**This Day in Sports** Ernie Gross, 2017-07-06 Sports events represent for many landmarks for memories contexts that securely fix moments in past time And in America perhaps more than in any other country they are part of what connects the individual to the multitude When we add them to our remembrances they subtly suggest that like sporting contests our personal tales are fit for public consumption How easy and natural it is to add a little referential sidebar to the stories we tell I started work in January I remember because the Bills had just lost the Super Bowl the fourth one On a broader scale sports have left their imprint on the stony history of the nation Beginning slowly with a game of bowls 1611 something like miniature golf in New England 1652 horse racing on Long Island and billiards in Charlestown 1722 the sporting life then gained momentum and a firmer grip on the national conscience with the early play of baseball basketball and football games that would come to dominate the sports scene in 20th century America Organized by day of the year this volume provides the browser the trivia buff and the sports historian a record of thousands of frames matches series and championships Whether it is the day a bases loaded walk gave the National League its 16th All Star victory in 17 seasons July 17 1979 or the day Harvard defeated Yale and Brown in the first ever intercollegiate regatta July 26 1859 there is something new buried within the tome's 365 layers for even the most knowledgeable fans      **Sports Current Affairs Yearly Review 2021 Ebook: All Sports News** Testbook, 2022-01-24 Get ready to solve every question of sports in exams with the help of this Sports Current Affairs Yearly Review 2021 E book This annual review covers news from different sports such as Cricket Olympics Tennis Football Badminton Formula One etc      **Sports Current Affairs June 2022 -Get All Sports News Covered**

beginning of athletes gaining a sense of autonomy for their own careers integration becoming at least within sports more of the rule than the exception and the social revolution that brought females more decisively into sports as athletes coaches executives and spectators More than politicians musicians or actors the decade in America was defined by its most exemplary athletes The sweeping changes in the decade could be seen in the collective experience of Billie Jean King and Muhammad Ali Henry Aaron and Julius Erving Kareem Abdul Jabbar and Joe Greene Jack Nicklaus and Chris Evert among others who redefined the role of athletes and athletics in American culture The Seventies witnessed the emergence of spectator sports as an ever expanding mainstream phenomenon as well as dramatic changes in the way athletes were paid portrayed and packaged In tracing the epic narrative of how American sports was transformed in the Seventies a larger story emerges of how America itself changed and how spectator sports moved decisively on a trajectory toward what it has become today the last truly big tent in American culture
