Spring Shade Poems 1931 197:

Mrs. October was Here Coleman Dowell, 1974 Welcome to the quintessential American town Oh beautiful for specious skies For ambient waves of pain **Tongues of Fallen Angels** Selden Rodman, Jorge Luis Borges, 1974 Selden Rodman's *Tongues of Fallen Angels* is a collection of conversations with twelve ranking authors leading men of letters in the Western Hemisphere with accompanying informal photographs From Spanish America Jorge Luis Borges Gabriel Garcia Marquez the late Pablo Neruda and Octavio Paz From Brazil Vinicius de Moraes and Joan Cabral de Melo Neto From Trinidad the poet playwright Derek Walcott From the United States Robert Frost Allen Ginsberg Ernest Hemingway Stanley Kunitz and Norman Mailer An impressive list and all the more so given Rodman's remarkable power to give human substance to figures whose everyday words have been generally ignored in favor of their writings and other public pronouncements When Rodman's *Conversations With Artists* appeared in 1957 it aroused a storm of controversy intentionally polemical it became a storm center in the battles then raging in the art world Rodman's journals also contained records of fiery bouts with novelists and poets of stature He was urged at the time to publish them but refrained preferring to wait for a book of a different more empathic intent in putting together *Tongues of Fallen Angels* Rodman the editor of such seminal anthologies as *One Hundred British Poets* and *One Hundred American Poets* forcefully asserts the essential social role of the creator The minor poet he declares is primarily concerned with form or innovation the major one uses these tools almost unconsciously to say something he feels he has to say and which the world will be better for hearing *Gorf* Michael McClure, 1976 The murdered Mert and Gert are reborn in the search for their child the Shitfer who disintegrated when hurled through Time and Space is resurrected as his discrete pieces find and recognise their unity And presiding over all is Gorf himself the flying purple phallus the cosmic joke and life principle *Poems for the Game of Silence, 1960-1970* Jerome Rothenberg, 1975 I look for new forms and possibilities writes Jerome Rothenberg in *Poems for the Game of Silence* but also for ways of presenting in my own language the oldest possibilities of poetry going back to the primitive and archaic cultures that have been opening up to us over the last hundred years It is this combined sense of mystery and authenticity in words and new structures that approach archetypal chant that informs his poetry First published in 1971 this volume brings together a selection of Rothenberg's early groundbreaking work a wide range of experimental forms both written and oral set beside renderings of Native American Australian and other primitive songs as well as the ancestral poems exploring his own origins that look forward to his later poetry *Baudelaire* Martin Turnell, 1972 **The Poet in the World** Denise Levertov, 1973 Using the medium of prose the contemporary poet expresses her thoughts on the poet's craft and other writers **Gandhi on Non-Violence**, 1965 *Complete Poems and Major Prose* John Milton, 2003-01-01 First published by Odyssey Press in 1957 this classic edition provides Milton's poetry and major prose works richly annotated in a sturdy and affordable clothbound volume *Paperbound Books in Print*, 1983 **The Times Literary Supplement Index, 1902-1939**, 1978

Stonewall Jackson and Religious Faith in Military Command Kenneth E. Hall, 2005-05-03 The relationship between war and religion is nothing new For millennia humankind has waged war over religion and derived religion from war It is not surprising then that military leadership and religious conviction frequently coincide This study documents the long tradition of the religious warrior in Western history and literature with a special focus on Civil War general Thomas J Stonewall Jackson It also provides a general survey of the religious antecedents of Jackson and other more modern American military heroes The book begins with an introduction to the Confederate general largely from the perspective of those who lived with and served under him whose testimonies attest to his courage initiative innate tactical talent deep religious faith and eccentric personal habits The author analyzes the extent to which Jackson's national zeal has elevated him to the status of a religious martyr remembered today within an epic frame of sainthood and heroism Concise comparisons are drawn between Jackson and his Old World predecessors including Ulrich Zwingli John Knox and Oliver Cromwell Similar associations are made between Jackson and such Civil War contemporaries as William Dorsey Pender and Oliver Otis Howard A chapter addressing the representation of Stonewall in modern Civil War literature and film particularly in the novel and subsequent motion picture *Gods and Generals* provides an insightful juxtaposition of Jackson's status among the gods of the Civil War and his own reverence for the God of his Presbyterian faith
