**Gridiron Gourmet** Maria J. Veri, Rita Liberti, 2019-09-02 On football weekends in the United States thousands of fans gather in the parking lots outside of stadiums where they park their trucks let down the gates and begin a pregame ritual of drinking and grilling Tailgating which began in the early 1900s as a quaint picnic lunch outside of the stadium has evolved into a massive public social event with complex menus extravagant creative fare and state of art grilling equipment Unlike

traditional notions of the home kitchen the blacktop is a highly masculine culinary environment in which men and the food they cook are often the star attractions Gridiron Gourmet examines tailgating as shown in television film advertising and cookbooks and takes a close look at the experiences of those tailgaters who are as serious about their brisket as they are about cheering on their favorite team demonstrating how and why the gendered performances on the football field are often matched by the intensity of the masculine displays in front of grills smokers and deep fryers

**Food and Drink in American History** Andrew F. Smith, 2013-10-28 This three volume encyclopedia on the history of American food and beverages serves as an ideal companion resource for social studies and American history courses covering topics ranging from early American Indian foods to mandatory nutrition information at fast food restaurants The expression you are what you eat certainly applies to Americans not just in terms of our physical health but also in the myriad ways that our taste preferences eating habits and food culture are intrinsically tied to our society and history This standout reference work comprises two volumes containing more than 600 alphabetically arranged historical entries on American foods and beverages as well as dozens of historical recipes for traditional American foods and a third volume of more than 120 primary source documents Never before has there been a reference work that coalesces this diverse range of information into a single set The entries in this set provide information that will transform any American history research project into an engaging learning experience Examples include explanations of how tuna fish became a staple food product for Americans how the canning industry emerged from the Civil War the difference between Americans and people of other countries in terms of what percentage of their income is spent on food and beverages and how taxation on beverages like tea rum and whisky set off important political rebellions in U S history
