Spiritualism Versus Christianity J. W. Daniels, 1856 Spiritualism Versus Christianity; Or, Spiritualism Thoroughly Exposed J. W. Daniels, 2004-01-01 SPIRITUALISM VERSUS CHRISTIANITY J. W. DANIELS, 2018 **Shakespiritualism** J. Kahan, 2013-02-27 This study concerns itself with a now forgotten religious group Spiritualists and how their ensuing discussions of Shakespeare's meaning his writing practices his possible collaborations and the supposed purity and or corruption of his texts anticipated accompanied or silhouetted similar debates in Shakespeare Studies The Theological and Literary Journal, 1857 Demons in the USA Michael E. Heyes, 2024-09-24 Demons in the USA argues that the discourse on the demonic that developed in the nineteenth century continues to exert a powerful hold over the American spiritual imagination The book begins by tracing the conservative Christian encounter with Spiritualism in the nineteenth century and the mode of thinking about the demonic which developed As Spiritualism's core principles reappeared in the New Age Christian interlocutors once more drew on this anti Spiritualist paradigm to condemn the movement This condemnation is absorbed by and amplified through the film The Exorcist The author considers how the success of the film disseminates the anti Spiritualist paradigm in surprising ways entangling it with entertainment science and politics such that it influences psychology the Satanic Panic of the 1980s and the contemporary QAnon movement This entanglement points to the broader argument of the work While we may wish to think of a film as entertainment and thus having no bearing on reality or demonic material as religious and thus exempt from categories like politics or science the truth is that categories are not so easily separated The author contends that the need to enforce the boundaries of such categories and the failure to do so is a hallmark of the intellectual construct of modernity and that those who believe in demons in the contemporary United States are surprisingly modern in their views The book grounds the importance of media to the twentieth and twenty first century religious experience arguing that the United States of today would not be possible without The Exorcist and its products Demons in the USA will be of particular interest to scholars dealing with religion in America those with a focus on religion and film or those involved with contemporary demonology Rickey, Mallory and Company's Catalogue Raisonné John Whitney (Jr.), 1860 Rickey, Mallory and Company's Catalogue Raisonné, 1860 *The Specter of the Indian* Kathryn Troy, 2017-08-23 Explores the significance of Indian control spirits as a dominating force in nineteenth century American Spiritualism The Specter of the Indian unveils the centrality of Native American spirit guides during the emergent years of American Spiritualism By pulling together cultural and political history the studies of religion race and gender and the ghostly Kathryn Troy offers a new layer of understanding to the prevalence of mystically styled Indians in American visual and popular culture The connections between Spiritualist print and contemporary Indian policy provide fresh insight into the racial dimensions of social reform among nineteenth century Spiritualists Troy draws fascinating parallels between the contested belief of Indians as fading from the world claims of returned apparitions and the social impetus to provide

American Indians with a means of existence in white America Rather than vanishing from national sight and memory Indians and their ghosts are shown to be ever present This book transports the readers into dimly lit parlor rooms and darkened cabinets and lavishes them with detailed s ance accounts in the words of those who witnessed them Scrutinizing the otherworldly whisperings heard therein highlights the voices of mediums and those they sought to channel allowing the author to dig deep into Spiritualist belief and practice The influential presence of Indian ghosts is made clear and undeniable
