
SPHERES of JUSTICE

*A Defense of
Pluralism and Equality*

Michael Walzer

Spheres Of Justice A Defense Of Pluralism And Equality

Gillian Brock, Darrel Moellendorf

Spheres Of Justice A Defense Of Pluralism And Equality:

Spheres Of Justice Michael Walzer,1983-04-12 The distinguished political philosopher and author of the widely acclaimed *Just and Unjust Wars* analyzes how society distributes not just wealth and power but other social goods like honor education

Spheres of Justice Michael Walzer,1983-01 **Spheres Of Justice** Michael Walzer,1984-09-25 The distinguished political philosopher and author of the widely acclaimed *Just and Unjust Wars* analyzes how society distributes not just wealth and power but other social goods like honor education work free time even love

Spheres of Justice Michael Walzer,1983 **Walzer and Justice: Spheres of Justice in the 2020s** J. Toby Reiner,2025-07-28 The book offers a collection of essays that reinterpret and reimagine Michael Walzer's classic work *Spheres of Justice* as an important contribution to political theorizing about justice in the 2020s It highlights the social democratic nature of Walzer's theory of justice as a significant aid to rethinking egalitarian politics today as well as some of the deeper structural elements of the theory such as Walzer's interpretivism and pluralism As a result it both offers the most wide ranging and up to date account of this important book and rethinks some of the major contributions that it has made to political theory and philosophy Contributors include several senior scholars who are among Walzer's foremost and most long standing interlocutors as well as some of the younger scholars who have done important work in Walzer studies The volume will stand alongside Palgrave Macmillan's *Walzer and War* as a crucial companion to Walzer's other major book *Just and Unjust Wars*

Justice of Marxism Zhang Xiaomeng,2023-10-11 This book analyzes Marxian theories of justice within the context of contemporary political philosophy and intellectual history Transcending perspectives from classical Marxism the author analyzes how Western Marxism has engaged with critically and responded to the theories of justice especially since the 1970s The nine chapters cover major intellectual movements and multi dimensional frameworks of thought that critique and understand anew the idea of justice including anglophone debates on Marxism and justice global distributive justice and viewpoints from analytical Marxism radical egalitarianism the Frankfurt School Marxian feminism and ecological Marxism The second part of the book returns to the classical texts of Marxism with a focus on historical materialism and a critique of capitalism to reinterpret basic tenets of justice in Marxism and to reconstruct Marxian theory of justice This title will be of value to scholars and students interested in theories of justice Marxian philosophy and political philosophy

Eight Theories of Justice Karen Lebacqz,Matthew J. Gaudet,2025-04 *Eight Theories of Justice* presents ideas of justice in political philosophy and theological ethics utilitarianism liberalism libertarianism communitarianism Catholic social teaching Christian realism liberation theology and womanism Each chapter introduces the major elements of a theory and an assessment of its value for living justly

Current Debates in Global Justice Gillian Brock,Darrel Moellendorf,2005-03-22 The papers collected in this volume represent some of the finest recent work by political philosophers and political theorists in the area of global justice Covering both theoretical and applied issues these papers are distinguished by their exceptional quality Moreover they give

the reader a sense both of the scope of the field as it is currently emerging and the direction that the debates seem to be taking This anthology is essential reading for anyone serious about understanding the current pressing issues in Global Justice Studies With contributions from Richard Arneson Charles Beitz Luis Cabrera Omar Dahbour Robert Goodin Dale Jamieson John Lango David Miller Thomas Pogge Sanjay Reddy Mathias Risse Gopal Sreenivasan and James Sterba

Confucian Democracy in East Asia Sungmoon Kim,2014-02-24 This book explores a mode of democracy that is culturally relevant and socially practicable in the contemporary pluralistic context of historically Confucian East Asian societies by critically engaging with the two most dominant theories of Confucian democracy Confucian communitarianism and meritocratic elitism The book constructs a mode of public reason and reasoning that is morally palatable to East Asians who are still saturated in Confucian customs by reappropriating Confucian familism and using this perspective to theorize on Confucian democratic welfarism and political meritocracy It then applies the theory of Confucian democracy to South Korea arguably the most Confucianized society in East Asia and examines the theory s practicality in Korea s increasingly individualized pluralized and multicultural society by looking at cases of freedom of expression freedom of association insult law and immigration policy Encyclopedia of Business Ethics and Society Robert W. Kolb,2008 This encyclopedia spans the relationships among business ethics and society with an emphasis on business ethics and the role of business in society

Tianxia in Comparative Perspectives Roger T. Ames,Sor-hoon Tan,Steven Y. H. Yang,2023 Tianxia conventionally translated as all under Heaven in everyday Chinese parlance simply means the world But tianxia is also a geopolitical term found in canonical writings that has a deeper historical and philosophical significance Although there are many understandings of tianxia in this literature interpretations within the Chinese process cosmology generally begin with an ecological understanding of intra national relations that acknowledge the mutuality and interdependence of all economic and political activity This volume contextualizes the tianxia vision of geopolitical order within a variety of strategies drawn from a broad spectrum of cultures and peoples Buddhist Islamic Indian African Confucian European The conversation among the contributors is guided by several central questions Is tianxia the only model of cosmopolitanism Are there ideas and ideals comparable to tianxia that exist in other cultures What alternative perspectives of global justice have inspired Western Indian Islamic Buddhist and African cultural traditions The fundamental premise here is that in order for a planetary tianxia system to be relevant and significant for the present time and for our vision of the future it must acknowledge the plurality of moral ideals defining the world s cultures while at the same time seek practical ways to formulate a minimalist morality that can provide the solidarity needed to bring the world s people together **Efficiency, Justice and Care** Yvonne Denier,2007-03-06 Since the 90 s issues of scarcity priority setting and rationing lie at the centre of most current debates on health care These are pressing issues one way or another limits have to be set As such the question of what is involved in just health care becomes much more complex This complexity can be represented as an inconsistent triad a set of three

propositions of which any two are compatible but which together form a contradiction In the case of health care the three rival values are social efficiency justice and decent quality care It seems to be that we can have any two but not all three Essentially the central question is the following how best to square the proverbial welfare circle How can resources be matched to needs or needs to resources in socially acceptable and economically feasible ways This book attempts to answer the question how health care can be incorporated into a comprehensive theory of justice while realising an acceptable balance between efficiency justice and care *Constitutive Justice* William A. Barbieri, 2015-09-15 Both classical and modern accounts of justice largely overlook the question of how the communities within which justice applies are constituted in the first place This book addresses that problem arguing that we need to accord a place to the theory of constitutive justice alongside traditional categories of distributive and commutative justice **The Right to Justification** Rainer Forst, 2012 Contemporary philosophical pluralism recognizes the inevitability and legitimacy of multiple ethical perspectives and values making it difficult to isolate the higher order principles on which to base a theory of justice Rising up to meet this challenge Rainer Forst a leading member of the Frankfurt School s newest generation of philosophers conceives of an autonomous construction of justice founded on what he calls the basic moral right to justification Forst begins by identifying this right from the perspective of moral philosophy Then through an innovative detailed critical analysis he ties together the central components of social and political justice freedom democracy equality and toleration and joins them to the right to justification The resulting theory treats justificatory power as the central question of justice and by adopting this approach Forst argues we can discursively work out or construct principles of justice especially with respect to transnational justice and human rights issues As he builds his theory Forst engages with the work of Anglo American philosophers such as John Rawls Ronald Dworkin and Amartya Sen and critical theorists such as Jürgen Habermas Nancy Fraser and Axel Honneth Straddling multiple subjects from politics and law to social protest and philosophical conceptions of practical reason Forst brilliantly gathers contesting claims around a single elastic theory of justice *Torts, Egalitarianism and Distributive Justice* Tsachi Keren-Paz, 2018-12-20 This book argues from a normative perspective for the incorporation of an egalitarian sensitivity into tort law and more generally into private law It shows how an egalitarian sensitivity can reformulate tort doctrine with an emphasis on the tort of negligence Rather than a comprehensive descriptive account of existing tort law this book pro actively searches for new approaches and conceptual tools to meet the challenges faced by egalitarians The understanding of tort law offered in this book will bring about better practical results in specific cases It supports the progressive troops in the ongoing philosophical and social battles that take place in the field of tort law and also adds another voice rich nuanced and sensitive to the chorus that is tort theory **Moral Theory and Moral Judgments in Medical Ethics** B.A. Brody, 2012-12-06 principles A second solution to this problem is to develop a scale for weighing the significance of the conflicting principles in a given case and for concluding which action should be adopted because it is

supported by the weightier considerations in that case. Such a solution seems more realistic than the lexical ordering approach but the development of such a scale is a problematic task. Still other more complex solutions are possible. Which is the best solution to this problem of conflicting principles of bioethics? We need a moral theory to answer that question. This is the first reason for concluding that the principles of bioethics are not the true foundations of justified judgment in bioethics. What is the problem of the unclear scope and implications of the principles of bioethics and how can an appeal to moral theory help deal with that problem? The scope of a bioethical principle is the range of cases in which it applies. The implications of a bioethical principle are the conclusions to be derived from that principle in those cases in which it applies. It is clear from a review of the discussions in bioethics that there are major unclaritys about the scope and implications of each of the principles. Consider for example the principle of autonomy.

The Oxford Handbook of Citizenship Ayelet Shachar, Rainer Bauboeck, Irene Bloemraad, Maarten Vink, 2017-08-03. Contrary to predictions that it would become increasingly redundant in a globalizing world, citizenship is back with a vengeance. The Oxford Handbook of Citizenship brings together leading experts in law, philosophy, political science, economics, sociology, and geography to provide a multidisciplinary comparative discussion of different dimensions of citizenship: as legal status and political membership; as rights and obligations; as identity and belonging; as civic virtues and practices of engagement; and as a discourse of political and social equality or responsibility for a common good. The contributors engage with some of the oldest normative and substantive quandaries in the literature: dilemmas that have renewed salience in today's political climate. As well as setting an agenda for future theoretical and empirical explorations, this Handbook explores the state of citizenship today in an accessible and engaging manner that will appeal to a wide academic and non-academic audience. Chapters highlight variations in citizenship regimes practiced in different countries, from immigrant states to non-western contexts, from settler societies to newly independent states, attentive to both migrants and those who never cross an international border. Topics include the selling of citizenship, multilevel citizenship, in-between statuses, citizenship laws, post-colonial citizenship, the impact of technological change on citizenship, and other cutting edge issues. This Handbook is the major reference work for those engaged with citizenship from a legal, political, and cultural perspective. Written by the most knowledgeable senior and emerging scholars in their fields, this comprehensive volume offers state-of-the-art analyses of the main challenges and prospects of citizenship in today's world of increased migration and globalization. Special emphasis is put on the question of whether inclusive and egalitarian citizenship can provide political legitimacy in a turbulent world of exploding social inequality and resurgent populism.

Justice in Global Health Himani Bhakuni, Lucas Miotto, 2023-10-24. Rather than making another attempt at proposing a single and unifying theory of global health justice, this timely collection brings together instead scholars from a range of traditions to frame the issue more broadly, highlighting not only different perspectives but also key topics and debates. The volume features chapters that offer both new theoretical approaches to global health justice.

as well as fresh takes on existing frameworks Others adopt a bottom up approach to tackle specific problems including the sexual rights of children and adolescents artificial intelligence AI in medicine framing of neglected tropical diseases securitization of health and trademarks in global health Brought together within one volume the breadth of these chapters provides a unique and enlightening contribution to the wider Global Health field This important volume will be a fascinating read for students and researchers across Global Health Bioethics Political Philosophy and Global Development

Philosophy in a Time of Lost Spirit Ronald Beiner, Conference for the Study of Political Thought, 1997-01-01 In this collection of his essays and reviews Ronald Beiner probes the boundaries of our social world and develops his own intellectual challenge to liberalism in a critical review of contemporary thinkers Varieties of World Making Nathalie Karagiannis, Peter Wagner, 2007-01-01 Globalization has been the topic of heated debate in recent years with one side asserting that it will produce a better standard of living for people around the world and a fierce opposition arguing that it will ultimately lead to greater poverty and the destruction of unique human cultures Varieties of World Making tackles the issue from a different angle proposing that the contemporary global network of business politics and culture be viewed from the inter disciplinary perspective of world making Drawn from the ranks of sociology law international relations political philosophy and history the distinguished contributors cut through polarized rhetoric to examine the current global situation Their proposed diagnoses draw upon thoughtful analyses of various political dilemmas whose ripple effects are felt around the world such as the volatile relationship between Islam and Europe or the legal foundations for a true international order absent in the shadows of imperialism Varieties of World Making will be an essential resource for all those grappling with the complex consequences of globalization for the future

When somebody should go to the book stores, search initiation by shop, shelf by shelf, it is in fact problematic. This is why we present the ebook compilations in this website. It will completely ease you to look guide **Spheres Of Justice A Defense Of Pluralism And Equality** as you such as.
