Unleash the huge potential of Sports ministry in your area with Sports Outreach *Sports Ministry* David B. Lewis, David Irby, William Galipault, Wayne Rasmussen, 2023-01-09 The hope of the Gospel is a universal message and sports are arguably the universal language. Sharing the former through the latter is a powerful combination for changing lives. And for students with a heart for both the field of sports ministry presents compelling career opportunities. Until now there has never been a college textbook devoted to the subject. With the arrival of Sports Ministry college and university instructors have a dedicated text for educating students on the how-to process of developing viable sports ministry programs that share the Word and positively influence the world in which we live. The book begins with a description of what sports ministry is and a historical overview of the sports ministry movement including stories of prominent individuals and organizations past. Students will learn about the many sports ministries serving today at the local, national, and international levels such as the Fellowship of Christian Athletes, Athletes in Action, and Missionary Athletes International. Through each chapter's Sports Ministry in Action and Interview With a Professional sidebars, students will get a glimpse into the lives and ministries of individuals and organizations working in sports ministry and learn about the career opportunities available in the field. The underpinnings of sports ministry are evangelism and discipleship, and to that end, students will learn various methods for Gospel communication within the sports context. The book also deliberates the intersection of sports and faith, weighing the positive and negative aspects of competition and whether competitive sport is compatible with faith. Included are six principles for making decisions regarding sport participation and a three-step process for using biblical precepts to determine ethical behavior in sport. Chapters dedicated to finances, facilities, and legal considerations inform students on the corporate aspects of running a sports ministry program. These include the five main approaches for securing financial resources, a framework for planning and selecting the right facility, and strategies for mitigating risk. The final section of the book looks at the implementation of sports ministry programs locally and internationally. Four common types of local church-based events are discussed: onsite community jaunt event and short-term missions, with examples of each included. Students will gain an understanding of key administrative responsibilities for organizing international missions. The cross-cultural nature of sports ministry both locally and abroad requires students to cultivate an awareness of and respect for other cultures to foster
