Spiritism And Christianity:

Christianity and spiritism Léon Denis, 2025-03-01 From the historical account of the trajectory of Christianity L on Denis presents the origin of the Gospels the communion of the first Christians with the Spirits and the spirit phenomena present in the Bible reinforcing the principle that the Spiritist and Christian guidelines are in fact perfectly linked as a single doctrine A well known follower of Allan Kardec the author explains how mediumistic practice and reincarnation were erased from Christian thought and how the rituals and dogmas that were established often going against the simplicity of Christ were based on the relationship with Roman Catholicism *The gospel according to spiritism* Allan Kardec, 2022-02-17 The Gospel according to Spiritism is one of the five books that make up the Spiritist Codification a set of teachings transmitted by high order spirits and organized and commented upon by Allan Kardec This work contains the essence of the moral teaching of Jesus and therefore is a refuge where the followers of all religions and even those who have no religion may join hands because it offers a sure itinerary for our inner reform the objective indicated by Christ as indispensable for achieving our future happiness and inner peace that achievement which only the full observance of the divine laws can provide to the spirit on its gradual evolutionary path toward God Spiritism and Christianity A. T. Schofield, 2005-12-01 This scarce antiquarian book is a facsimile reprint of the original Due to its age it may contain imperfections such as marks notations marginalia and flawed pages Because we believe this work is culturally important we have made it available as part of our commitment for protecting preserving and promoting the world s literature in affordable high quality modern editions that are true to the original work *Spiritism the Keystone of Christianity* A. M. Clerk, 1894 **Spiritism and Religion** Johan Baron Liljencrants, 1918 **Spiritualism and Christianity** George Longridge, 1919 **The Gospel according to Spiritualism (Translated)** Allan Kardec, 2021-09-09 In this book Allan Kardec deals with a problem of great importance especially taking into account the past and present relations between the Church and Spiritism The Gospel according to Spiritism contains the explanation of the moral maxims of Christ their concordance with Spiritism and their application to different cases of life All the communications have been made by very high spirits and texts due to different authors agree and integrate each other in an admirable way It is the true interpretation of the life of Christ his miracles acts and parables with an explanation and commentary of high spiritual entities in a presentation that corrects errors and false interpretations to offer only and above all the truth The name of Allan Kardec is famous in the world as the first codifier and therefore practically as the founder of the spiritualist doctrine or rather as he wanted to define it of the spiritualist philosophy It was his merit to have collected and coordinated in several volumes of great interest all the theories and principles enunciated through various mediums in numerous spiritist communications At that time spiritualism was in its infancy and Kardec s works shed light on this new world that was opening up to man on Earth After The Book of Spirits and The Book of Mediums which are the foundations of spiritualism appeared The Gospel according to Spiritism Famous and spread all over the world it will fully satisfy the

demands and expectations of the numerous devotees and enthusiasts Since it was written the work has lost nothing of its topicality and validity proving that the truth is always the same and its inspiring principles never change *The Religion of the Spirit World* George Henslow,1920 **The Religion of the Spirit World Written by the Spirits Themselves** George Henslow,1920 Modern Spiritism Alfred Taylor Schofield,1920 **Christianity in Latin America** Justo L. Sasia,1920 **Spiritualism's Impact on Contemporary Religion & Belief** Cometan,2020-05-06 With church attendance in the UK taking dramatic reductions over the last twenty years the contemporary context for religiosity and spirituality would seem to be in a dire state However exploring beyond the surface level of church attendance we come to discover a significant diversification of both religious practice and spiritual belief that is navigating a rapidly changing world and a world in which moral values have shifted in the opposite direction to Church dogma Spiritualism and its many facets is a key player in this spiritual shift towards less organised forms of religion the consequences of which will dramatically impact the British religious landscape of the 21st century This spiritual shift is characterised by a wide set of alternative beliefs that hold long histories of persecution at the hands of the Church Furthermore demographers are challenged to try and quantify the deep complexities of people s beliefs that are not accurately grasped through each decade s general census Despite how a person may identify themselves in the census this tragically misses out the complexity of religious belief and attitudes regarding more specific questions and therefore tells demographers very little about the true religious landscape Accepting these shortcomings of modern demographic data on religiosity demonstrates that the data we have likely represents only a narrow understanding of the reality of religious and spiritual life This understanding has not been helped by the diversification and individualisation of religious beliefs as well as the fast changing nature of digital religion In this essay the

historical background and present day role of spiritualism in British society will be investigated with the central aim of taking an in depth look at the social context of spiritualism s presence in Britain the commercialisation of spiritualism and how both technology and changes in social values are being navigated by spiritualists This analysis will particularly focus on the role of women in spiritualism and the rise in acceptance of LGBTQ groups in society as important factors effecting not only the rise of spiritualism but the British religious landscape as a whole Firstly it is important to consider where spiritualism originated in order to understand its contemporary presence Modern Spiritism Alfred Taylor Schofield,1920 **Spiritism and the Beginnings of Christianity** James R.
