The Peace We Can't Reach Meg Gorzycki, 2023-09-28 Propelled by George Floyd's murder in her hometown of Minneapolis Meg Gorzycki addresses the question of why peace is difficult to cultivate and sustain and finds that America has always had a love hate relationship with peace The Peace We Can't Reach posits that peace is more than the absence of war and aggression and in its most profound sense is shalom the commitment to live for the well being of all so that compassion and justice might prevail Exploring shalom from the perspective of war police brutality mass shootings and economic injustice this book offers evidence that neither democracy nor Christianity as Americans have known them are capable of achieving peace It asserts that the keys to peace are personal and social narratives that give people a sense of identity and their highest purpose and concludes that gaining control over these narratives is vital to shalom *A History of the Peace Conference of Paris* Harold William Vazeille Temperley, 1920 **Surviving the Peace** Peter Lippman, 2019-11-15 Surviving the Peace is a monumental feat of ground level reporting describing two decades of postwar life in Bosnia specifically among those fighting for refugee rights of return Unique in its breadth and profoundly humanitarian in its focus Surviving the Peace situates digestible explanations of the region's bewilderingly complex recent history among interviews conversations and tableaux from the lives of everyday Bosnians attempting to make sense of what passes for normal in a postwar society Essential reading for students of the former Yugoslavia and anyone interested in postwar or post genocide studies Surviving the Peace is an instant classic of long form reporting an impossible accomplishment without a lifetime of dedication to a place and people *The Advocate of Peace*, 1903 *The Peace Discourse in Europe, 1900-1945* Alberto Castelli, 2018-09-03 This book charts ideas European intellectuals mostly from Great Britain France Germany and Italy put forward to solve the problem of war during the first half of the twentieth century a period that began with the Anglo Boer war and that ended with the explosion of the atomic bombs on Hiroshima and Nagasaki Such ideas do not belong to a homogeneous tradition of thought but can be understood as a unique discourse that takes different characteristics according

to the point of view of each author and of the specific historical situation *The Peace* Romeo Dallaire, 2024-04-02

International humanitarian icon and bestselling author General Rom o Dallaire guides readers on a crucial and inspiring journey from past wars through post modern conflict toward a vision of lasting peace In *The Peace* Rom o Dallaire shows us the past present and future of war through the prism of his own life Trained in classic warfare during the Cold War era of mutual deterrence Dallaire in good faith commanded the UN s peacekeeping mission for Rwanda in 1994 only to see the country abandoned and descend into the hell of genocide The battered tortured warrior who emerged from that catastrophe grew determined to help repair the new world disorder to prevent genocide abolish the use of child soldiers and find ways to intervene in even prevent conflicts in defence of humanity And so Dallaire helped advance the doctrines of Responsibility to Protect and the Will to Intervene only to witness those initiatives falter because of the same old power politics national self interest and general indifference that had allowed the genocide in Rwanda to unfold unchecked In his final act Dallaire has become a warrior working towards a better future in which those old paradigms are rejected and replaced In *The Peace* he calls out the elements that undermine true security because they reinforce the dangerous self interested belief that balance of power and truces are the best we can do Too often we say we are at peace because the bombs are falling elsewhere and we ourselves are not under attack Dallaire shows us a path instead to what he calls the peace a state where above all else humanity values the ties that bind us and the planet together and acts accordingly This book is the cri de coeur of a warrior who has been to hell and back and hopes to help guide us to a better place **Challenging Essays in Modern Thought**

Joseph Morris Bachelor, Ralph Ledyard Henry, 1928 **Monthly Bulletin** St. Louis Public Library, 1924 Teachers bulletin vol 4 issued as part of v 23 no 9 **The Transformation of Peace** O. Richmond, 2016-01-08 This book examines the transformation of the discourse and praxis of peace from its early beginnings in the literature on war and power to the development of intellectual and theoretical discourses of peace contrasting this with the development of practical approaches to peace and examining the intellectual and policy evolution regarding peace *Messenger of Peace* , 1928 **History of the Peace** Harriet Martineau, 1865 **Congressional Record** United States.
