Spirituality According To Jesus:

Spirituality According to Paul Rodney Reeves,2011-09-28 Rodney Reeves contrasts easy spiritualities of serenity and retreat with the apostle Paul's vision a cross shaped spirituality for fools making their way through life's trials Responding to Paul's invitation follow me as I follow Christ Reeves discovers an ancient spiritual path in the letters of Paul **The**

Spirituality of Following Jesus in John's Gospel Sean Seongik Kim,2017-10-12 Research on following Jesus has mostly been done in terms of what Jesus followers ought to do In this unprecedented study Kim presents following Jesus in John's Gospel through the perspective of what Jesus does for his followers Following Jesus is a journey towards the place where Jesus leads his followers that is to a relationship with the Father It is ultimately participating in the Son's communion with the Father Jesus who was in the bosom of the Father descended from him and ascends to him taking his followers with him so that they may be with him where he is with the Father in glory and love Kim develops this thesis by examining the term *akolouthein* to follow and correlated motifs in John's Gospel **The Spirituality of Paul** Leslie Hardin,2016 The traditional

venues for making sense of the complicated apostle Paul are history and theology Indeed one cannot understand him apart from either However something is still missing from our portrait of Paul Rather than thinking of Paul as a theologian and an apostle Leslie Hardin argues there is great benefit in approaching him as a disciple a Spirit filled man who wanted to pass vibrant spirituality on to those he encountered In *The Spirituality of Paul* Hardin uncovers the things Paul practiced in his own life and those he taught his followers in order to attempt to live an authentic Spirit filled Christian life Hardin points out that in order to foster the power of the Spirit Paul like each of us had to dedicate himself to everyday routines and practices What were those spiritual disciplines How did they help him And how might they be applied in our modern lives to bring us closer to Christ Whether a general reader or mature believer the reader of this book will find Paul to be a true brother a fellow sinner receiving grace **PERSPECTIVES OF SCIENCE, SPIRITUALITY AND RELIGION** Ratikanta Maiti,Ch.

Aruna Kumari,Debashis Mandal,2017-08-14 *Perspectives of Science Spirituality and Religion* discusses about the interrelations between science spirituality and meditation It makes a critical synthesis of leaders in science spirituality and religion It is divided into long and short review of articles of books authors own experience on meditation mystery of plant science and other aspects It enumerates how each field of science though appears different they strive in one way of the other to benefit the humanity Each field by itself though independent is accountable for the upliftment of the mankind Scientists through research unveil the mystery of nature Science says that every organism is made up a mass of atoms and each of which possesses some energy Spirituality leads to the realization that universal energy is also present in each individual and organism in the universe and it is responsible for the movement of these organisms It speaks about the presence of the divine creature in the universe responsible for the built up of the universe and all the creatures in this universe Mediation discusses about how to harness this universal energy in changing our thoughts and attainment of stable

and balanced mind It assists in the realization of the inner consciousness and inner wisdom For over a long period debate has been going on among different classes of scientists In the light of the three considered together the book reviews about the three disciplines presents in brief the techniques of meditation designed for harnessing the universal source of energy It also describes in brief about the relationship between science religion and spirituality It gives a few guidelines of the benefits that the meditation and spirituality can bring to the humanity It discusses about the roles of science spirituality and religion in the present scenarios which are virtually accepted for being responsible for the upliftment of human beings According to few leaders of science and spirituality all these three disciplines should work together for benefit of human society The book will enlighten readers about recent advances in the disciplines of science spirituality and religion The Mystic Christ Ethan Walker,2003 The Mystic Christ is an ancient tale of mystic union salvation and enlightenment It is the careful uncovering of a lost treasure of immeasurable value long buried in the suffocating darkness of conventional orthodoxy on one side and blind fundamentalist extremism on the other From the viewpoint of the world s mystical religious traditions the brilliant light of the Master s way is revealed as a penetrating radical non duality unifying all people and all of life His path to this all embracing unity is the spiritual practice of pure selfless love Love God intensely love our neighbor as our own Self bless those that curse us and pray for those that mistreat us Love has been lost becoming nothing more than a word in the dictionary and yet it remains the foundation of Jesus message *Subversive Spirituality* L Paul Jensen,2011-06-30 Subversive Spirituality links the practice and study of Christian spirituality with Christian mission It develops a twofold thesis grace spiritual disciplines and mission practices are inseparably linked in the mission of Jesus of the early church and of several historical renewal movements as well as in a contemporary field research sample and amidst the collapse of space and time evidenced by our culture s increasingly hurried pace of life more time and space are needed for regular solitary and communal spiritual practices in church mission and leadership structures if Christian mission is to transform people and culture in our time This requires a subversion of the collapsed spatial and temporal codes that have infected our Christian institutions Jensen employs methods and approaches from a variety of academic disciplines to explore both spirituality in terms of space and time and mission in terms of deed and word Specifically Jensen examines the spirituality and mission of Jesus the early church the apostolic fathers Origen the Devotio Moderna the early Jesuits David Brainerd and several women in 19th century Protestant missions He considers the spirituality and mission that have arisen within the postmodern generations born after 1960 Based on the theological historical cultural and field analyses of this study a model for spirituality and mission is proposed The model addresses the contemporary collapse of space and time and appears to have widespread applicability to diverse cultures and eras Jensen s model is applied to the pluralistic and postmodern milieu of North America with recommendations for spirituality and mission in church mission and educational structures A derivative model for teaching and practicing spirituality and mission in the academy which also has application for non formal leadership development

structures is also proposed **Holistic Happiness** Robert P. Vande Kappelle,2022-06-23 As the founders of the US republic make clear in the Declaration of Independence human beings have an unassailable right to life liberty and the pursuit of happiness While the meaning of these unalienable rights is debated it is clear that these rights are interrelated Concerned with these rights Holistic Happiness focuses on happiness defining the purpose of life as achieving and maintaining happiness conducive to the equitable flourishing of all To this end happiness should not be confused with pleasure which is momentary and transitory for happiness is not so much a feeling as an attitude associated with what we call achieving meaning and purpose in life Properly understood happiness can be achieved but only by inner discipline requiring a transformation of one's outlook attitude and approach to life As this book emphasizes good health is an important foundation for happiness However to experience and maintain good health requires good genes a balanced lifestyle supportive companions wholesome eating and drinking regular exercise a positive mindset an active disposition and good fortune While happiness and good health are frequently disrupted by accidents disease stress chemical and emotional imbalance and numerous other factors wellness is achievable and sustainable but it needs balanced input from an individual's four constituent dimensions physical mental emotional and spiritual In this regard this volume is a resource for individuals seeking holistic happiness While benefitting from recent scholarly research Holistic Happiness is unique in content and conception and is useful for individual or group study Each chapter concludes with questions suitable for discussion or reflection Christian Spirituality for Seekers Roger Haight,2012 The Spiritual Exercises of Ignatius Loyola composed in the 16th century consist of a sequence of meditations on the life of Jesus aimed at promoting spiritual depth and discernment about how to live In this work Haight has set out to open this classic work to an audience encompassing all spiritual seekers

I'm Spiritual Not Religious David Cooper,2015-06-22 *A Spirituality of Everyday Faith* Declan Marmion,1998 Because spirituality is such a ubiquitous term today any attempt to elucidate it more fully is only to be welcomed Volume 23 in the LTPM series represents a significant contribution in this regard Beginning with the apostle Paul Declan Marmion shows how the meaning of the term spirituality changed over the centuries He then offers a useful working definition of spirituality and explores the complicated relationship between spirituality academic theology and religious experience In the main body of the book Marmion focuses on the spiritual basis of Karl Rahner's theology Exhibiting a comprehensive knowledge of the primary and secondary literature in this area Marmion uses Rahner's notion of spirituality to treat such important themes as the nature of God mystical experience prayer love of neighbor and more **A New Introduction to the Spiritual Exercises of St. Ignatius** John E. Dister,2003-06-20 Although oriented primarily to those less familiar with them this book offers fresh insights for those experienced in the Spiritual exercises It includes explanations of their dynamics and correlations between the events of Ignatius conversion experiences and certain aspects of the Exercises The meditations on the Kingdom and the Two Standards are viewed from the vantage of contemporary culture Thus the medieval model of the

lord vassal relationship and the male dominated imagery are illuminated with the help of insights from Jung Deeper psychological insight into dying to self in our attachments and desires is linked to our contemplations on the suffering and death of Jesus The suitability for lay people to make the Exercises is suggested in their adaptation to an open setting of daily life Finally a developing personal encounter with Christ in the present is delineated as central to Ignatian spirituality

Chung,2010-06-02 Christian Spirituality and Ethical

Life offers a helpful study of the place of the Spirit in John Calvin's theology. It also discovers a notion of the spiritual life in connection with ethical life. It thus overcomes the prevailing popular pictures about the theology of John Calvin in several significant ways providing a refreshing alternative to the anemic spirituality so prevalent today. It can be stated confidently that Calvin was a theologian of the Holy Spirit in solidarity with the poor standing in openness to others.

Modern Chinese Theologies Chloë Starr, 2023-10-31 The majority of Christians in China over the course of the last century have worshipped not in missionary founded churches or in congregations affiliated with the contemporary Three Self Patriotic Movement or Chinese Catholic Patriotic Association but in independent and unregistered churches often labeled house churches. From the Pentecostal and Charismatic movements within the mission church landscape of the early twentieth century to the Calvinist Reformed movement in the present day Protestant church the vibrant faith life and extraordinary church growth of this sector of Chinese Christianity offer a fascinating witness and lesson to the world church. Yet despite the size of their congregations and the spread of their teachings the theologies of these independent and unregistered churches have drawn much less academic attention than those of mission church or state church theologians. This volume presents a selection of new studies on house church theologians and theologies. These begin in the early twentieth century with studies of the Spiritual Gifts movement in Shandong and the nature of Pentecostalism in Hong Kong and arrive in the present with essays on the changing role of women's leadership in the church given the spread of Reformed thought and the theological implications of Westminsterian Neo Calvinism in China. The second section of the volume is devoted to the theological writings and lives of the two most prominent independent church figures of the twentieth century Wang Mingdao and Ni Tuosheng Watchman Nee. These chapters include studies of spiritual theology of Ni's doctrine of humanity his views on salvation and his prison letters and of Wang Mingdao's life and moral thought his Confucian beliefs and his understanding of the relationship of Christians to the state. The third section of the volume foregrounds church voices like the fundamentalist Samuel Lamb and the mediating figure Yang Shaotang and considers local developments in Roman Catholicism in light of Vatican reforms.

Spiritual Breakthroughs, **The Elements of the Spiritual Life** F.P. Harton, 2004-11-11 My aim in writing this book has been to give to my brethren of the Anglican Communion what we do not at present possess a comprehensive study of the Christian spiritual life. The need of such a work is becoming increasingly clear there are signs in many quarters of a real desire for the spiritual life and priests are beginning to discover the vital and practical importance of a knowledge of ascetical theology. The plan of the book is simple. Part I deals with the action of God in the soul by grace. Part II with the human resistance to the divine will and the means whereby that resistance may be overcome. Part III is a brief outline of the divine economy of the sacraments. Part IV is concerned with the life of prayer and in Part V we consider the end of the spiritual life and the ways by which that end may be reached concluding with a chapter on the guidance of souls with some consideration of the qualities of the ideal director from the Preface.

What is Religion? Nigel Ajay Kumar, 2014-01-15

What Is Religion is one of those questions rarely asked by Christian theologians who engage in interreligious discourse Nigel Ajay Kumar makes the case however that to answer this question is critical for Christian scholars who want to negotiate multiple religious identities as well as for those who want a clearer understanding of their own faith as religion Kumar takes a historical and theological approach to answering this question The history of the concept of religion is traced from biblical times to the Indian independence era Then a theological answer is offered not only by looking at the classical Indian theologian Pandipeddi Chenchiah but also by listening to other contemporary secular and theological voices This is the South Asian Edition of the original Wipf Stock edition 2013 with the same name Norbert and Early Norbertine Spirituality Theodore James Antry, Carol Neel, 2007 Having met with resistance in his attempts to reform the clergy in his native Xanten Norbert ca 1080 1134 founded a religious community in France His establishment was the first house of an eventually hugely successful order the Canons Regular of Premontre also known as the Premonstratensians or Norbertines Although Norbert who was appointed archbishop of Magdeburg in 1126 left no writings his followers produced many important texts in their efforts to reform a lax and demoralized clergy Yet despite these authors significance to the spirituality of their age their words and their historical context are little known to modern readers This volume renders audible the voices of the twelfth century followers of Norbert presenting the most important early Premonstratensian texts including two versions of the Vita Norberti along with an introductory essay describing their place in twelfth century religious life Book jacket
