The Past Recaptured Marcel Proust,1932      **Time Regained** (時間 regained) Marcel Proust,2011-10-15      **Past Recaptured** Marcel Proust,1971-09      **Mimesis and Theory** René Girard,Robert Doran,2008 Mimesis and Theory brings together twenty previously uncollected essays on literature and literary theory by one of the most important thinkers of the past thirty years      *The Past is a Foreign Country - Revisited* David Lowenthal,2015-10 A completely updated new edition of David Lowenthal's classic account of how we reshape the past to serve present needs      *Time Regained* Marcel Proust,2017-06-07 Finding Time Again Le Temps retrouvé also translated as Time Regained and The Past Recaptured 1927 is the final volume in Proust's novel Much of the final volume was written at the same time as Swann's Way but was revised and expanded during the course of the novel's publication to account for to a greater or lesser success the then unforeseen material now contained in the middle volumes Terdiman 153n3 This volume includes a noteworthy episode describing Paris during the First World War      **Expression and Truth** Lawrence Kramer,2012-09-23 Vintage Kramer Musicology at its best and most responsible Expression and Truth is a tour de force that continues the author's longstanding commitment to understand music as a form of knowledge a critical but often marginalized element of the fundamental grammar of culture This singularly original extended essay shows why and how music expression in its most concentrated form is the key to deciphering that grammar Above all as Kramer's new book puts it we need not only to think about expression but also to think with it Amen and bravo Richard Leppert Regents Professor University of Minnesota      **Inner Experience** Georges Bataille,1988-01-01 His is a journey marked by the questioning of experience itself until what is reached is sovereign laughter non knowledge and a Presence in no way distinct from Absence where The mind moves in a strange world where anguish and ecstasy coexist

**Textual Responses to German Unification** Carol Anne Costabile-Heming,Rachel J. Halverson,Kristie A. Foell,2013-07-05 The unification of the two German states changed the geo political economic social and cultural borders of Germany and Europe This volume in three parts researches how East German and West German authors and directors reacted to these radical changes The basis of this research are fictional autobiographical journalistic and cinematic texts The authors and directors presented in this volume not only comment on the changes which they themselves experienced but also voice their changing attitudes to their own past within the divided Germany      Heritage, Culture, and Politics in the Postcolony Daniel Herwitz,2012-09-25 The act of remaking one's history into a heritage a conscientiously crafted narrative placed over the past is a thriving industry in almost every postcolonial culture This is surprising given the tainted role of heritage in so much of colonialism's history Yet the postcolonial state like its European predecessor of the eighteenth and nineteenth centuries deploys heritage institutions and instruments museums courts of law and universities to empower itself with unity longevity exaltation of value origin and destiny Bringing the eye of a philosopher the pen of an essayist and the experience of a public intellectual to the study of heritage Daniel Herwitz reveals the febrile pitch at which heritage is staked

In this absorbing book he travels to South Africa and unpacks its controversial and robust confrontations with the colonial and apartheid past He visits India and reads in its modern art the gesture of a newly minted heritage idealizing the precolonial world as the source of Indian modernity He traverses the United States and finds in its heritage of incessant invention small town exceptionalism and settler destiny a key to contemporary American media driven politics Showing how destabilizing ambivalent and potentially dangerous heritage is as a producer of contemporary social aesthetic and political realities Herwitz captures its perfect embodiment of the struggle to seize culture and society at moments of profound social change

*Nineteenth-Century Southern Literature* J. V. Ridgely,2021-12-14 Few inhabitants of the South in 1800 thought of it as a region or of themselves as southerners In time the need to defend the entire southern way of life became obsessive for many writers too often precluding efforts at originality in form or style Especially after the publication of Uncle Tom s Cabin southern identity and southern nationalism emerged as the grand themes and literature became subservient to regional

interests The devastation of the Civil War and the collapse of the Confederacy instead of pointing southern writers in new directions only intensified their preoccupation with a now dead past The popular genres of the time historical romance and local color writing became tools to voice this preoccupation and have been important influences on America's view of the South and on American literature in general The myth of the idyllic plantation South has had an extraordinary pervasiveness in the American consciousness J V Ridgely speculates on the ways in which this tarnished but durable myth helped to produce the powerful Southern Renaissance of the twentieth century in this concise survey of the literature of America's most distinctive region during a crucial formative period     The Mind of the Novel Bruce F. Kavin, 2006 From Moby Dick to The Unnamable from A Tale of a Tub to The Book of Questions Bruce Kavin explores the nature of self-conscious fiction and compares its structure to that of human consciousness Focusing on texts that confront their own limits by trying to name the unnamable the ineffable self Kavin draws on methods from literary criticism to systems theory to explain a variety of first person works that dance around the ungraspable subject     **Wedding Readings** Various, 1996-03-01 This rich collection of writings on the nature of love and commitment has long delighted brides and grooms of every denomination Culled from both sacred and secular texts and suitable for either traditional or informal wedding ceremonies these selections might be included in Catholic Protestant Jewish interfaith and non denominational exchanges of vows Among the passages appropriate for readings by parents friends or the bride and groom are selections from Plato and Sappho Rilke and Auden Ecclesiastes and Euripides Shakespeare and Donne pascal and Montaigne Emily Dickinson and Anne Morrow Lindbergh There are love songs from the Aztecs and Eskimos Hindu and African wedding prayers a Buddhist marriage homily a Shaker hymn and Irish blessing excerpts from Coptic Orthodox and Greek Orthodox marriage services and passages from the Old and New Testaments some familiar some surprising With myriad choices Wedding Readings will help you add a special personal touch to your marriage ceremony     The Moon as Witness Al Ferber, 2012-12-19 For eons and millennia the moon has overlooked the earth in all phases of development All the creatures however strange that have occupied the varied environs Humans the strangest of creatures by far have over their short time on the planet provided the moon with moments of both euphoria and despair The moon has witnessed everything crossing the full range of emotions and behaviours from bravery to depravity the horror and the comedy These poems are but snippets of the great tragicomedy
