Boswell,2011-07-19 This book is a commentary in the form of a journal It is meant to be something like a diary kept by a tourist or a spy of his travels in a strange land recording questions and observations and opinions on everything he sees for other travelers on the same road It could be also called a dialogue because the author records the conversation that he has with Genesis as he moves along and the conversation he has with himself in the privacy of his motel room In both ways it is the account of a journey with the idea that it may be of some use to others traveling the same road The author is writing as an amateur to other amateurs He is not a professional theologian nor a biblical scholar and while his intent is to think as deeply and truly as he can he is not doing so as a professional There are several advantages that an amateur may have over a professional in a case like this First the amateur can be much bolder in what he questions and in the answers he considers The professional always has something on the line always something at risk namely his reputation He cannot venture far off the beaten path without being in some danger of losing his respectability The amateur on the other hand has little respectability to lose and little reputation to risk What Dr Boswell would not be able to risk in mathematical writing he can be quite at liberty to risk in this project It can be exhilarating Secondly the amateur has a much friendlier connection with the average reader The amateur is something of an equal with the average reader though presumably with something to say worth the hearing Since they are introduced as equals the reader can feel safer less threatened more entitled to join in the conversation that the author is trying to create With a professional author there is always the sense of obligation that one should not argue back with the scholar only another scholar has the credentials to join in their conversation and the rest of us must sort it all out as best we can But with this book there is no need of restraint anyone can be drawn in to the discussion anyone can feel entitled to disagree with impunity It can be exhilarating This book is not meant to be a Bible made simple book It is written by someone who loves to think and is written for others who love to think It is written by someone who is not timid about difficult questions and is written for others who have no fear of such things But most of all it is a book written for the pure joy of the thing and for those who might share that joy **Female CEO's Superior Master** Gu Lang,2019-12-06 Li Wenlong was the driver of the beautiful female leader so he was well aware of how deep the female leader s background was **No Man Dies Twice** Michael Smith,2018-03-13 In this World War II detective novel a beleaguered German cop s latest case leads him to foreign spies and a plot to assassinate Hitler Insp Peter Ritter one of the few honest detectives left in wartime Germany is losing his grip on reality The word on the street in the small Bavarian city of Rosenheim is that Ritter is not long for this world He s made too many enemies with his rants against

the regime and his obsession with solving crime even when the villains are Nazi officials The Gestapo is tracking his every move and his marriage is falling apart His only refuge is in drunken conversations with the specter of his dead father in law When the killing of a Jew is followed by the bloody and brutal stabbing of the local Gestapo chief Ritter realizes there is far more going on than just homicide He uncovers a plot to assassinate Hitler with British spies fighting a turf war on his patch Ritter is left with a stark choice call in the Gestapo or let the assassins succeed in the hope that killing the F hrer will save the Germany he loves Perfect for fans of Tom Rob Smith and Philip Kerr Praise for No Man Dies Twice Riveting Smith takes us into an area of wartime Germany we have rarely read about before Joseph Heywood New York Times bestselling author of Shadow of the Wolf Tree A powerful debut full of fear suspense violence and geopolitical machinations Smith explores turf reminiscent of the historical fiction of Alan Furst and Joseph Kanon Sebastian Rotella author of Rip Crew A gripping mystery Publishers Weekly
