The Patriot:

The Patriot's History Reader Larry Schweikart, Michael Allen, Dave Dougherty, 2011-06-28 An original collection of the most influential documents in American history from the bestselling author of *A Patriot's History of the United States* Since 2005 *A Patriot's History of the United States* has become a modern classic for its defense of America as a unique country founded on principles of justice equality and freedom for all *The Patriot's History Reader* continues this tradition by going back to the original sources the documents speeches and legal decisions that shaped our country into what it is today The authors explore both oft cited documents the Declaration of Independence Emancipation Proclamation and *Roe v Wade* as well as those that are less famous Among these are George Washington's letter to Alexander Hamilton which essentially outline America's military strategy for the next 150 years and Herbert Hoover's speech on business ethics which examines the government's role in regulating private enterprise By helping readers explore history at its source this book sheds new light on the principles and personalities that have made America great

The Old Stone House, Or, The Patriot's Fireside Joseph Alden, 1848 *The Patriot's Guide to Taking America Back* Charles Kraut, 2011 Every American over the age of fifteen needs to read this book the Constitution of the United States is the most important political document in the history of the human race it enshrines natural rights instead of the terribly destructive human rights which are being forced upon us Very few Americans Understand The Constitution which is why our government has been able to trample and discard it with little or no protest *The Patriot's Guide to Taking America Back* explains in simple clear language exactly how far we have moved from the Constitution and why America faces so many problems today most of which have been caused by our government *The Patriot's Guide* offers a plan by which Americans may take America back To The Constitution and regain the sacred freedoms we seem to be willing to throw away If you think something is terribly wrong in America today you're right *The Patriot's Guide* will help you Understand The problem And The solution

The Patriot Act Rebecca Stefoff, 2011 The history of the United States is in large part the history of its Landmark Legislation In this series the authors take the reader behind the scenes to show the drama that led to each bill's being passed and the effect each piece of legislation has had in the development of our country Each book includes an informative From Bill to Law feature which explains in easy to follow fashion how the process of legislation works *Patriot Act* tells the story of how the events of September 11 2001 led to the bill

Book jacket *The Patriot* Suzanne Fritz, Rachel Aberly, 2000 South Carolina 1776 at the start of the American Revolution one man struggled with the upheaval of political independence and his own secret past The making of this dramatic film about war and family is all captured in *The Patriot* The Official Companion Starring Mel Gibson and directed by Roland Emmerich Independence Day Complete with stills from the set special in depth interviews with the cast director and producers and information how the Smithsonian Institute helped oversee the production for historical accuracy this book is a visually stunning keepsake of the movie

The Patriot Evan S. Connell, 2014-05-13 Another brilliant example of Evan Connell's art *The Patriot* deals with an American boy who grew to maturity with World War II He had learned his father's patriotism and then through the impact of firsthand experience formulated his own Melvin Isaacs aged seventeen became a Navy Air Force cadet in 1942 His course of training as a flyer was an education in fear and death even though it had its wonderfully comic times and a sense of comradeship that was new to him Perhaps it was in the air for Melvin loved to fly that the first feelings of aloneness stirred his mind Melvin who queried the whys and wherefores of his regimented training life became despite all efforts to conform a maverick This portion of the novel is a touching and true mixture of human comedy and tragedy and it also embodies scenes of flight and danger that are unmatched for pure vividness and sensate realism The story of Melvin after the war is a continuation of the absurdities that can pursue a man so constituted that he must think for himself And here the implications of the novel become clear It is partly the age old story of a father and son in conflict of an older generation's notions that are insupportable to the younger a human dilemma that has no possible resolution It is also the story of Melvin's final rejection of war of his unshakeable conviction that a man today must think and act for the good of the planet Stephen Decatur's slogan notwithstanding With too many excellences to catalogue and extol the novel has a total effect of a new voice telling a new story of this old familiar world
