how it fitted into the Allied war effort in the French theatre of operations **Gideon's Spies** Gordon Thomas, 2025-09-23 In the secret world of spies and covert operations no other intelligence service continues to be as surrounded by myth and mystery as the Mossad Gordon Thomas reveals that all too often the truth exceeds all the fantasies about the Mossad Revised and updated for 2015 this new edition includes Mossad's secret meeting in 2013 with Saudi Arabia's intelligence chief to plan for Israel to use Saudi to attack Iran should the Geneva discussion fail to be honored by Iran The attack on Iraq's nuclear reactor that will be the flight path to an attack on Iran's nuclear facilities Mossad's new cyber war unit preparing to launch its own pre-emptive strike Why Mossad's former director Meir Dagan has spoken out against an attack on Iran Mossad agents who operate in the Dark Side of the internet to track terrorists Mossad's drone and its first killing Mossad's role in the defense of Israel's Embassy in Cairo during the Arab Spring An introduction to Mossad's new director Tamir Pardo These and other stunning details combine to give Gideon's Spies the sense of urgency and relevance that is characteristic of truly engrossing nonfiction *Flypast*, 2007 [Spies, Supplies, and Moonlit Skies](#) Thomas L. Ensminger, 2001 Beskriver specialenheder i USAAF's 8th Air Force og deres operationer fra England for v benedkastninger og anden st tte til navnlig den franske modstandsbev gelse under 2 verdenskrig **The Siege of Malta (St. Angelo)** S. Fowler Wright, 2022-08-16 DigiCat Publishing presents to you this special edition of The Siege of Malta St Angelo by S Fowler Wright DigiCat Publishing considers every written word to be a legacy of humankind Every DigiCat book has been carefully reproduced for republishing in a new modern format The books are available in print as well as ebooks DigiCat hopes you will treat this work with the acknowledgment and passion it deserves as a classic of world literature *Spies and Commandos* Kenneth Conboy, Dale Andradé, 2000-03-16 During the Vietnam war the United States sought to undermine Hanoi's subversion of the Saigon regime by sending Vietnamese operatives behind enemy lines A secret to most Americans this covert operation was far from secret in Hanoi all of the commandos were killed or captured and many were turned by the Communists to report false information Spies and Commandos traces the rise and demise of this secret operation started by the CIA in 1960 and expanded by the Pentagon beginning in 1964 in the first book to examine the program from both sides of the war Kenneth Conboy and Dale Andrade interviewed CIA and military personnel and traveled in Vietnam to locate former commandos who had been captured by Hanoi enabling them to tell the complete story of these covert activities from high level decision making to the actual experiences of the agents The book vividly describes scores of dangerous missions including raids against North Vietnamese coastal installations and the air dropping of dozens of agents into enemy territory as well as psychological warfare designed to make Hanoi believe the resistance movement was larger than it actually was It offers a more complete operational account of the program than has ever been made available particularly its early years and ties known events in the war to covert operations such as details of the 34 A Operations that led to the Tonkin Gulf incidents in 1964 It also explains in no uncertain terms why the whole plan was doomed to failure from the start One of the remarkable

features of the operation claim the authors is that its failures were so glaring They argue that the CIA and later the Pentagon was unaware for years that Hanoi had compromised the commandos even though some agents missed radio deadlines or filed suspicious reports Operational errors were not attributable to conspiracy or counterintelligence they contend but simply to poor planning and lack of imagination Although it flourished for ten years under cover of the wider war covert activity in Vietnam is now recognized as a disaster Conboy and Andrade s account of that episode is a sobering tale that lends a new perspective on the war as it reclaims the lost lives of these unsung spies and commandos **Militaria magazine** ,2007
