**Spiritual Reconstruction** ,1919      **Under Spiritual Reconstruction** Cleaveland Rankin,2010-01-01 HOW DO YOU MEND A BROKEN RELATIONSHIP WITH GOD The word of the day is crisis Everyone everywhere is talking about crisis The United States is currently experiencing the biggest economic crisis since the Great Depression Most importantly our nation desperately needs a spiritual revival The reason our nation needs a spiritual revival is because the people that make up the nation need to reconstruct their relationships with God Many have deserted a relationship with God for their own lusts desire for riches or through outright rebellion against Him Even Christians who have a relationship with God may be living carnally because they have allowed someone or something to negatively impact their spiritual walk It is to these individuals that this book is written How do you begin to walk back to God when you have walked away from Him This book examines the Book of Nehemiah for clues and keys for spiritual restoration As you take a journey with the royal wine analyst Nehemiah who God used as a vessel in aiding Judah in its resotation you will find yourself on a personal journey of spiritual renewal and reconstruction      The Self-assertion of Chinese Academia and Marxist Philosophy WU Xiaoming,2021-09-29 From a Marxist philosophical perspective this collection of essays investigates the maturing self consciousness and self assertion of Chinese academia especially within the humanities and social sciences permitting more penetrating insights and critical engagement with the social reality of China The author elaborates on the relationship between Hegel and Marx s philosophy and their concepts of reality thereby accounting for the historic and philosophical conditions for the autonomy of Chinese academia

Drawing on intellectual resources from both Eastern and Western archives including phenomenology philosophical hermeneutics Western Marxism and China's pacifist tradition the book refutes Huntington's speculation about Chinese imperialism and delineates how China's development can contribute to a fundamental critique of capitalist civilisation and a new paradigm of global governance In addition the book challenges the thinking of Chinese neo liberals and nationalist conservatives and their understandings of the history and social reality of China Hence the author advocates a reconstruction of the spiritual and intellectual realm within society based on Marxism in order to counter Sinophobia neo liberalism and nationalism at the same time The book will appeal to readers interested in social and political philosophy philosophy of history Marxism and China studies
