comedy of the absurd It gathers the saints and warriors and celebrates the stars whose wit enabled endurance in days of violence and deprivation With patience and respect Glassie describes life in a time and a place exactly like no other and yet Ballymenone is like a thousand other places where people work on the land during the day and tell their own tales at night forgotten while the men of power fill the newspapers and history books by sending poor boys out to be killed The Stars of Ballymenone is an integrated analysis of the complete repertory of verbal art from a rural community where storytelling and singing of quality remained a part of daily life      *Ancient Legends, Mystic Charms, and Superstitions of Ireland* Francesca S. Wilde, 1888 Many of the Irish legends superstitions and ancient charms now collected were obtained chiefly from oral communications made by the peasantry themselves either in Irish or in the Irish English which preserves so much of the expressive idiom of the antique tongue These narrations were taken down by competent persons skilled in both languages and as far as possible in the very words of the narrator so that much of the primitive simplicity of the style has been retained while the legends have a peculiar and special value as coming direct from the national heart
