In a Series of Lectures Samuel Dickson, 1839 **Fallacies of the Faculty, Being the Spirit of the Chronothermal System. In a Series of Lectures** Samuel Dickson (M.D.), 1862 **The Birth of Homeopathy out of the Spirit of Romanticism** Alice A. Kuzniar, 2017-01-01 Alice A Kuzniar critically examines the alternative medical practice of homeopathy within the Romantic culture in which it arose In *The Birth of Homeopathy out of the Spirit of Romanticism* Kuzniar argues that Hahnemann was a product of his time rather than an iconoclast and visionary Greek Thought and the Origins of the Scientific Spirit Léon Robin, 1928 Body and Spirit in the Middle Ages Gaia Gubbini, 2020-08-10 A crucial question throughout the Middle Ages the relationship between body and spirit cannot be understood without an interdisciplinary approach combining literature philosophy and medicine Gathering contributions by leading international scholars from these disciplines the collected volume explores themes such as lovesickness the five senses the role of memory and passions in order to shed new light on the complex nature of the medieval Self **Rome and the Spirit of Caesar** Jan H. Blits, 2015-09-17 *Rome and the Spirit of Caesar* providing a fresh interpretation of Julius Caesar is a thorough examination of Shakespeare's presentation of the final throes of republican Rome's political decay and demise and the rise of Caesarism As in his previous studies of Shakespeare's plays Blits pursuing his distinctive approach follows Caesar through scene by scene speech by speech line by line reaching his conclusions by closely examining Shakespeare's text Approaching the play as a coherent whole he examines the whole in the light of its parts and the parts in the light of the whole Since each presupposes the other he considers the whole and its parts together He carefully relates the play's details to its major themes and grounds the themes in and supports them by the details While intruding no literary theory on the play Blits brings out the historical and perennial political substance that Shakespeare deliberately put into it He shows that Caesar is a work of historical poetry shaped by Shakespeare's mastery of the Roman histories and the Hellenistic philosophies bearing directly on his subject Topics include the love of honor and fame heroic ambition and glory virtue and honor civic strife political murder the role of political oratory public versus private interests Caesarism the decay of liberty loyalty demagoguery luxury spiritedness superstition Stoicism and Epicureanism

The Eyes of Faith Ormond Rush, 2009 Winner of the 2010 Lynlea Rodger Australia Theological Form ATF Press Theological Book Prize The Eyes of Faith presents a systematic theology of the sense of the faithful *sensus fidelium* and shows the fundamental and necessary interrelationship between *sensus fidelium* tradition Scripture theology and the magisterium Ormond Rush provides fresh perspectives on a number of issues He proposes that tradition and Scripture are the products of the *sensus fidelium* and that the inspiration of Scripture is best understood in terms of the Holy Spirit working through the *sensus fidelium* In addressing the role of the *sensus fidei* in the lives of individual believers the book provides a unique approach to the way Christians make sense of their faith within the diverse contexts of daily life It shows how the imaginative capacity of the *sensus fidei* forms a foundational notion for understanding the diversity of spiritualities inculturations and contextualizations of the Gospel in the history of the church up to the present This ecclesial activity of interpreting the Christ event through the *sensus fidelium* enables the church to proclaim the Gospel in new times and cultures throughout history The Eyes of Faith proposes that for an effective teaching of the faith to contemporary Christians the distinctive roles of the magisterium and of theology must be conceived primarily in terms of and in relationship to the ecclesial Spirit given capacity of the *sensus fidelium*

ABOUT THE AUTHOR Ormond Rush is lecturer of theology and former president of St Paul's Theological College in Banyo Australia and is president of the Australian Catholic Theological Association He is the author of Still Interpreting Vatican II Some Hermeneutical Principles and The Reception of Doctrine An Appropriation of Hans Robert Jauss Reception Aesthetics and Literary Hermeneutics

PRAISE FOR THE BOOK In addition to its internal argumentation the book's extensive footnotes Scriptural references and Church documents will make it a tremendously valuable tool for advanced researchers in several theological areas including pneumatology ecclesiology Scripture studies and hermeneutics Highly recommended C A Montevecchio Choice Some works of scholarship stand out providing a point of reference and showing the way forward Orm Rush's study is in this class and it is not surprising that its first release by CUA Press is a splendid hardback volume This work makes a significant contribution to Catholic Theology Rev John Thornhill SM The Australasian Catholic Record Rush provides a theologically perceptive

panorama of the *sensus fidelium* at work in the church under the guidance of the Holy Spirit In addition to offering numerous insights usually beneficial and sometimes provocative Rush's study is extraordinarily well researched This volume is an outstandingly creative and comprehensive theological study of the grace of the Holy Spirit acting through the *sensus fidelium* in the reception of revelation in the church John Ford C S C Theological Studies Rush has here provided us with a sophisticated study of theological hermeneutics as well as a foundational work in ecclesiology Lawrence S Cunningham

Commonweal This detailed and well argued book explores the phenomenon of reception in both the Bible and in contemporary Roman Catholic tradition An insightful study for those interested in the newest wave of Roman Catholic dogmatic theology which tends to draw deeply from biblical sources as well as Vatican teaching this book genuinely advances discussions of the doctrine of reception Aaron Klink Religious Studies Review *Hegel: The Phenomenology of Spirit* Michael Inwood, 2018-02-09 G W F Hegel's first masterpiece the *Phenomenology of Spirit* is one of the great works of philosophy It remains however one of the most challenging and mysterious books ever written Michael Inwood presents this central work to the modern reader in an intelligible and accurate new translation This translation attempts to convey as accurately as possible the subtle nuances of the original German text Inwood also provides a detailed commentary that explains what Hegel is saying at each stage of his argument and also discusses the philosophical issues it raises This volume will therefore prove invaluable to those who want to get to grips with Hegel's thought processes and to follow his complex argument

The Spirit of Modern Republicanism Thomas L. Pangle, 1990-10-15 Pangle reexamines the moral philosophy of the Founding Fathers and finds that at the heart of the Framers' republicanism was a dramatically new vision of civic virtue religious faith and intellectual life rooted in an unprecedented commitment to private and economic liberties and that this commitment represented a departure from both the classical and biblical traditions He challenges those who explain 18th century political thought exclusively in terms of historical circumstances Calvinistic faith or economic and social ideology He develops a new interpretation of John Locke's moral and political philosophy arguing that Locke's greatest political and rhetorical achievement was in transforming the God of the Bible into the God of reason and nature and shows Locke's influence on the Framers' thought ISBN 0 226 64540 1 22 50 *Spirit of the Organon III* Tapan Chandra Mondal, 2001-04-01 Second edition of *Spirit of the Organon* is being presented to the homeopathic fraternity with the following features New flowcharts have been added Chapters have been supplemented with additional matter Important portions have been presented pointwise so that they can be easily remembered Some more important questions have been added at the end of each chapter Number of objective type questions have been increased for mental exercise Contains theoretical as well as practical aspects of organon Last but not the least each chapter has been presented in an elaborate manner so that it may satisfy the learning urge of the whole homeopathic fraternity
