

Neurology

Neurology is the study of the nervous system, which includes the brain, spinal cord, and peripheral nerves. It is a branch of medicine that deals with the diagnosis and treatment of disorders of the nervous system.

The nervous system is responsible for controlling and coordinating all the functions of the body. It consists of the central nervous system (CNS), which includes the brain and spinal cord, and the peripheral nervous system (PNS), which includes all the other nerves. The CNS is responsible for processing information and sending out instructions to the rest of the body. The PNS is responsible for carrying these instructions to the muscles and organs.
