Reward, Punishment, and Forgiveness Joze Krasovec, 2014-09-03 This book deals with central and universal issues of reward punishment and forgiveness for the first time in a compact and comprehensive way Until now these themes have received far too little attention in scholarly research both in their own right and in their interrelationship The scope of this study is to present them in relation to the foundations of our culture These and related issues are treated primarily within the Hebrew Bible using the methods of literary analysis The centrality of these themes in all religions and all cultures has resulted however in a comparative investigation drawing attention to the problem of terminology the importance of Greek culture for the European tradition and the fusion of Greek and Jewish Christian cultures in our modern philosophical and theological systems This broad perspective shows that the biblical personalist understanding of divine authority and of human righteousness or guilt provides the personalist key to the search for reconciliation in a divided world

The Priesthood of All Believers and the Missio Dei Henry Joseph Voss, 2016-10-25 The priesthood of all believers is a pillar undergirding Protestant ecclesiology Yet the doctrine has often been used to serve diverse agendas This book examines the doctrine s canonical catholic and contextual dimensions It first identifies the priesthood of all believers as a canonical doctrine based upon the royal priesthood of Christ and closely related to the believer s eschatological temple service and offering of spiritual sacrifices chapters 1-3 It secondly describes its catholic development by examining three paradigmatic shifts shifts especially associated with Christendom chapters 4-6 and a suppression of the doctrine s missional component Finally the book argues that a Christian doctrine of the priesthood of all believers should be developed with a Christocentric Trinitarian understanding of the missio Dei This suggests there are especially appropriate ways for the royal priesthood to relate to the Father to the Son and to the Holy Spirit A canonically and catholically informed priesthood of all believers leads contextually to particular ecclesial practices These seven practices are 1 Baptism as public ordination to the royal priesthood 2 Prayer 3 Lectio Divina 4 Ministry 5 Church Discipline 6 Proclamation and 7 the Lord s Supper as the renewal of the royal priesthood

Sharing the Journey Robert Wuthnow, 1996-07-01 A look at how support groups have affected American society argues that although support groups provide a warmth and security that holds society together they can lead to an unhealthy self absorption and a trivialized sense of what is sacred

Wisdom in Theology Ronald Ernest Clements, 2006-08-01 In this book respected Old Testament scholar Ronald Clements explores and elucidates a much debated subject the place and significance of the Old Testament wisdom writings in Jewish and Christian theology Based on the Didsbury Lectures delivered by Clements at British Isles Nazarene College in October 1989 Wisdom in Theology first looks at the wisdom

tradition in terms of its ancient Near Eastern background its distinctiveness in Israelite life and its historical development Clements then discusses major wisdom themes under various headings 1 wisdom and the world 2 wisdom and health 3 wisdom and politics 4 wisdom and the household and 5 wisdom and the divine realm In explicating the unique role of the wisdom tradition particularly in post exilic Israel Clements shows how wisdom as opposed to the torah and prophecy provided the Jews of the dispersion with the basis for a new noncultic universalistic worldview Clements s scholarly discussion demonstrates to modern readers how much is yet to be learned regarding the inheritance of wisdom from the ancient world

Holiness and Community in 2 Cor 6:14-7:1 J. Ayodeji Adewuya, 2011-02-01 This book examines 2 Cor 6 14 7 1 and argues that its theological message is communal holiness It culminates in an attempt to posit a Pauline theology of corporate sanctification in the Corinthian correspondence Paul s view of sanctification it is argued should be seen as multifaceted relational communal ethical and mission oriented Thus a coherent picture of Pauline teaching on holiness in the Corinthian correspondence emerges from this book For Paul the focus of God s redemptive activity is primarily the community and not the individual Paul s view on holiness has to do with communal holiness within the people of God the goal of which is to make God known to the wider society In sum this book argues that the teaching on holiness should not be and cannot be satisfactorily explained in terms of the individual but only as the individual stands in relation to the community of faith Thus the conclusion offers a corrective to some strands of modern interpretation that emphasize the individualistic experiential aspects of Christian holiness thus tending to reduce Christian holiness to morality
