Aspiring to the Landscape

Petra Halkes, 2006-01-01 The idea of nature as a cultural construction has been discussed extensively in postmodern theory Less attention however has been paid to the underlying motivations shaping the ideologies of nature in particular the desire to submit to some larger order outside of oneself Aspiring to the Landscape examines this persistent desire and how it is made manifest in contemporary landscape art Four installations of large scale paintings by Canadian artists Eleanor Bond Susan Feindel Stephen Hutchings and Wanda Koop are the focus of Petra Halkes s study The works vary widely in style and iconography but are drawn together by the way they invite a reflection on the troubled relationship between culture and nature and our contradictory and simultaneous longing to conquer and to succumb to nature It is the tension between modern and postmodern interpretations of the subject of nature that makes the theory and the artwork discussed in Aspiring to the Landscape so important to contemporary Canadian culture

The Clowns of Comedy Richard Paul, Have you ever found yourself staring at the mirror wondering if your reflection was actually a clown No Well I certainly have And not just in the metaphorical sense You see this tale is not just about the challenges of transitioning from a world of make believe to the harsh realities of everyday life It s about what happens when your real world suddenly turns into a stage and your clown makeup refuses to come off This story is about three clowns let s call them Bongo Squeaky and Bobo who thought they knew everything about making people laugh They d been doing it for decades their faces painted with a blend of joy and absurdity But when their beloved circus folded their lives took a turn that was more slapstick than sublime The question wasn t just how they would find a new career it was how they would even make it to the job interview without drawing a crowd I m here to tell you it s a wild ride and not always a pretty one Prepare for awkward encounters unexpected celebrity and the hilarious struggle to find a place to rent when your landlord has a pathological fear of clowns This is a story for those who appreciate the absurdity of everyday life the joy of friendship and the occasional tickle of the funny bone

Greek Myths in Roman

Art and Culture Zahra Newby, 2016-09-15 Images of episodes from Greek mythology are widespread in Roman art
