Recovering Human Beings Edwin Zackrisson, 2019-07-26 This book will examine some of the perspectives of reality that can help us realize the pattern of our recovery In our notions of improvement there are elements of value and worth which stress direction and evaluation These elements are closely related to rationale aim and goal We call them wishes Christianity does not just talk of desire Appeal often falls short of action The reality of healing through our faith is directed by divine action Theologians write about concepts like covenant sacrifice depravity and vindication And they put meanings in those terms which often escape the man on the street We will look at some of these perceptions in our study of this reality Love is demonstrated in our acts Sometimes the Bible writers refer to this as right doing of loving response Our love finds its convincing expression in good acts Actions attract equivalence from others Educators refer to this the contrast between cognition and affection If Mama Ain't Happy, Ain't Nobody Happy!
