**Hong Kong Public and Squatter Housing** Alan Smart, Fung Chi Keung Charles, 2023-05-09 In Hong Kong Public and Squatter Housing Geopolitics and Informality 1963 1985 Alan Smart and Fung Chi Keung Charles trace two decades of development of squatting in Hong Kong The authors reconstruct the government policy on squatting through both ethnographic and archival research The book sheds new light on the consequences of various attempts to control encroachment on scarce urban space It argues that intersecting policy agendas resulted in decisions that were often not desired but which emerged as practical solutions from prior failures The authors address the challenges of explaining confidential policy decisions and offer new approaches applicable in other contexts Overall Smart and Fung make an important contribution to the understanding of how public housing and squatting interacted in influential ways that have been poorly understood and offer new perspectives on the challenges of urban governance and housing problems The definitive history of how resettlement policies evolved as the squatter population swelled and as London and Beijing moved closer to signing the 1984 Sino British Declaration A masterful combination of theorizing and documentary sleuthing a landmark in contemporary debates over the optimal responses to the formalization of informal property Deborah Davis Yale University Smart and Fung offer a fresh and thought provoking analysis of the changing state society relations in the postwar decades by unravelling the complexities of Hong Kong s urban landscape through their critical analysis of the question of informality and the issue of squatting Lui Tai Lok Education University of Hong Kong Employing ethnography and combing through archives Smart and Fung uncover how the British formalized squatter housing Highlighting questions of sociopolitical and historical change by analyzing bureaucratic and geopolitical forces a fascinating project delving into the nature of colonial rule immigrant resilience and political economic structures A major contribution to evidence based settler colonial studies Setha Low City University of New York

**Rethinking Global Modernism** Vikramaditya Prakash,Maristella Casciato,Daniel E. Coslett,2021-11-22 This anthology collects developing scholarship that outlines a new decentred history of global modernism in architecture using postcolonial and other related theoretical frameworks By both revisiting the canons of modernism and seeking to decolonize and globalize those canons the volume explores what a genuinely global history of architectural modernism might begin to look like Its chapters explore the historiography and weaknesses of modernism s normative interpretations and propose alternatives to them The collection offers essays that interrogate transnationalism in new ways reconsiders the agency of the subaltern and the roles played by infrastructures materials and global institutions in propagating a diversity of modernisms internationally Issues such as colonial modernism architectural pedagogy cultural imperialism and spirituality are engaged With essays from both established scholars and up and coming researchers this is an important reference for a new understanding of this crucial and developing topic

**State Formation** Christian Krohn-Hansen,Knut G. Nustad,2005-09-20 What is the state and how can we best study it This book investigates new ways of analysing the state The contributors argue that the state is not a fixed and definite object Our perceptions of it are constantly

changing and differ from person to person What is your idea of the state if you are a refugee Or if you are living in post apartheid South Africa Our perceptions are formed and sustained by evolving discourses and techniques these come from institutions such as government but are also made by communities and individuals The contributors examine how state structures are viewed from the inside by official state bodies composed of bureaucrats and politicians and how these state manifestations are supported reproduced or transformed at a local level An outline of theoretical approaches is followed by nine case studies ranging from South Africa to Peru to Norway With a good range of contributors including Cris Shore Clifton Crais Ana Alonso and Bruce Kapferer this is a comprehensive critical analysis of anthropological approaches to the study of state formation

**Legal Issues in the Rehabilitation of Abandoned Housing Projects (UUM Press)** Nuarrual Hilal Md. Dahlan, 2011-01-01 Abandoned housing project is one of the housing problems in Peninsular Malaysia Even though there are laws and policies provided by the Malaysian Government to control the housing industry the abandoned housing project is still an unsettled issue for the Malaysian Government to tackle The real victims are the purchasers themselves There is virtually no standard common way to face the problems of abandoned housing projects Likewise there is no similar specific method to deal with the rehabilitation of abandoned housing projects This is due to the fact that in every abandoned housing project and its rehabilitation the problem and issues faced by the stakeholders vary Thus different methods are used to deal with the problems especially to rehabilitate the projects If the project is not variable for rehabilitation the project will be stalled forever without any prospects for rehabilitation to the detriment of the purchasers This book discusses the law and practice in rehabilitating abandoned housing project in Peninsular Malaysia Certain suggestions are also provided in this modest book for facing the problems of abandoned housing projects and their rehabilitation in Peninsular Malaysia and for the betterment of the housing industry in Peninsular Malaysia

**Managing Ethiopian Cities in an Era of Rapid Urbanisation** Meine Pieter van Dijk, Jan Fransen, 2008 **City of Extremes** Martin J. Murray, 2011-06-20 A powerful critique of urban development in greater Johannesburg since the end of apartheid in 1994 *Contested Property Claims* Maja Hojer Bruun, Patrick Joseph Cockburn, Bjarke Skærlund Risager, Mikkel Thorup, 2017-12-01 Property relations are such a common feature of social life that the complexity of the web of laws practices and ideas that allow a property regime to function smoothly are often forgotten But we are quickly reminded of this complexity when conflict over property erupts When social actors confront a property regime for example by squatting they enact what can be called contested property claims As this book demonstrates these confrontations raise crucial issues of social justice and show the ways in which property conflicts often reflect wider social conflicts Through a series of case studies from across the globe this multidisciplinary anthology brings together works from anthropologists legal scholars and geographers who show how exploring contested property claims offers a privileged window onto how property regimes function as well as an illustration of the many ways that the institution of property shapes power relationships today *Kenya National Assembly Official*

*Record (Hansard)* ,1997-07-23 The official records of the proceedings of the Legislative Council of the Colony and Protectorate of Kenya the House of Representatives of the Government of Kenya and the National Assembly of the Republic of Kenya

**The Shek Kip Mei Myth** Alan Smart,2006-06-01 Alan Smart raises serious questions about the standard view that Hong Kong s mass public housing programme was a direct and humane response by the Government to the Shek Kip Mei fire Rather he argues that the Government s response to that fire was grudging and incremental rather than a sharp and radical turning point and that the security and stability of Hong Kong weighed as heavily possibly more so in the decisions than the predicament of the fire victims His research shows that a whole sequence of major fires after Shek Kip Mei and the political costs of the Mainland sending comfort missions to fire victims both before and after were needed to bring about the final commitment to provide mass public housing In his critical examination of the conventional position Professor Smart bases his case on a thorough reading of government records and provides a careful investigation into the origins of the public housing policy in Hong Kong This volume makes an important contribution to the postwar history of Hong Kong and is a significant addition to the study of its modern development
