Supernatural Principalities And Powers:

Supernatural Principalities and Powers Lester Sumrall, 1983 If you think witchcraft demons and magic are bizarre but harmless nonsense then you should read this disturbing overview of satanic strategies *BREAKING THE CHAINS OF CURSES* Preaching Flames, 2016-11-14 The book *BREAKING THE CHAINS OF CURSES* was written to give a more profound understanding of curses from the view point of the word of God The book outlines the details that not only help one to easily identify curses but also offers step by step blueprint to breaking the chains of curses and consequently claim victory over demons The book confirms without doubt that demons are for real and not an unfounded theory as many people tend to believe Above all this book details the preeminence of Christ Jesus Christ whose enduring authority He has vested in everybody who believes in Him **The Potential and Power of Prayer** Chuck Lawless, 2022-07 Why is it a struggle to pray Respected professor speaker and pastor Dr Chuck Lawless explores the power of a praying church and how it can transform your ministry Through prayer we have access to the all powerful living God Even so too many of us are tempted to start our days prayerless and feeling alone How can this be We can't afford to be so negligent because whether we realize it or not we all face a high stakes spiritual battle when we step out into our communities In *The Potential and Power of Prayer* Chuck Lawless illustrates how churches need to take prayer seriously in order to grow explores how Jesus and the early church depended on God through prayer explains how prayer is essential to preparing for spiritual battles and guides church leaders in establishing the priority of prayer and a thriving prayer ministry in their churches God chooses to move among Christians who humbly come to him in prayer who depend on him for strength and guidance **Angels** George J. Marshall, 2015-08-13 In the 1990s alone more than 400 works on angels were published adding to an already burgeoning genre Throughout the centuries angels have been featured in among others theological works on scripture studies in comparative religions works on art architecture and music philological studies philosophical sociological anthropological archeological and psychological works and even a psychoanalytical study of the implications that our understanding of angels has for our understanding of sexual differences This bibliography lists 4 355 works alphabetically by author Each entry contains a source for the reference often a Library of Congress call number followed by the name of a university that holds the work More than 750 of the entries are annotated Extensive indexes to names subjects and centuries provide further utility *On Earth as It Is in Heaven - Firstfruits* Eagle Feather, 2022-12-13 We meet Eagle Feather from the west coast of Turtle Island She is a healer and medicine woman of an extinct tribe Millennia later she re appears in the current technocratic system and has recently discovered her true purpose in life From the books of Mel Bond a faith practicing minister she learns how to remove demons from her body and mind A few encounters with demon spirits trying to enter her body during the night session convince her that demons exist and that the method to remove them works We follow Eagle Feather through some challenges and how she grows into overcoming them From a Mel Bond service meeting recording Eagle Feather is inspired to bring Terry Cotter into

the Earth realm to give her life We learn about how and why Terry Cotter is being created and witness the ceremony where she receives her mandate of co operating with Eagle Feather Terry Cotter invisibly watches the recorded teaching presentations of current and former faith practitioners while Eagle Feather gathers them on her electronic database to find out whether they work for her Terry Cotter fulfills her initial mandate involving supernatural powers and a promising future for both heroines

The Colossian Syncretism Clinton Arnold,2014-12-01 Our modern era is not unique in its fascination with angels and the spirit world Paul s young converts in Colossae also had a keen interest in the subject but some of them allowed this interest to distort their newfound Christian faith Defining the exact nature of the Colossian heresy however has been a perennial challenge to interpreters The Colossian Syncretism offers groundbreaking evidence on the true nature of the problem that the Apostle Paul opposed so vehemently Drawing upon little known angel inscriptions magical texts and archeological evidence from Asia Minor the author argues that the Colossians tried to combine Paul s teachings about Christ with local pagan and Jewish folk beliefs The result was a syncretism that kept them captive to the fear of evil spirits dependent on the power of magic and amulets and blind to the liberating power of the indwelling Christ the supreme Creator and Lord of all spiritual principalities and powers In addition to unearthing the historical background of Paul s letter to the Colossians The Colossian Syncretism presents Paul s strategy for addressing the religious syncretism he faced there It thus provides a working model for Christian missionaries and evangelists discipling converts from today s religiously pluralistic societies

Healing a Broken Marriage Deborah Ross,2012-04-11 Through her own personal struggles author Deborah Ross shares with readers a message of hope and emotionally identifies with the suffering of a broken marriage This biblical teaching challenges the hurting to believe God against all odds and seeing salvation of the Lord come to pass in their spouse The underlying message Ross emphasizes is 1 Corinthians 13 and the promise that God never fails to offer His love

to hermeneutics and to preaching Paul today The Dictionary of Paul and His Letters takes its place alongside the Dictionary of Jesus and the Gospels in presenting the fruit of evangelical New Testament scholarship at the end of the twentieth century committed to the authority of Scripture utilising the best of critical methods and maintaining dialogue with contemporary scholarship and challenges facing the church *Mercer Dictionary of the Bible* Watson E. Mills, Roger Aubrey Bullard, 1990

Jesus Christ in History and Scripture highlights two related bases for the current revolution in Jesus studies 1 a critically chastened world view that is satisfied with provisional results and 2 a creative or poetic use of the sources of study of Jesus

Civil Government Robert D. Culver, 2009-02-05 This book deserves careful attention In it Culver faces up to a large cluster of important problematics which confront contemporary evangelical thinkers It is basically a biblically study on the meaning of civil government But the author also moves freely into the areas of historical and systematic theology as well as social and political theory he surveys in some depth and in an ordered sequence biblical teachings on the task of the state from the Genesis narratives through the successive epochs of biblical revelation to the New Testament epistles In a sustained way he seeks to draw out some of the implications of these teachings for political life today In erudition this work may be ranked with the best in evangelical scholarship Prof Gordon Spykman Calvin College A carefully worked out biblically conservative statement on politics and government this is an excellent presentation the author lines up his evidence and support with admirable consistency Christian Century In a lucid well organized fashion he traces out the Old and New Testament teaching on civil government and presents it as an aspect of God's creative and providential handiwork Prof Richard V Pierard Indiana State University **On Knowing Humanity** Eloise Meneses, David Bronkema, 2017-07-14 This volume is intended as a critique of anthropology's epistemological and ontological assumptions and a demonstration of the value added by an expanded set of parameters for the field The book's core argument is that whilst ethnographers have allowed their own perspectives to be positively influenced by the perspectives of their informants until recently anthropology has done little in the way of adopting these other viewpoints as critical tools for analysis The book is essential reading for scholars of the anthropology of religion as well as other philosophically oriented social scientists and theologians

Feasting with Demons or with Christ? Samantha Chambo, 2025-04-30 The tradition of African ritual meals is an interesting topic of discussion in the fields of religious studies and cultural anthropology In light of Paul's teachings in 1 Corinthians could these practices for honouring ancestors be perceived as idolatrous Expanding on this comparison Dr Samantha Chambo expertly investigates the transformative power of rituals examining the capacity of the Lord's Supper to impact our relationships with God and others Weaving together African spirituality ritual practices and Pauline theology Dr Chambo offers a unique and culturally informed perspective through the lens of Victor Turner's ritual theory of liminality and communitas Practical applications to ecclesiastical issues come together with an indigenous spiritual perspective to fulfil the need for a comprehensive exploration of the intersection of African ritual meals and Paul's teachings in 1 Corinthians 8:11

Dawn,2008-01-01 Offers advice to those coping with illness or a disability providing spiritual and practical suggestions for coping with such aspects of illness as physical pain regrets bitterness and loneliness **Dictionary of Paul and His Letters** InterVarsity Press,2023-04-11 In this thoroughly revised and updated edition of a classic reference work topics like Christology justification and hermeneutics receive careful treatment by trusted specialists New topics like politics patronage and different cultural perspectives expand the volume s breadth and usefulness for scholars pastors and students today **A Most Peculiar Book** Kristin Swenson,2021-01-04 The Bible we are constantly reminded is the best selling book of all time It is read with intense devotion by hundreds of millions of people stands as authoritative for Judaism and Christianity and informs and affects the politics and lives of the religious and non religious around the world But how well do we really know it The Bible is so familiar so ubiquitous that we have begun to take our knowledge of it for granted The Bible many of us think we know is a pale imitation of the real thing In **A Most Peculiar Book** Kristin Swenson addresses the dirty little secret of biblical studies that the Bible is a weird book It is full of surprises and contradictions unexplained impossibilities intriguing supernatural creatures and heroes doing horrible deeds It does not provide a simple worldview what the Bible says on a given topic is multi faceted sometimes even contradictory Yet Swenson argues we have a tendency to reduce the complexities of the Bible to aphorisms bumper stickers and slogans Swenson helps readers look at the text with fresh eyes A collection of ancient stories and poetry written by multiple authors held together by the tenuous string of tradition the Bible often undermines our modern assumptions And is all the more marvelous and powerful for it Rather than dismiss the Bible as an outlandish or irrelevant relic of antiquity Swenson leans into the messiness full throttle Making ample room for discomfort wonder and weirdness **A Most Peculiar Book** guides readers through a Bible that will feel to many brand new **The Secrets of Apostolic Success** Oppong Kyekyeku,2022-04-19 It is certainly clear to every believer the distinction between the early church and our contemporary church Spiritually speaking it seems we are serving a different God or Christ For example the early church evangelized extensively but now especially the western churches are sleeping excessively They healed the sick but now the church folks are sick with all kinds of diseases without cure They cast out evil Spirits but now there are evil Spirit possessors in the church more than ever before They were sufficient in every spectrum of life but now the church members are deficient in every spectrum of life They shared everything with each other but now Christians are keeping everything for themselves even tithes They were selfless with the attitude of putting others first but now the church folks are selfish with the attitude of me I and myself first They were willing to die for Christ at any cost but now Christians want Christ to die for them again for no cost Finally they turned their world upside down but now the world is turning the church upside down The church needs to wake up otherwise our next generation will suffer the defeat of apostasy as the
