Williams,1999-05-27 This book challenges the domination of the institutional church as the overriding concern of nineteenth century religious history by taking as its starting point the nature and expression of religious ideas outside the immediate sphere of the church within the wider arena of popular culture It considers in detail how these beliefs formed part of a richly textured language of personal familial and popular identity in the day to day lives of the inhabitants of the London Borough of Southwark between c 1880 and the outbreak of the Second World War The study highlights the persistence of patterns dismissed as alien to the industrial and urban environment The interaction of folk idioms with institutional religious language and practice is also considered and urban popular religion is identified as a distinctive system of belief in its own right This study also pioneers a methodology for exploring belief and interpreting it as a popular cultural phenomenon A wide range of source materials are drawn on including oral history Centrality is given to understanding the ways in which individuals expressed and communicated their religious ideas **The Good Luck Book** Heather Alexander,2023-11-21 Ever wondered why we knock on wood cross our fingers or say white rabbits on the first day of the month Dive in and learn about fascinating traditions and superstitions from all over the world The Good Luck Book explores the surprising and sometimes scary history of the world s most practiced traditions and superstitions and plenty more that you probably won t have heard of Discover superstitions old and new from China to Chile the USA to the Ukraine Learn how and why they started and why people still participate in them today Featuring fascinating topics including animals nature sport life events the human body and lucky locations The Good Luck Book is packed with bold original illustrations fun facts and the origin stories behind rituals and superstitions Ideal for young readers curious about world culture and why we do the things we do this colorful and charming book will amaze and entertain County Folk-lore Folklore Society (Great Britain),1908 Publications of the Texas Folklore Society ,1926
