Exploring and Engaging Spirituality for Today's Children La Verne Tolbert, 2014-05-19 Exploring and Engaging Spirituality for Today's Children: A Holistic Approach answers questions about the most effective ways to help children, pre-teens, and teens develop spiritually. This collection of research gleaned from presentations during the Fourth Triennial Children's Spirituality Conference at Concordia University in 2012 is divided into four major sections: 1. theological and historical foundations, 2. engaging parents and congregations, 3. engaging methodologies, and 4. exploring children at risk, child pornography, social justice, intercultural diversity, and abstinence education. Researchers acknowledge that the home is the foundation for Christian nurture. In Exploring and Engaging Spirituality for Today's Children, both scholars and ministry leaders come together with parents to promote a holistic environment where children are encouraged to love, respect, and obey God. From birth to high school, children's voices resonate throughout these studies as they are invited to share their reflections and experiences. Exploring and Engaging Spirituality for Today's Children is a lively, easy-to-read collection that reflects a broad range of faith traditions and is ideal for all those who are committed to the spiritual development of children.

Joining Children on the Spiritual Journey Catherine Stonehouse, 1998-03-01 Understanding how a child's faith forms is crucial to knowing how adults can most significantly enhance the child's spiritual development. This book provides parents, teachers, and Christian education leaders with valuable insights into spiritual formation during childhood. With a biblical perspective as a starting point and a recognition of the crucial role of both the family and the faith community, Stonehouse reviews important contributions from noted child development experts Erik Erikson, Jean Piaget, Lawrence Kohlberg, and James Fowler. This overview gives insight into the processes of psychosocial, cognitive, and moral development in children and adolescents. Stonehouse concludes with solid guidelines for designing children's ministries. By carefully setting the stage through liturgy, sacred stories, and parables, Christian educators can help children meet with God. Quiet times of godly play, carefully adapted to the age level of the child, enable adults to join with
