The Papenberg Sisters:

History of Saint Augustine of Canterbury Parish, 1824-1974 Josephine Carole Wittenauer, 1974 **Offshore Ferry Services of England & Scotland** Peter C. Smith, 2012-03-30 The United Kingdom comprises thousands of islands and for many centuries transport between the main islands and the outlying communities has required reliable shipping routes both long and short haul for commerce trade and travel Ferries have become an essential means of transport for many outlying populations and down the years routes have continually changed and been adapted to meet the requirements of the period This remains so today with established ferry routes in a constant state of flux with the dire economic circumstances of the present imposing their own financial restraints upon routes and timetables This volume presents a snapshot of the major Offshore Ferry routes as they currently stand with details of the routes the ships and the amenities added to which are the outline histories of companies and links This volume encapsulates all these strands and should prove a useful aide to all travellers **The Deshima Diaries** ,2021-10-25 English translation of the marginalia or marginal notes that were added to the text of the Deshima Diaries from the 1670 s onwards in order to provide the Dutch chief of Deshima with a quick reference to the notes of his predecessors This volume covers the marginalia from the 1740 4800 diaries Providing the general public and especially those who have neither a command of Dutch nor of Japanese access to a fascinating period of Japanese history in which the Dutch played such a singular role At the same time the serious scholar wil obtain an easy key to the extremely rich holdings of the archive of the Deshima trading factory which covers a shelf length of more than forty meters in the National Archives in the Netherlands but which has been only rarely utilized by historians Japanologists or other scholars In the 1740s the Dutch East India Company VOC was in many ways at the height of its power The second half of the 18th century saw the decline of the Company from being the high and mighty and only trading company which covered from its base in Batavia Jakarta all of Asia with a network that stretched from Basra in Persia to Nagasaki in Japan to becoming a mere shadow of its former self with only a tenous hold on a few possessions in the Indonesian archipelago By the end of the century it had lost its establishments in South Africa India and Ceylon to the British and its fliet was gone However as a trading company it was dead but as a proto colonial producer it was actually doing quite well The basis of the present text are the Deshima Dagregisters their original tables of contents Vol VII 1740 1760 Vol VIII 1760 1780 Vol IX 1780 1790 Vol X 1790 1800 published in the Intercontinenta Series Nos 18 1993 19 1995 20 1996 and 21 1997 by the Institute for the History of European Expansion at Leiden University Scientific Publications of the Japan Netherlands Institute No 21 Published by the Japan Netherlands Institute Tokyo 2004 original ISBN 4930921066 **Merchant Ship Types** Alexander Arnfinn Olsen, 2023-01-24 Merchant Ship Types provides a broad and detailed introduction to the classifications and main categories of merchant vessels for students and cadets It introduces the concept of ship classification by usage cargo type and size and shows how the various size categories affect which ports and channels the types of vessels are permitted to

enter Detailed outlines of each major vessel category are provided including Feeder ship General cargo vessels Container ships Tankers Dry bulk carriers Multi purpose vessels Reefer ships Roll on roll off vessels The book also explains where these are permitted to operate the type of cargoes carried and specific safety or risk factors associated with the vessel class as well as their main characteristics Relevant case studies are presented The textbook is ideal for merchant navy cadets at HNC HND and foundation degree level in both the deck and engineering branches and serves as a general reference for insurance law logistics offshore and fisheries
