The Dominican Tradition Phyllis Zagano, Thomas McGonigle, 2016-03-24 St Dominic who died in 1221 took to heart Jesus charge to make disciples of all nations He founded a religious community the Order of Preachers which differed from

most orders of his day Dominic trained preachers who traveled anywhere and everywhere to spread the Gospel. The Dominicans continue to flourish today. The Dominican Tradition, the first in a spirituality anthology series, provides readers a window into Dominican spirituality. You will learn the core values that shape their way of life. Mostly, you will come to realize that the spiritual legacy established by Dominic is as vibrant today as it was centuries ago. Phyllis Zagano PhD is senior research associate in residence at Hofstra University where she teaches in the Department of Religion. She is also the author of *Woman to Woman* published by Liturgical Press. Thomas McGonigle OP teaches in the history department at Providence College in Rhode Island. He specializes in Dominican spirituality and history. *Handbook of Spirituality for Ministers Vol. 2* Robert J. Wicks, 2000. *Meditation as Spiritual Therapy* Matthew McWhorter, Matthew R. McWhorter, 2024. Christian persons today might seek spiritual development and ponder the benefit of mindfulness exercises but also maintain concerns if they perceive such exercises to originate from other religious traditions. Such persons may not be aware of a long tradition of meditation practice in Christianity that promotes personal growth. This spiritual tradition receives a careful formulation by Christian monastic authors in the twelfth century. One such teaching on meditation is found in the treatise *De consideratione* written by St Bernard of Clairvaux c. 1153 to Pope Eugene III c. 1153. In textual passages where St Bernard exhibits a clear concern for the mental health of the Pope due to numerous ongoing ecclesial, political, and military problems, St Bernard reminds Eugene III of his original monastic vocation and the meditation exercises associated with that vocation. The advice that St Bernard gives to Eugene III can be received today in a way that provides a structure for Christian meditation practice which is relevant for personal development, spiritual direction, and civil psychotherapy that integrates a client's spirituality into the course of treatment. St Bernard thus might be interpreted as a teacher of a kind of Christian mindfulness that can benefit both a person's mental health as well as a person's relationship with God. *Meditation as Spiritual Therapy* examines the historical context of Bernard's work, his purpose for writing it, as well as the numerous Christian sources he drew upon to formulate his teaching. Bernard's teaching on the course of meditation itself is explored in depth and in dialogue with his other treatises, letters, and sermons. Lastly, a contemporary summary of Bernard's teaching is provided with reflections concerning the relationship of this teaching to contemporary spiritual direction and spiritually integrated civil psychotherapy.

Short Term Spiritual Guidance Duane R. Bidwell, This book represents a significant departure from most contemporary writing about spiritual direction. While most writers focus on long-term relationships of guidance, specifically envisioning long listening sessions, Bidwell changes focus. Spiritual direction, he insists, typically requires intervention in a specific crisis or situation or question; it is not formal, lasts fewer than five sessions, and must be actively and intentionally focused on the person's growth. Bidwell's work shows what spiritual directors can learn from the short-term therapy model, especially about enabling people briefly but effectively to learn to listen on their own and with others for God's presence. Focusing on how God is already active in the directee's life allows the participants to identify God's action and respond in ways that

The Revd Canon Vincent Strudwick *Spiritual Direction and the Care of Souls* David G. Benner, Gary W. Moon, 2025-06-23

In recent years many Christian clergy laity and mental health professionals have rediscovered the ancient practices of spiritual direction. Seen as a refreshing alternative to the techniques and limitations of modern psychology, such practices offer new insights for pastoral care. But many remain unclear on what spiritual direction is and whether its methods are applicable to their own clients and parishioners. Spiritual direction is a practice of Christian soul care that is found most notably in the Catholic, Orthodox, and Episcopal traditions but is also present in Wesleyan, Holiness, Pentecostal, charismatic, social justice, and Reformed communities. Predating modern counseling and psychotherapy movements but sharing key principles and insights for spiritual formation, spiritual direction offers significant resources for today's pastors, counselors, therapists, chaplains, and other caregivers attuned to the work of God in people's lives. In this landmark volume, editors Gary W. Moon and David G. Benner, along with a team of expert contributors, provide a comprehensive survey of spiritual direction in its myriad Christian forms. Specific chapters offer careful historical perspective and contemporary analysis of how Christians from various backgrounds have practiced spiritual direction, with particular attention to each tradition's definition of spiritual direction, the process of authentic transformation, the role of the spiritual director, indicators of mature spirituality, and other aspects of the spiritual direction process. Chapters also provide psychological and clinical insight into how spiritual direction is similar to, different from, and can be integrated with psychotherapy and pastoral counseling to help others experience spiritual transformation and union with God.

Changing Life Patterns Elizabeth Liebert, 2000 **Naturally Human, Supernaturally God** Adam G. Cooper, 2014

Naturally Human, Supernaturally God focuses upon a theological subject matter whose provenance not only spans both periods of the twentieth century but the whole history of Christianity. It seeks to open a small window upon an odd case of theological convergence between three of the most diverse yet important theologians of the pre-Conciliar period, each of whom played a vital role in the Second Vatican Council: Reginald Garrigou Lagrange, O.P., Karl Rahner, S.J., and Henri de Lubac, S.J. It is widely acknowledged that the differences between these three figures and the traditions subsequently associated with them sometimes run so deep as to defy resolution. Yet this book will argue they were strangely united in a shared conviction: today's Church urgently needs to renew its acquaintance with an ancient Christian theme, namely the doctrine of deification. Only in a self-transcending, supernaturally wrought participation in the life of God do human beings reach their proper fulfillment. These three theologians are significant figures in the modern recovery of the doctrine of deification, receiving its official adumbration in the Christocentric and Trinitarian anthropological vision outlined in Vatican II's Pastoral Constitution *Gaudium et Spes*. This book tells the story of that recovery and the contribution these rather different theologians played, adding an oft-neglected stream to the contemporary discussion of this important topic.
