how it relates to ideas about progressive social development progressive business and progressive rock music Progressive is often associated with a centre left political tradition but this book shows that this was only ever one use of the term and one that was heavily contested even from its inception The power of the term progressive is that it appears to anticipate the future This can be politically and culturally valuable but it is also dangerous The suggestion that there is only one way forward has led to fear and doubt anger and apathy even amongst those who would like to consider themselves progressive people *Postmodern Fiction and the Break-Up of Britain* Hywel Dix, 2010-05-04 A monograph analysing the symbolic role played by contemporary fiction in the break up of political and cultural consensus in British public life *Queen Boudica and Historical Culture in Britain* Martha Vandrei, 2018-05-24 Taking a long chronological view and a wide ranging interdisciplinary approach this is an innovative and distinctive book It is the definitive work on the posthumous reputation of the ever popular warrior queen of the Iceni Queen Boadicea Boudica exploring her presence in British historical discourse from the early modern rediscovery of the works of Tacitus to the first historical films of the early twentieth century In doing so the book seeks to demonstrate the continuity and persistence of historical ideas across time and throughout a variety of media This focus on continuity leads into an examination of the nature of history as a cultural phenomenon and the implications this has for our own conceptions of history and its role in culture more generally While providing contemporary contextual readings of Boudica s representations Martha Vandrei also explores the unique nature of historical ideas as durable cultural phenomena articulated by very different individuals over time all of whom were nevertheless engaged in the

creative process of making history Thus this study presents a challenge to the axioms of cultural history new historicism and other mainstays of twentieth and twenty first century historical scholarship It shows how long before professional historians sought to monopolise historical practice audiences encountered visions of past ages created by antiquaries playwrights poets novelists and artists all of which engaged with articulated and even defined the meaning of historical truth This book argues that these individual depictions variable audience reactions and the abiding notion of history as truth constitute the substance of historical culture

Contemporary Mormon Pageantry Megan Sanborn Jones,2018-08-21 In *Contemporary Mormon Pageantry* theater scholar Megan Sanborn Jones looks at Mormon pageants outdoor theatrical productions that celebrate church theology reenact church history and bring to life stories from the Book of Mormon She examines four annual pageants in the United States the Hill Cumorah Pageant in upstate New York the Manti Pageant in Utah the Nauvoo Pageant in Illinois and the Mesa Easter Pageant in Arizona The nature and extravagance of the pageants vary by location with some live orchestras dancing and hundreds of costumed performers mostly local church members Based on deep historical research and enhanced by the author s interviews with pageant producers and cast members as well as the author s own experiences as a participant observer the book reveals the strategies by which these pageants resurrect the Mormon past on stage Jones analyzes the place of the productions within the American theatrical landscape and draws connections between the Latter day Saints theology of the redemption of the dead and Mormon pageantry in the three related sites of sacred space participation and spectatorship Using a combination of religious and performance theory Jones demonstrates that Mormon pageantry is a rich and complex site of engagement between theater theology and praxis that explores the saving power of performance

Tonic to the Nation: Making English Music in the Festival of Britain Nathaniel G. Lew,2016-07-01 Long remembered chiefly for its modernist exhibitions on the South Bank in London the 1951 Festival of Britain also showcased British artistic creativity in all its forms In *Tonic to the Nation* Nathaniel G Lew tells the story of the English classical music and opera composed and revived for the Festival and explores how these long overlooked components of the Festival helped define English music in the post war period Drawing on a wealth of archival material Lew looks closely at the work of the newly chartered Arts Council of Great Britain for whom the Festival of Britain provided the first chance to assert its authority over British culture The Arts Council devised many musical programs for the Festival including commissions of new concert works a vast London Season of almost 200 concerts highlighting seven centuries of English musical creativity and several schemes to commission and perform new operas These projects were not merely directed at bringing audiences to hear new and old national music but to share broader goals of framing the national repertoire negotiating between the conflicting demands of conservative and progressive tastes and using music to forge new national definitions in a changed post war world

Humphrey Jennings and British Documentary Film: A Re-assessment Mr Philip C Logan,2013-07-28 Humphrey Jennings ranks amongst the greatest film makers of twentieth century Britain Although

a relatively unknown figure to the wider public his war time documentaries are regarded by many including Lord Puttnam Lindsay Anderson and Mike Leigh as amongst the finest films of their time Groundbreaking both in terms of their technique and their interest in and respect for the everyday experiences of ordinary people these films are much more than mere government propaganda Instead Jennings work offers an unparalleled window into the British home front and the hopes fears and expectations of a nation fighting for its survival Yet until now Jennings has remained a shadowy figure with his life and work lacking the sustained scholarly investigation and reassessment they deserve As such film and social historians will welcome this new book which provides an up to date and thorough exploration of the relationships between Jennings life ideas and films Arguing that Jennings s film output can be viewed as part of a coherent intellectual exercise rather than just one aspect of the artistic interests of a wide ranging intellectual Philip Logan paints a much fuller and more convincing picture of the man than has previously been possible He shows for the first time exactly how Jennings s artistic expression was influenced by the fundamental intellectual social and cultural changes that shook British society during the first decades of the twentieth century Combining biography social history and international artistic thought the book offers a fascinating insight into Jennings his work the wider British documentary film movement and the interaction between art and propaganda Bringing together assessments of his tragically short life and his films this book is essential reading for anyone with an interest in British cinema or the social history of Britain in the 1930s and 40s Continuum Companion to Twentieth Century Theatre Colin Chambers,2006-05-14 International in scope this book is designed to be the pre eminent reference work on the English speaking theatre in the twentieth century Arranged alphabetically it consists of some 2500 entries written by 280 contributors from 20 countries which include not only top level experts but uniquely leading professionals from the world of theatre A fascinating resource for anyone interested in theatre it includes Overviews of major concepts topics and issues Surveys of theatre institutions countries and genres Biographical entries on key performers playwrights directors designers choreographers and composers Articles by leading professionals on crafts skills and disciplines including acting design directing lighting sound and voice The Pageant of America ,1927 *Great Britain and the East* ,1923

The British Consumer Co-operative Movement and Film, 1890s-1960s Alan Burton,2005-09-03 This volume provides a new study on the Co operative Movement s engagement with film for educational cultural and publicity purposes It provides insights into the political and commercial use of cinema in the 20th century and significantly extends our understanding of the achievements of workers cinema in Britain The Routledge Companion to Twentieth Century British Theatre and Performance Claire Cochrane,Lynette Goddard,Catherine Hindson,Trish Reid,2024-10-08 The Routledge Companion to Twentieth Century British Theatre and Performance provides a broad range of perspectives on the multiple models and examples of theatre artists enthusiasts enablers and audiences that emerged over this formative 100 year period This first volume covers the first half of the century constructing an equitable and inclusive history that is more representative of the

nation's lived experience than the traditional narratives of British theatre. Its approach is intra-national, weaving together the theatres and communities of England, Scotland, Wales, and Northern Ireland. The essays are organised thematically, arranged into sections that address nation, power and identity, fixity and mobility, bodies in performance, the materiality of theatre and communities of theatre. This approach highlights the synergies, convergences and divergences of the theatre landscape in Britain during this period, giving a sense of the sheer variety of performance that was taking place at any given moment in time. This is a fascinating and indispensable resource for undergraduate and graduate students, postgraduate researchers and scholars across theatre and performance studies, cultural studies and twentieth-century history.

Designing Modern Britain
Cheryl Buckley, 2007-10-01

British culture is marked by indelible icons: red double-decker buses, large oak wardrobes and the compact sleekness of the Mini. But British industrial and product design have long lived in the shadows of architecture and fashion. Cheryl Buckley here delves into the history of British design culture and in doing so uniquely tracks the evolution of the British national identity. *Designing Modern Britain* demonstrates how interior design, ceramics, textiles and furniture craft of the twentieth century contain numerous hallmark examples of British design. The book explores topics connected to the British design aesthetic, including the spread of international modernism, the eco-conscious designs of the 1980s and 1990s, and the influence of celebrity product designers and their labels. Buckley also investigates popular nostalgia in recent times, considering how museum and gallery exhibitions have been instrumental in reimagining Britain's past and how the heritage industry has fueled a growing trend among designers of employing images of British culture in their work. A thoughtful look at the aesthetic heritage of a nation that has left its footprint around the globe, *Designing Modern Britain* will be a valuable text for students and professionals in design.
