**Black Mothers and the National Body**

**Politic** Andrea Powell Wolfe,2020-10-14 Black Mothers and the National Body Politic The Narrative Positioning of the Black Maternal Body from the Civil War Period through the Present focuses on the struggles and triumphs of black motherhood in six works of narrative prose composed from the Civil War period through the present Andrea Powell Wolfe examines the functioning of the black maternal body to both define and undermine ideal white womanhood the physical scarring of the black mother and the reclamation of the black maternal body as a site of subversion and nurturance as well as erotic empowerment and the construction of oppressive discourses surrounding black female bodies and reproduction and the development of resistance to these types of discourses These tensions undergird a multifaceted discussion of the narrative positioning of the black maternal body within and in relationship to the national body politic an inherently exclusionary and restrictive metaphorical entity constructed and socially contracted over time by an already politically empowered citizenry Ultimately close analysis of the texts under study suggests that the United States as a figurative body complete with imagined parts that perform separate functions from intelligence to labor ingestion to expulsion has simultaneously used and cast off the black maternal body over the course of centuries

D.,Aeterna Press, Like the Hypostatic Union of the two Natures in Christ the Divine Motherhood of the Blessed Virgin Mary may be regarded from a twofold point of view 1 ontologically i e in its objective dignity dignitas maternitatis divinae in se and 2 ethically in its causal connexion with the prerogatives proper to this exalted office plenitudo gratiae correspondens dignitati Christology shows how the Hypostatic Union immediately and substantially sanctified the manhood of our Lord in direct proportion to His infinite dignity as Godman In a similar though not precisely the same manner Mary s objective dignity as mother of God constitutes both the intrinsic principle and the extrinsic standard of her supernatural purity and holiness The one postulates the other as a cause its effect Aeterna Press
