Adams, 2023-05-30 Seven years ago Captain Yala Palathar was a hero She and her squad of close knit dragon riding warriors were Laria s elite fighting for their nation alongside the monarch and his magic wielding Disciples Seizing control of an

unmanned island should have been a simple mission but Yala's squad was little prepared for the horror and tragedy that awaited. Instead of triumph all Yala and her allies found was death. Years on Yala lives in seclusion in the deep jungle ignoring the rumours of unrest in the capital following the end of the war. She little expects assassins to find her hideout nor does she anticipate the mission that ended her career to have given rise to rumours that see her targeted by mercenaries vying to claim a price on her head. With the other survivors from her squad being picked off one by one she has little choice but to return to the capital in the hopes of finding answers. Whether the truth lies with the Disciples of the Flame who refused to believe her stories of the monstrous beasts that haunted the island or with the long dead king who sent her squad to their doom one thing is clear Yala must finish the battle she started all those years ago even if it brings her face to face with the god of death. Himself. Death's Disciple is the first in a dark epic fantasy quartet featuring giant war dragons political intrigue flawed heroes and nail biting action. For fans of character driven fantasy by authors such as Anna Stephens Jen Williams and Tamsyn Muir.

*Managing Death* James M. Hoefler, 2019-08-15. Many Americans before they die will go through a stage where they are unable to make competent decisions about their own life sustaining medical treatment. More and more family members and care givers are facing these difficult decisions in their stead becoming engulfed in questions about personal wishes medical ethics state and federal law and quality of life. Drawing on provocative case studies personal interviews and detailed research James Hoefler examines the medical legal ethical and clinical aspects of such right to die issues. Beginning with the legal struggle of a woman whose son existed in a persistent vegetative state PVS for seventeen years the author moves into a broader look at consensus among professional organizations from the AMA to the President's Commission to the National Center for State Courts beliefs of mainstream religious groups public opinion issues surrounding end stage Alzheimer's and other organic brain disorders that can slowly lead to PVS and the role of artificial nutrition and hydration in these cases. Hoefler concludes with recommendations on how to improve the quality of right to die decision making. An absorbing read with a minimum of technical jargon this book is a valuable guide to care givers public policy students medical ethicists family members and anyone facing questions about an individual's right to die.

*Death Benefit* Robin Cook, 2011-12-27. An exciting St Louis Post Dispatch novel of unchecked greed medical malfeasance and startling science from the 1 bestselling master of the medical thriller. The New York Times. An intense read that raises thought provoking questions. Associated Press. Pia Grazdani is an exceptional yet aloof medical student working closely with Columbia University Medical Center's premier scientist on cutting edge research that could revolutionize health care by creating replacement organs for critically ill patients. But when tragedy strikes in the lab Pia with the help of classmate George Wilson launches an investigation into the unforeseen calamity in the hospital's supposedly secure biosafety lab. Meanwhile two ex Wall Street whiz kids think they've found another loadstone in the nation's multitrillion dollar life insurance industry and race to find ways to control actuarial data and securitize the policies of the

aged and infirm to make another killing As Pia and George dig deeper into the events at the lab one question remains unanswered Is someone attempting to manipulate private insurance information to allow investors to benefit from the deaths of others     The Code of Federal Regulations of the United States of America ,1939     **Death was His Kōan** Winston Lee King,1986 Biography and views of Shosan 1579 1655 a samurai turned Zen Buddhist monk by a noted scholar     *Reports of the Tax Court of the United States* United States.
