Tobin,2014-09-02 When polio paralyzed Franklin Roosevelt at thirty nine people wept to think that the young man of golden promise must live out his days as a helpless invalid He never again walked on his own But in just over a decade he had regained his strength and seized the presidency This was the most remarkable comeback in the history of American politics And as author James Tobin shows it was the pivot of Roosevelt s life the triumphant struggle that tempered and revealed his true character With enormous ambition canny resourcefulness and sheer grit FDR willed himself back into contention and turned personal disaster to his political advantage Tobin s dramatic account of Roosevelt s ordeal and victory offers central insights into the forging of one of our greatest presidents      *The Solution to the 'Son of Man' Problem* Maurice

Casey,2009-09-01 The opening chapter surveys the history of scholarship regarding the problematic use of the phrase son of man in the New Testament It also explains why this problem could not be solved until recently Casey then presents the relevant Aramaic evidence He offers a careful discussion of the use of the Aramaic term son of man in the light of over 30 examples of the use of this term by speakers who are referring to themselves Chapters 4 9 discuss authentic examples of this

idiom in the teaching of Jesus with Aramaic reconstructions of each saying All but one of these sayings is found in Mark or Q There is then a full discussion of secondary sayings in the Synoptic Gospels The first ones dependent on Daniel 7 13 belong to the earliest Gospel which also contains the results of translating genuine sayings of Jesus from Aramaic into Greek There is a discussion of the transition process between authentic Aramaic sayings of Jesus and Greek son of man sayings in the synoptic Gospels This argument builds on work in the field of translation studies and the work of ancient translators especially of the Septuagint Casey argues that Gospel translators deliberately translated both literally and creatively to produce a new Christological title It is this tradition that is evident in the Fourth Gospel its son of man sayings fit perfectly into Johannine theology The final chapter draws together a complete solution to this difficult problem      *Until Death: Every Defeat is Psychological* KHRITISH SWARGIARY,2024-09-01 In this book *Until Death Every Defeat is Psychological* we embark on a journey to explore the profound idea that all defeats be they personal professional or existential are fundamentally psychological This exploration is rooted in the belief that the narratives we create and the perceptions we hold about ourselves and our world dictate how we experience and overcome challenges The premise of this book is both simple and revolutionary the external world may present us with setbacks and failures but it is our psychological response to these events that truly determines the impact they have on our lives Defeat in essence is not an absolute condition imposed upon us by external forces but a construct of our own making The stories we tell ourselves about our failures and the meanings we ascribe to them shape our reality more than the events themselves      **Wake Up to Sleep** Charlie Morley,2021-10-26 From work related stress to the serious effects of trauma this book teaches practical techniques to achieve the best possible sleep Struggling with restless nights Achieve better sleep with this scientifically verified holistic approach to healing stress and trauma affected slumber Inspired by his work with military veterans sleep expert Charlie Morley explores how to combat the harmful effects of stress and trauma in order to achieve restful sleep and healing dreams This guide shares more than 20 body breath sleep and dreaming techniques all proven to help reduce anxiety improve sleep quality integrate nightmares increase your energy and transform your relationship with sleep You ll discover a five step plan that improves sleep quality in 87 per cent of participants the science of how stress and trauma affect sleep yoga nidra and mindfulness practices for deep relaxation breathwork practices to regulate the nervous system lucid dreaming methods to transform nightmares Whether you re experiencing stressed out sleep or not these powerful practices will help you optimize the time you spend dreaming so that you can sleep better and wake up healthier      **Monthly Cyclopedia and Medical Bulletin** ,1912      **Sleep Paralysis** Brian A. *The Light of the Moon* Randy Styner, 2013-03-31 One night in early 1976 the world of trauma medicine changed forever in a frozen Nebraska field where Dr James Styner crashed his small airplane with his wife and four children aboard The experience of the eight hours he spent isolated and awaiting rescue that never came his journey to the local hospital where he found inadequate care and his family s evacuation and arrival at the sanctity of Lincoln General Hospital compelled him to develop a revolutionary new concept of emergency medical care That night Advanced Trauma Life Support was born and grew to become the standard of emergency trauma care throughout the world Today it continues to save countless lives and it continues to grow This is the story of ATLS and that tragic night for the Styner family but it is also the story of the author s personal journey to find the truth about the accident that not only took the life of his mother but nearly took his and how doing so was one of the most important things he ever did
