The Pbi (Memoirs of an Infantryman) Charles Hanaway, 2002-09-01      Schoolboy Soldier - 1914-1918 Memoir Bertram Armitage, 2018 An autobiographical account of an under age lad who managed to enlist in the British Army and fought in the First World War The book was developed later from the author s own contemporary field diaries and is ably illustrated with his own paintings His story is related candidly and with humour A good read      Monty's Men John Buckley, 2013-11-26 Historian John Buckley offers a radical reappraisal of Great Britain s fighting forces during World War Two challenging the common belief that the British Army was no match for the forces of Hitler s Germany Following Britain s military commanders and troops across the battlefields of Europe from D Day to VE Day from the Normandy beaches to Arnhem and the Rhine and ultimately to the Baltic Buckley s provocative history demonstrates that the British Army was more than a match for the vaunted Nazi war machine This fascinating revisionist study of the campaign to liberate Northern Europe in the war s final years features a large cast of colorful unknowns and grand historical personages alike including Field Marshal Sir Bernard Montgomery and the prime minister Sir Winston Churchill By integrating detailed military history with personal accounts it evokes the vivid reality of men at war while putting long held misconceptions finally to rest      The World War I Memoirs of Robert P. Patterson Gary J. Clifford, 2012-02-07 This memoir illuminates key aspects of the war experience the enthusiasm for fighting tensions with officers tedium with regard to noncombatant work the variety of trench experiences the sharp learning curve that the army underwent on the ground and the confusing nature of combat for ground troops As the centennial of the war approaches this well annotated memoir that connects Patterson s individual experiences to the larger U S experience of the war will appeal to general readers and specialists alike Jennifer D Keene author of World War I The American Soldier Experience A journalist once called Under Secretary of War Robert P Patterson the toughest man in Washington for his fervid efforts in managing U S mobilization in World War II The World War I Memoirs of Robert P Patterson A Captain in the Great War recounts Patterson s own formative military experiences in the First World War Written in the years following the conflict this is a remarkable rendering of what it was like to be an infantry line officer during the so called Great War Patterson started his military career as a twenty seven year old barely trained captain in the American Expeditionary Forces A E F He was part of the 306th Infantry Regiment of New York s famous 77th Statue of Liberty Division from July to November 1918 In this detailed account Patterson describes in understated yet vivid prose just how raw and unprepared American soldiers were for the titanic battles on the Western Front Patterson downplays his near death experience in a fierce firefight that earned him and several of his men from Company F the Distinguished Service Cross His depiction of the brutal Meuse Argonne battle is haunting the drenching cold rains the omnipresent barbed wire deep fog filled ravines the sweet stench of mustard gas chattering German machine guns crashing artillery shells and even a rare hot meal to be savored Dealing with more than just combat Patterson writes of the friendships and camaraderie among the

officers and soldiers of different ethnic and class backgrounds who made up the melting pot division of the 77th He betrays little of the postwar disillusionment that afflicted some members of the Lost Generation Editor J Garry Clifford s introduction places Patterson and his actions in historical context and illuminates how Patterson applied lessons learned from the Great War to his later service as assistant secretary under secretary and secretary of war from 1940 to 1947 J Garry Clifford a professor of political science at the University of Connecticut is the coauthor of America Ascendant American Foreign Relations since 1939 and The First Peacetime Draft as well as the coeditor of Presidents Diplomats and Other Mortals

General Mud; Memoirs of Two World Wars

Eedson Louis Millard Burns,1970      *Campaigning for Socialism: Memoirs of Max and Margaret Morris* Margaret Morris,2023-04-28 Equality of educational provision became one of the objectives of the Labour Party exactly a century ago Vigorous campaigning by the teachers trade unions and the Socialist Educational Association led to a period of progress in the 1960s to the early 1980s but this was later undermined Today the economic conditions and educational plight of British working class children are a disgrace and class divisions are greater than ever For many years Max was a key figure in these battles and his memoirs provide a clear picture of events and the political forces involved Readers must judge whether they provide an explanation for the lack of progress or could serve as a guide for the future Both Max and Margaret were active in wider socialist campaigning Max was a party loyalist whereas Margaret only stayed within a party while in agreement with its key policies She was a Labour Party activist and Council candidate in the 1950s but left over the failure to support CND Re joining later she left over the war in Iraq She had come to realise that First Past the Post undermines democracy The main targets of Margaret s campaigning were housing problems and widening access to Higher Education Max and Margaret shared objectives and actively assisted each other in their campaigns but did not always agree about the route forward So their memoirs provide two perspectives on past events      **British Infantry Battalion Commanders in the First World War**

Peter E. Hodgkinson,2016-04-15 Recent studies of the British Army during the First World War have fundamentally overturned historical understandings of its strategy and tactics yet the chain of command that linked the upper echelons of GHQ to the soldiers in the trenches remains poorly understood In order to reconnect the lines of communication between the General Staff and the front line this book examines the British army s commanders at battalion level via four key questions i How and where resources were found from the small officer corps of 1914 to cope with the requirement for commanding officers COs in the expanding army ii What was the quality of the men who rose to command iii Beyond simple overall quality exactly what qualities were perceived as making an effective CO and iv To what extent a meritocracy developed in the British army by the Armistice Based upon a prosopographical analysis of a database over 4 000 officers who commanded infantry battalions during the war the book tackles one of the central historiographical issues pertaining to the war the qualities of the senior British officer In so doing it challenges lingering popular conceptions of callous incompetence as well more scholarly criticism that has derided the senior British officer but has done so without a data driven perspective Through his thorough statistical analysis Dr Peter Hodgkinson adds a valuable new perspective to the historical debate underway regarding the nature of British officers during the extraordinary expansion of the Army between 1914 and 1918 and the remarkable yet often forgotten British victories of The Hundred Days      Somme 1916 Gerald Gliddon,2009-11-20 Set out topographically it covers everything from the famous battle sites of High Wood and Mametz Wood to obscure villages on the outlying flanks The British first began to take the Somme sector over from the French Army in June 1915 From this time onwards they built up a very close bond with the local population many of whom continued to live in local villages close to the

front line The author draws on the latest research and analysis as well as the testimony of those who took part to present all aspects of a battle that was to become a symbol of the horrors of the Great War **Memoirs of a Reluctant Gunner**

Vincent Gilbert, 2016-02-06 MEMOIRS OF A RELUCTANT GUNNER tells the story of Vincent Gilbert from his conscription into the British Army in 1943 through his time in India as a gunner in the 22nd Anti tank Regiment Vincent shares his experiences with clarity and wit his frank descriptions of the sorrows and difficulties of war softened by a ready and disarming humour Vinnie was born in Stafford England in 1925 and was educated at St Patrick s Elementary School and the College of Technology in that same town He was enlisted into the Royal Regiment of Artillery at the age of 18 and served in India He immigrated to Canada in 1965 and now lives in Guelph Ontario **Empty Casing** Fred Doucette, 2008 When Canadian soldier Fred Doucette went to Bosnia Herzegovina as a peacekeeper in 1995 he had a premonition that this tour of duty would be different from anything he had previously experienced And it was Doucette s tour quickly became an impossible task that took a huge toll on both the residents and his fellow peacekeepers Trapped in thier beloved city thousands of Sarajevans perished and yet Doucette found a home in the midst of this hell Billeted with a Bosnian family he was offered a window into a Sarajevo that few outsiders saw When the war ended Doucette returned to Canada to face another battle this one characterized by nightmares and brutal flashbacks Traumatized he had to face himself his family and his army once again but now there was no turning away no diversion in another foreign posting Empty Casing is the riveting story of the making and unmaking of a soldier and the growth of a man **Basra and Back** Matthew Okuhara, 2025-10-30 Basra and Back follows Salamanca Company a unit of British infantry deployed to Iraq as part of the peacekeeping effort after the 2003 invasion known as Operation TELIC Drawn from units in southwest England Salamanca Company wasted no time in assuming its duties providing security to the coalition s provisional government and navigating the tense dusty streets of Basra City Insurgents had infiltrated the city sowing discord among the population already grappling with shortages of essential resources like food water fuel and electricity The soldiers understood the gravity of the situation and braced themselves for civil unrest and worse knowing their deployment would lead them into even more dangerous territory For six months in 2004 the officers and men of The Rifle Volunteers found themselves as reservists on the frontline Now that the war had been won it was time to win the peace Told through the eyes of Matthew Okuhara a young soldier called into regular service Basra and Back gives a true and overlooked account of the UK s military reserve at war Narrated with an abstract sense of humour Matthew is initially out of place but eventually discovers his role as the unit medic within 3 Platoon The book also covers the military history of reserve soldiers during the War on Terror with the deployment of so many volunteers marking a historic moment for the British Army as was the first time in nearly half a century that a formed unit of reservists is deployed in a ground holding role since the Suez Crisis an experiment that created a strategy that continued in military deployments for years to come *Poor Bloody Infantry* W. H. A. Groom, 1976 *Remembering the Great War* Ian Andrew

Isherwood, 2017-02-28 The horrors and tragedies of the First World War produced some of the finest literature of the century including *Memoirs of an Infantry Officer* Goodbye to All That the poetry of Wilfred Owen and Edward Thomas and the novels of Ford Madox Ford Collectively detailing every campaign and action together with the emotions and motives of the men on the ground these war books are the most important set of sources on the Great War that we have Through looking at the war poems memoirs and accounts published after the First World War Ian Andrew Isherwood addresses the key issues of wartime historiography patriotism cowardice publishers and their motives readers and their motives masculinity and propaganda He also analyses the culture society and politics of the world left behind Remembering the Great War is a valuable fascinating and stirring addition to our knowledge of the experiences of WWI

*My Autobiography* Murray Walker, 2002 The voice of motor racing and the man responsible for introducing millions of viewers to the previously inaccessible world of Formula 1 tells the story of his incident packed life Murray Walker is an institution When the man who made famous the catchphrase Unless I'm very much mistaken I AM very much mistaken announced that he was retiring as ITV's Grand Prix commentator at the end of the 2001 season the media reacted as if the sport itself was losing one of its biggest stars His reputation for mistakes was the making of Walker He was the fan who happened to be given the keys to the commentary box and never wanted to give them back His high octane delivery kept viewers on the edge of their seats while his passion for talking about the sport he loved was matched by an all encompassing knowledge gained through hours of painstaking research before every race In fact he's a throwback to another age who managed to survive and indeed prosper from the revolutions in motor racing In his book he writes about his childhood and the influence that his father British motorcycle champion Graham Walker had on his career Failing to match his father's achievements on the track he made a successful career for himself in advertising which catapulted him to the top of his profession An offer from the BBC to take over the commentary seat for their F1 broadcasts was manna from heaven for Walker and it wasn't long before the infamous Murrayisms enlivened a sport which until then had been shrouded in a cloak of unfathomable technical jargon and mind numbing statistics He also talks about the biggest changes in the sport over the last 50 years in particular the safety issues which came to the fore after the tragic death of Ayrton Senna His partnership with James Hunt behind the microphone is the subject of some hilarious anecdotes while his views on drivers such as Damon Hill Jacques Villeneuve Eddie Irvine and David Coulthard make for fascinating reading

**Battle Exhaustion** J. T. Copp, Bill McAndrew, 1990 When Canadian troops cracked mentally their commanders could not understand that strict discipline and good training were not enough to keep battle exhaustion in check Some Canadian doctors using energy and common sense understood the problem better

*The Crusading General* Julian Paget, 2009-04-20 Bernard Paget enjoyed a hugely successful military career which culminated in his top level appointments in WW2 As C in C Home Forces and the C in C 21st Army Group he was responsible for preparing the Army for the long awaited Second Front in Europe in 1944 To his lasting chagrin he was not to use in battle the weapon that he had

shaped and tempered He proved himself both a gallant soldier in the Great War and a shrewd commander in the dire conditions of the ill fated Norway campaign It was as a trainer that he excelled and this ideally fitted him for his wartime appointments An irascible brusque and at times downright rude man possibly due to constant pain from his war wounds he nonetheless worked well with Alanbrooke the CIGS but he had like many others a stormy relationship with Monty who to Pagets deep disappointment took over 21st Army Group from him prior to D Day Paget was made Commander in Chief in the Middle East a key post previously held by Wavell Alexander and Jumbo Wilson This book throws fresh light on other major World War II figures After retiring in 1946 he pursued a full career both in education and charities Although one of the most influential generals of his time due to circumstances and possible character he was regarded as always the bridesmaid and never the bride But his contribution to victory cannot be overestimated      History in Dispute: World War I, first series Dennis E. Showalter,2000 Each volume of the History in Dispute series has a thematic era or subject specific focus that coincides with the way history is studied at the academic level Each volume contains roughly 50 entries chosen by a board of historians and academics      *The Memoirs of a Malayan Official* Victor Purcell,1965
