

The background of the cover is a classical painting of an angel, likely Raphael's 'The Angel of the Annunciation'. The angel is depicted with large, feathered wings, wearing a flowing robe, and holding a lily. The scene is set against a warm, golden-brown background with soft, ethereal light.

Spirituals Wesleyan New Poets:

Spirituals Bruce Beasley, 1988 **The Corpse Flower** Bruce Beasley, 2016-06-01

The Corpse Flower brings works from Bruce Beasley's first four award-winning collections together with twenty-five new poems organizing them around the metaphor that gives the book its title: an enormous tropical bloom that reeks like carrion and around whose three-day florescence dung beetles, flies, sweat bees, and pollen gummed all over their furred feet. The corpse flower serves as a figure for Beasley's coming to terms with birth and death, fecundity and decay, the illusion of death and the flourishing of the rare and beautiful out of the materials of the decayed. The Corpse Flower traces a spiritual pilgrimage weaving autobiography into a larger meditation on the materials of language and of the life of the spirit. Beasley's is a deeply physical spirituality as he writes in one poem the soul's impossible to tell from the objects of its appetite. Throughout these poems family mythology as well as religious and mythic narrative and iconography become occasions for extraordinary meditations on the physicality of birth and death, beginnings and endings. This substantial selection of Bruce Beasley's work written over a twenty-year period offers the opportunity to experience page by page a poet's evolution and to follow a unique creative mind as it reaches through interrogations of faith, science, and art toward some form of resolution, a resolution increasingly represented by the beauties of language itself. On Summer Mystagogia: These brilliant poems often both mythic and demotic powerfully initiate the reader into a world at once marred and yet suffused by the signs and wonders of an irresistible grace. A wonderfully resilient and hard-won poetry of witness. Boston Review

Poetry as Spiritual Practice Robert McDowell, 2008-07-15

When we read and write poetry it is as if a long settled cloud in our mind suddenly dissipates and we are divine once again. From the Introduction: Poetry is the language of devotion in prayer, chant, and song. Reading and writing poetry creates clarity, deepens and expands spiritual inquiry, and cultivates wisdom, compassion, self-confidence, patience, and love. In author Robert McDowell's words, poetry makes you into a tuning fork of the Divine. But poetry has disappeared over the centuries from religious ceremonies, academic curricula, and public discourse. In *Poetry as Spiritual Practice*, the first inspirational and instructional guide to combine poetry and spirituality, McDowell restores poetry as the natural language of spiritual practice and invites you to recognize poetry as the pure sound and shape of your spirit. Vividly illustrated with a wide range of poems from all historical eras and poetic traditions, numerous religions and faiths, and McDowell's own and his students' work, *Poetry as Spiritual Practice* will reintroduce you to the unique pleasure of verse. And meditations throughout will allow you to integrate reading and writing poetry into your spiritual journeys and daily life. Since many of us have long forgotten or never learned the mechanics and terminology of poetry—trochaic feet and tropes, trip us up—we can't tell a villanelle from its shorter cousin, rondeau, and a terza rima may as well be a tanka. This is also an instructional handbook on reading and writing poetry. An engaging guide through the landscape of world poetry, McDowell argues along the way for the many practical benefits of poetic literacy. Making poetry an essential part of daily rituals, aspirations, and intentions will put

you on the path to greater meaning growth and peace in your life At once an engaging technical primer a profound meditation on the relationship between poetry and the Divine and an inspirational guide for integrating poetry into spiritual practice Poetry as Spiritual Practice will become a cherished companion

Spiritual, Blues, and Jazz People in African American Fiction A. Yemisi Jimoh, 2002 In this book A Yemisi Jimoh demonstrates the critical influence of music on the fiction of various twentieth century African American writers Exploring novels and short stories by Toni Morrison John Edgar Wideman Zora Neale Hurston James Baldwin Ralph Ellison and others Jimoh shows how black musical traditions specifically Spirituals Blues and Jazz are used to shape characterizations and thematic content and to evince ideas emotions and experiences The author's analysis situates the literary texts she discusses within the diverse social energies of their times and locates important intersections where music history politics and literature meet Jimoh carefully distinguishes among the different musical forms and shows how in fiction they are transformed into rich metaphors She explains for example how characters and themes drawing on the Spiritual Gospel tradition de-emphasize human agency depicting earthly survival as a transitory state and heavenly triumph as a victory By contrast in Blues fiction characters must often negotiate an environment of alienation change and uncertainty in order to achieve a more earthly triumph even if that triumph is only survival Jazz fiction meanwhile goes beyond Blues and Spiritual expressions to explore new realms revealing a space for infinite options radical change resistance and revolution This innovative book examines novels that have not previously received extensive attention including Albert Murray's Train Whistle Guitar Wallace Thurman's The Blacker the Berry and Ann Petry's The Street At the same time it brings fresh and intriguing readings to such widely studied works as Ellison's Invisible Man and Morrison's Sula Finally it suggests some exciting directions for future study as new generations of African American musicians and writers continue to develop and expand on established traditions and forms The Author A Yemisi Jimoh is an associate professor of English at the University of Arkansas Fayetteville Her articles have appeared in African American Review Contemporary African American Novelists and other publications

Israel's Poetry of Resistance Hugh R. Page Jr., 2013-07-26 Noting that Israel's earliest responses to earth shaking changes were cast in the powerfully expressive language of poetry Hugh R

Page Jr argues that the careful collection and preservation of these traditions now found in every part of the Hebrew Bible was an act of resistance a communal no to the forces of despair and a yes to the creative power of the Spirit Further Page argues the power of these poems to craft and shape a future for a people who had suffered acute displacement and marginalization offers a rich spiritual repertoire for African peoples today and for all who find themselves perennially outside the social or political mainstream Here Page offers fresh translations and brief commentary on the Bible's fifteen earliest poems and explores the power and relevance of these poems and the ancient mythic themes behind them for contemporary life at the margins

Make Us Wave Back Michael Collier, 2007 A collection of essays written over twenty years trace the author's literary temperament

The Spiritual Imagination of the Beats David Stephen Calonne, 2017-08-17 The Spiritual Imagination of the Beats is the first comprehensive study to explore the role of esoteric occult alchemical shamanistic mystical and magical traditions in the work of eleven major Beat authors The opening chapter discusses Kenneth Rexroth and Robert Duncan as predecessors and important influences on the spiritual orientation of the Beats David Stephen Calonne draws comparisons throughout the book between various approaches individual Beat writers took regarding sacred experience for example Burroughs had significant objections to Buddhist philosophy while Allen Ginsberg and Jack Kerouac both devoted considerable time to studying Buddhist history and texts This book also focuses on authors who have traditionally been neglected in Beat Studies Diane di Prima Bob Kaufman Philip Lamantia and Philip Whalen In addition several understudied works such as Gregory Corso's *The Geometric Poem* inspired by Corso's deep engagement with ancient Egyptian thought are given close attention Calonne introduces important themes from the history of heterodoxy from Gnosticism Manicheism and Ismailism to Theosophy and Tarot and demonstrates how inextricably these ideas shaped the Beat literary imagination

Mysticism in Postmodernist Long Poems Joe Moffett, 2014-10-28 Written from a literary critic's perspective *Mysticism in Postmodernist Long Poems* borrows insights from Religious Studies and critical theory to examine the role of spirituality in contemporary poetry specifically the genre of the long poem Descending from Whitman's *Song of Myself* the long poem is often considered the American twentieth century equivalent of the epic poem but unlike the epic it carries few generic expectations aside from the fact that it simply must be long This makes the form particularly pliable as a tool for spiritual inquiry The period following World War II is often described as a secular age but spirituality continued as a concern for poets as evidenced by this study These writers look beyond conventional faith systems and instead seek individual paths of understanding they engage in mysticism in other words With chapters on H D and Brenda Hillman Robert Duncan James Merrill Charles Wright and Galway Kinnell and Gary Snyder this study demonstrates how these poets engage the culture of consumption in the postwar years at the same time they search for opportunities for transcendence Not content to throw over the earthly in favor of the otherworldly these poets reject the familiar binary of the worldly and metaphysical to produce distinctive paths of spiritual understanding that fuel what Wright calls a contemplation of the divine
