In the foreground, a checkered floor leads towards the towers. A hot air balloon is visible on the right, and a small, dark, winged figure is perched on the web. The sky is a deep blue.

Jeff Menne, Christian B. Long, 2015-02-20 The contention of *Film and the American Presidency* is that over the twentieth century the cinema has been a silent partner in setting the parameters of what we might call the presidential imaginary This volume surveys the partnership in its longevity placing stress on especially iconic presidents such as Lincoln and FDR The contributions to this collection probe the rich interactions between these high institutions of culture and politics Hollywood

and the presidency and argue that not only did Hollywood acting become an idiom for presidential style but that Hollywood early on understood its own identity through the presidency's peculiar mix of national epic and unified protagonist. Additionally, they contend that studios often made their films to sway political outcomes; that the performance of presidential personae has been constrained by the kinds of bodies for so long white and male that have occupied the office such that presidential embodiment obscures the body politic and that Hollywood and the presidency may finally be nothing more than two privileged figures of media age power.

World Construction via Networking Christopher Joseph Hansen, 2024-03-04

With the mainstream's growing acceptance of worlds and storytelling spread among several different texts (e.g., films, television series, novels, and comics), this pioneering study employs a multidisciplinary approach combining transmediality, network theory, and narratology to analyze the narrative network of the Marvel Cinematic Universe. In this analysis, Christopher Hansen thoroughly examines storytelling techniques while providing a fresh theoretical framework to develop a structural model for interconnected narratives. He redefines our understanding of narrative dynamics in one of the most successful cinematic franchises of all time.
