The Global Journey of Football: From the origins of the beautiful game to its recent use as a social catalyst

Alexander Cárdenas, 2014-03-01 Football's consolidation as the world's most popular sport is the result of both the inherent attributes of the game that is its simplicity and universality as well as the historical processes that have contributed to the expansion of this sport throughout time Although the game has undergone very little structural transformation in the last decades one of most notable developments in the world of football has taken place in the new application of the sport as a tool for social change This has generated a true global social movement encompassing a multitude of actors such as national governments the private sector international organizations and NGOs around the issue of development and peace through sport With this background the purpose of this book is two fold 1 Provide an overview of the history evolution and global expansion of football 2 bring to light the recent transformation experienced by the game as a social movement and as an agent of community change This part includes the grassroots project Goals for Peace in Colombia and the Philippines which aims at assessing the ways and extent to which this sport can be a transformative tool
