The Church Enslaved Tony Campolo, Anthony Campolo, Michael Battle, 2005 Two of the most vocal activists on racial issues in the church here seek nothing less than a conversion of American Christianity Campolo and Battle expose the sad history and present realities of racism in the churches and then lift up a vision of a church and society without racism To achieve reconciliation among Christians they argue both black and white churches need to acknowledge and overcome substantial problems in their traditions Campolo and Battle then directly challenge Christians to a deeper spirituality enabling them to resume leadership in overcoming and redressing America's legacy of racial division

**Introduction to the Practice of African American Preaching** Frank A. Thomas, 2016-11-15 The Introduction to African American Preaching is an important groundbreaking book This book acknowledges African American preaching as an academic discipline and invites all students and preachers into a scholarly dynamic and useful exploration of the topic Author Frank Thomas opens with a bus tour study of African American preaching He shows how African American preaching has gradually moved from an almost exclusively oral to an oral written tradition

Readers will gain insight into the history of the study of the African American preaching tradition and catch the author's enthusiasm for it. Next, Thomas traces the relationship between homiletics and rhetoric in Western preaching, demonstrating how African American preaching is inherently theological and rhetorical. He then explores the question: what is black preaching? Thomas introduces the reader to methods of close reading and ideological criticism. And then demonstrates how to use these methods using a sermon by Gardner Calvin Taylor as his example. The next chapter considers the question: what is excellence in black preaching? The next chapter seeks to create bridges and dialogue within the field of homiletics and in particular the Euro American homiletic tradition. The goal of this chapter is to clearly demonstrate connections between the African American preaching tradition and the field of homiletics. Thomas next turns to questions about the relevancy of the church to the Millennial generation. Specifically, how will the African American church remain relevant to this generation which is so deeply concerned with social justice?

Clergy Burnout Fred Lehr, In this highly accessible book, Fred Lehr clarifies the nature and practice of clergy codependence. In twenty-two short, insightful and highly readable chapters filled with many examples and stories from his own life and those of others he has counseled, Lehr identifies the typical forms codependence takes in the life and ministry of clergy:

- 1 the chief enabler: the one who keeps things functioning
- 2 the scapegoat: the one on whom everything is blamed when it goes wrong; the one who is responsible
- 3 the hero: the example, the pure and righteous one
- 4 the lost child: the one no one really knows or cares about
- 5 the rescuer: the one who saves the day, makes the visit, fixes the problem, makes everything all right again
- 6 the mascot: the cheerleader, the one who offers comic relief, brings down the tension level after a heated discussion.

*The Right Road* Gwen Wagstrom Halaas, 2004-01-01 Many clergy are in startlingly bad health. Not only do they regularly report depression, stress, and serious family and financial problems, they also exhibit higher than normal incidences of obesity, high cholesterol levels, inactivity, high blood pressure, and heart disease. How effective can professionals in ministry be with such debilities and vulnerabilities? Are clergy too busy helping others to take care of themselves? Gwen Halaas's caring and savvy book addresses clergy health directly: clergy have a spiritual as well as physical need to care for themselves to live to the fullest, to ensure that they enjoy the life and gifts God gave them. Building her brief, practical book around the wellness wheel, Halaas emphasizes not just healthy eating but a whole array of life-affirming choices for clergy. Halaas provides the tools for clergy to choose growth and well-being over burnout and decline. With this practical and upbeat volume, clergy can begin to put their own lives in perspective and keep themselves in training for a godly life.

1 Timothy 4:7      **How to Preach a Dangerous Sermon** Frank A. Thomas, 2018-02-20 Learn to use four characteristics of preaching with moral imagination to proclaim freedom for all. The author describes the four characteristics using examples like Robert F. Kennedy, Dr. Martin Luther King Jr., Prathia Hall, and the Moral Monday Movement, along with musicians and other artists of today. Moral imagination helps the hearer to see what they cannot see, to hear what they cannot hear, to inhabit the lives of others so that they can embody Christ and true freedom for those others.

This book equips and empowers preachers to transcend their basic skills and techniques so that their proclamation of the Word causes actual turnaround in the hearts and lives of their hearers and in their communities Frank Thomas has written a passionate summons amid the current destructive chaos of our society there is an urgent need for moral imagination Such imagination is the antithesis of diabolic and idolatrous imagination that is all to the fore in our public discourse and practice Thomas fleshes out moral imagination with close reflection on the practice of Robert F Kennedy and Martin Luther King Before he finishes Thomas shows how the urgency of moral imagination belongs peculiarly to the work of the preacher This book is a welcome call for gospel grounded courage and truth about the neighbor issued in a way that refuses the self serving fakery that dominates our public life Walter Brueggemann Columbia Theological Seminary Timely and prophetic How to Preach a Dangerous Sermon presents a homiletic essential for our churches today Thomas insists that it is up to the preacher to recapture and reclaim the moral imagination of our nation so that the Gospel's message of freedom is true for all people With attention to specific figures whose witness models the qualities and characteristics of moral imagination Thomas inspires the preacher toward powerful proclamation that both challenges and critiques any speech that subjugates or subordinates How to Preach a Dangerous Sermon is must read for preachers to recover and reimagine the leadership role of the church for the sake of justice for all Karoline M Lewis Associate Professor of Biblical Preaching and the Marbury E Anderson Chair of Biblical Preaching Luther Seminary author of She Five Keys to Unlock the Power of Women in Ministry In this lucid and compelling book Frank Thomas plumbs the depths of American moral rhetoric for insights that will help preachers How to Preach a Dangerous Sermon provides new and dramatic ways in which the moral imagination in a democratic society can be nurtured by visionary empathic wise and artistic preachers John S McClure Charles G Finney Professor of Preaching and Worship Vanderbilt Divinity School Warning Preachers if you are comfortable with the status quo of white privilege patriarchy hetero normativity and classism do not read this book If you are comfortable with sermon series that reduce the gospel to self help acronyms don't read this book But if you have the courage to look honestly at our landscape and bring the moral imagination of the Christian tradition to bear on it open these pages and your sermons may never be the same again But then again neither will the church or the world be the same anymore if enough of us follow Thomas's advice O Wesley Allen Jr Lois Craddock Perkins Professor of Homiletics Perkins School of Theology Southern Methodist University

Olson, 2001-12-01 Character development for communities of faith Mark Olson believes that trying to meet unrealistic expectations for church growth along with expectations that pastors be all things to all people has resulted in low morale even burnout among clergy and dissension within congregations Olson s book argues that church growth models exemplify and exacerbate the tendencies of the modern age and Constantinian Christianity holding the church hostage to technique and marketing These assumptions set up pastors and churches for disappointment and failure But they also in his opinion miss an opportunity to envision a faithful alternative to the consumeristic church Olson s valuable book calls church leaders to faithful bold and courageous rethinking of congregational life and witness in substance purpose and style His own 20 years of ministry in rural suburban and urban congregations inform an alternative rooted deeply in the past and anchored in strong leadership and worship but also profoundly compassionate and engaged in the surrounding community In this model pastors primary responsibilities are not to fix everything and everybody but to enable people to be present to each other and to provide hope     **The Living Church** , 2002-06     *The African American Pulpit* , 2001     *Breaking the Conspiracy of Silence* Donald E.
