### **Empowering the Past, Confronting the Future: The Duna People of Papua New Guinea** Andrew J.

Strathern, Pamela J. Stewart, 2004-06-11 How have the Aluni Valley Duna people of Papua New Guinea responded to the challenges of colonial and post colonial changes that have entered their lifeworld since the middle of the Twentieth Century Living in a corner of the world influenced by mining companies but relatively neglected in terms of government sponsored development these people have dealt creatively with forces of change by redeploying their own mythological themes about the cosmos in order to make claims on outside corporations and by subtly combining features of their customary practices with forms of Christianity attempting to empower their past as a means of confronting the future **What We Owe to**

**Future People** Elizabeth Finneron-Burns, 2024 What do we owe future people Intergenerational ethics is of great philosophical and practical importance given human beings ability to affect not only the quality of life of future people but also how many of them there will be if any at all This book develops a distinctly contractualist answer to this question we need to justify our actions to them on grounds they could not reasonably reject The book explores what future people could or could not reasonably reject in terms of intergenerational resource distribution individual procreative decisions optimal population size and risk imposition **The Future and the Past** Delmer Brown, Ichiro Ishida, 2023-04-28 The Future and the Past A Translation and Study of the Gukansh takes readers deep into the intellectual and cultural landscape of 13th century Japan offering a detailed translation and analysis of the Gukansh a pivotal historical work written by the Buddhist priest Jien in 1219 Amid social upheaval and the looming conflict between the Imperial Court and the military government Jien crafted a visionary interpretation of Japan s history blending Buddhist doctrines of kalpic decline and Shinto principles of divine intervention His work presents a unilinear course of historical change shaped by unseen forces he called Principles which pull Japan s trajectory alternately toward deterioration and revival Rooted in belief in the sacredness of Japan s Imperial line and its divine origins the Gukansh is as much a theological reflection as it is a political roadmap advocating for the cooperative governance of aristocratic and military leaders to secure a brighter future This edition combines decades of meticulous scholarship to illuminate Jien s complex worldview and its profound implications for Japanese history and thought Readers are invited to explore the interplay of religious belief political power and historical change as Jien sought to legitimize the Kujo house s role in leading Japan toward renewal By weaving genealogical analysis political advocacy and spiritual insight The Future and the Past offers a unique lens on how medieval Japanese society grappled with decline and envisioned pathways for recovery This translation not only preserves the nuances of Jien s narrative but also contextualizes his ideas for modern audiences shedding light on the enduring relevance of his vision of history This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high
