*The Yiddish Historians and the Struggle for a Jewish History of the Holocaust* Mark L. Smith, 2019-12-09 Holocaust history written and researched by the Yiddish scholars who lived it The Yiddish Historians and the Struggle for a Jewish History of the Holocaust identifies the Yiddish historians who created a distinctively Jewish approach to writing Holocaust history in the early years following World War II Author Mark L Smith explains that these scholars survived the Nazi invasion of Eastern Europe yet they have not previously been recognized as a specific group who were united by a common research agenda and a commitment to sharing their work with the worldwide community of Yiddish speaking survivors These Yiddish historians studied the history of the Holocaust from the perspective of its Jewish victims focusing on the internal aspects of daily life in the ghettos and camps under Nazi occupation and stressing the importance of relying on Jewish sources and the urgency of collecting survivor testimonies eyewitness accounts and memoirs With an aim to dispel the accusations of cowardice and passivity that arose against the Jewish victims of Nazism these historians created both a vigorous defense and also a daring offense They understood that most of those who survived did so because they had engaged in a daily struggle against conditions imposed by the Nazis to hasten their deaths The redemption of Jewish honor through this recognition is the most innovative contribution by the Yiddish historians It is the area in which they most influenced the research agendas of nearly all subsequent scholars while also disturbing certain accepted truths including the beliefs that the earliest Holocaust research focused on the Nazi perpetrators that research on the victims commenced only in the early 1960s and that Holocaust study developed as an academic discipline separate from Jewish history Now with writings in Yiddish journals and books in Europe Israel and North and South America having been recovered listed and given careful discussion former ideas must yield before the Yiddish historians published works The Yiddish Historians and the Struggle for a Jewish History of the Holocaust is an eye opening monograph that will appeal to Holocaust and Jewish studies scholars students and general readers

**The Last Ghetto** Anna Hájková, 2020-11-05 Terezín as it was known in Czech or Theresienstadt as it was known in German was operated by the Nazis between November 1941 and May 1945 as a transit ghetto for Central and Western European Jews before their deportation for murder in the East Terezín was the last ghetto to be liberated one day after the end of World War II The Last Ghetto is the first in depth analytical history of a prison society during the Holocaust Rather than depict the prison society which existed within the ghetto as an exceptional one unique in kind and not understandable by normal analytical methods Anna Hájková argues that such prison societies that developed during the Holocaust are best understood as simply other instances of the societies

human beings create under normal circumstances Challenging conventional claims of Holocaust exceptionalism H jkov insists instead that we ought to view the Holocaust with the same analytical tools as other historical events The prison society of Terez n produced its own social hierarchies under which seemingly small differences among prisoners of age ethnicity or previous occupation could determine whether one ultimately lived or died During the three and a half years of the camp s existence prisoners created their own culture and habits bonded fell in love and forged new families Based on extensive archival research in nine languages and on empathetic reading of victim testimonies The Last Ghetto is a transnational cultural social gender and organizational history of Terez n revealing how human society works in extremis and highlighting the key issues of responsibility agency and its boundaries and belonging
