Suburban Tokyo A Comparative Study In Politics And Social Change:

Suburban Tokyo Gary D. Allinson, 1979 Modern Japanese society / edited by Josef Kreiner, Ulrich Hohwald and Hans Dieter Olschleger. Josef Kreiner, Ulrich Mèohwald, Hans Dieter Ölschleger, 2004 Is Japanese society essentially different from other modern industrialized societies or not This survey work with contributions from the leading scholars in this complicated field presents a full overview of the most important aspects of Japanese society which may lead the reader to find an answer to these two often asked questions Japanese society defined as those institutions shaping the life of individuals and groups as well as being responsible for the dynamics of social development is shown to be as modern as any other industrialized society definitely distinct though are the ways in which institutions are defined and organised as a result of different social and historical roots of the process of modernization Japan's Dual Civil Society Robert Pekkanen, 2006 Japan differs from other industrialized democracies in having many small local groups but few large professionally managed national organizations This book provides a comprehensive overview of Japan s civil society and a new theory based on political institutions to explain why it has developed as it has **Local Organizations and Urban Governance in East and Southeast Asia** Benjamin L. Read, Robert Pekkanen, 2009-06-02 This edited collection brings together enterprising pieces of new research on the many forms of organization in East and Southeast Asia that are sponsored or mandated by government but engage widespread participation at the grassroots level Straddling the state society divide these organizations play important roles in society and politics yet remain only dimly understood This book shines a spotlight on this phenomenon which speaks to fundamental questions about how such societies choose to organize themselves how institutions of local governance change over time and how individuals respond to and make use of the power of the state The contributors investigate organizations ranging from volunteer based organizations that partner with government in providing services for homeless children to state managed networks of neighborhood or village level associations that perform representative as well as administrative functions and seeks to answer a number of questions When do the vertical top down imperatives of the state stifle horizontal solidarities and when might the two work in harmony Are useful social and administrative purposes served by this type of fusion Does it amplify or merely muffle citizens voices What does it tell us about existing accounts of community social capital synergy complementarity subsidiarity and related concepts Representing seven countries China Japan Vietnam Thailand Indonesia Taiwan and Singapore this volume will be of interest to undergraduates postgraduates and academics in Asian studies political science sociology anthropology development history nonprofit studies *Postwar Japan as History* Andrew Gordon, 1993-10-20 As they examine three related themes of postwar history the authors describe an ongoing historical process marked by unexpected changes such as Japan s extraordinary economic growth and unanticipated continuities such as the endurance of conservative rule From publisher s description *Japanese Corrections* Elmer Hubert Johnson, 1996 Criminologist Johnson is one of the few westerners to have access to

Japanese prisons His account pivots on the characteristics of the major elements how personnel carry out their responsibilities and why duties and activities are carried out in a particular way He explores cultural reasons for the low number of convicted criminals going to prison and attributes the low degree of prison violence to the industrial operations of adult prisons and the education vocational training and counseling in juvenile prisons Annotation copyright by Book News Inc Portland OR *Ibss Poli Sci* 29 1980 "International Committee For Social Sciences Documentation",2013-10-15 The International Bibliography of the Social Sciences IBSS is an essential tool for librarians academics and researchers wishing to be kept up to date with the published literature in the social sciences IBSS is compiled in four divisions Anthropology Sociology Economics and Political Science This is Volume XXIX of the International bibliography of political science as of 1980 Historical Dictionary of Postwar Japan William D. Hoover,2018-12-15 Japan is a mix of the old and the new traditional and modern and old fashion and innovative It has traveled the road to a modern destination without totally losing sight of its traditions and values Although some in Japan lament the passing of old ways Japan has held on to a reasonable amount of its traditions and values This is easier to find in its arts and crafts and its literature and films as well as in its social habits This book will introduce the broad sweep of people events and trends including the successes and failures of postwar Japan This second edition of Historical Dictionary of Postwar Japan contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 500 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about Japan **Institutions, Incentives and Electoral Participation in Japan** Yusaku Horiuchi,2005-07-05 American and European political scientists have claimed that subnational elections almost always record lower voter turnout than national elections In Japan however municipal elections often record considerably higher turnout than national elections particularly in small towns and villages Institutions Incentives and Electoral Participation in Japan theoretically and empirically explores this puzzling turnout twist phenomenon from comparative perspectives Based on the rational choice approach the book hypothesizes that relative voter turnout in subnational vs national elections is determined by the relative magnitudes of how much is at stake election significance and how much votes count vote significance in these elections **Japan's Postwar History** Gary D. Allinson,2004 The second edition of the book that provides a unique integrated analysis of Japan's social political and economic history from 1932 until the present day *Housing and Planning References* ,1981 **The Decade of the Great War** ,2014-05-15 Consisting of twenty three essays The Decade of the Great War examines the 1910s as a pivotal period with deep connections both to the imperialist heyday of the 1880s 1890s and to the vibrant global politics commercial expansion and social movements of the 1920s It critically reviews Japan's diplomatic and military relations offering both a reexamination of some of the issues addressed in the earlier scholarship on the war years and a needed sense of the breadth of Japan's new international relations It highlights

the importance of transnational approaches to the study of Japan's domestic, intra-imperial and foreign affairs. Together the essays in this volume provide a wide range of perspectives on relations within Asia and between Asian, European and North American states. Contributors are Isao Chiba, Yuehsen Juliette Chung, Evan Dawley, Martin Dusenberre, Bert Edström, Selçuk Esenbel, Rustin B. Gates, Tze-ki Hon, Masato Kimura, Chaisung Lim, John D. Meehan, S.J. Tosh, Minohara Hiromi, Mizuno Tadashi, Nakatani Sochi, Naraoka Yoshiko, Okamoto Sumiko, Otsubo Ewa, Paasiz Rutkowska, Caroline Rose, J. Charles Schencking, Chika Shinohara, Shusuke Takahara and Sue C. Townsend.

Native and Newcomer Jennifer Robertson, 1991-09-03. This expertly crafted ethnography examines the ways in which native and new citizens of Kodaira, a Tokyo suburb, have both remade the past and imagined the future of their city in a quest for an authentic Japanese community.

Political Opposition and Local Politics in Japan Kurt Steiner, Ellis S. Krauss, Scott E. Flanagan, 2014-07-14. Japan's national government and most of its local governments have been in conservative hands for more than three decades. Recently, however, the strength of progressive opposition forces has been increasing at the local level. The contributors to this volume analyze this increasing opposition to determine whether it is a temporary phenomenon or portends permanent changes. Originally published in 1981, The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

Tokyo: A Biography Stephen Mansfield, 2016-10-25. The history of Tokyo is as eventful as it is long. A concise yet detailed overview of this fascinating centuries-old city, *Tokyo: A Biography* is a perfect companion volume for history buffs or Tokyo-bound travelers looking to learn more about their destination. In a whirlwind journey through Tokyo's past from its earliest beginnings up to the present day, this Japanese history book demonstrates how the city's response to everything from natural disasters to regime change has been to reinvent itself time and again. A calamitous fire results in a massive expansion of the city's territory. A debate over the Samurai code creates far-reaching social change. A malleable boy becomes the figurehead for powerful forces which change an ancient feudal society into a modern industrialized power within a generation. Utter destruction wipes the slate clean again so Tokyoites may start all over. And so it goes. Tokyo's story is riveting, and by the end of *Tokyo: A Biography*, readers see a city almost unrivaled in its uniqueness, a place that despite its often tragic history still shimmers as it prepares to face the future.

Japan's New Middle Class Ezra F. Vogel, Henry Ford II. Research Professor of the Social Sciences Emeritus, Ezra F. Vogel, 1963-01-01.

Roppongi Crossing Roman A. Cybriwsky, 2011. For most of the latter half of the twentieth century, Roppongi was an enormously popular nightclub district that stood out from the other pleasure quarters of Tokyo for its mix of international entertainment and people. It was where Japanese and foreigners went to meet and play. With the crash of Japan's bubble

economy in the 1990s however the neighborhood declined and it now has a reputation as perhaps Tokyo's most dangerous district a hotbed of illegal narcotics prostitution and other crimes Its concentration of bad foreigners many from China Russia and Eastern Europe West Africa and Southeast Asia is thought to be the source of the trouble Roman Adrian Cybriwsky examines how Roppongi's nighttime economy is now under siege by both heavy handed police action and the conservative Japanese construction state an alliance of large private builders and political interests with broad discretion to redevelop Tokyo The construction state sees an opportunity to turn prime real estate into high end residential and retail projects that will clean up the area and make Tokyo more competitive with Shanghai and other rising business centers in Asia Roppongi Crossing is a revealing ethnography of what is arguably the most dynamic district in one of the world's most dynamic cities Based on extensive fieldwork it looks at the interplay between the neighborhood's nighttime rhythms its emerging daytime economy of office towers and shopping malls Japan's ongoing internationalization and changing ethnic mix and Roppongi Hills and Tokyo Midtown the massive new construction projects now looming over the old playground

Ozu International
Wayne Stein, Marc DiPaolo, 2016-09-22 In Japan and much of Europe Ozu is widely considered to be one of the finest film directors who ever lived While Ozu has a strong reputation in the West his films are not as well known or widely appreciated in the U S as they are elsewhere A notable exception to this trend is film critic Roger Ebert who recently wrote that Ozu is one of his three or four favorite directors Also moving beyond the view that Tokyo Story is a masterful exception in the Ozu canon Ebert sees Ozu's films as nearly always of the same high quality Ozu International will reflect on Ebert's view of Ozu by arguing that this director deserves broader recognition in the U S and that his entire canon is worthy of serious study With the recent release of more than 15 Ozu DVDs in the Criterion Collection covering every phase of his career at least in part including silent films black and white talkies and color films Ozu International helps to fill a lingering gap in English language scholarship on Ozu by giving this new generation of scholars a book length forum to explore new critical perspectives on an unfairly neglected director Contributions include specialists in Japanese culture academics from a range of disciplines and professional films critics

Modern Japan Louis G. Perez, R. W. Purdy, 2024-05-30 Organized by theme this comprehensive encyclopedia examines all aspects of life in Japan from geography and government to food and etiquette and much more Japan or the Land of the Rising Sun is home to more than 126 million people nearly 10 million of whom live in Tokyo alone How did this tiny island nation become such a powerhouse in the 21st century and where will it go from here *Modern Japan* examines history and contemporary life through thematic entries organized into chapters covering such topics as geography history government and politics economy religion and thought social classes and ethnicity gender marriage and sexuality education language etiquette literature and drama art and architecture music and dance food leisure and sports and media and popular culture Each chapter contains an overview of the topic and alphabetized entries on examples of each theme A chronology covers from prehistoric times to the present and special appendices offer profiles of a typical day in the

life of representative members of Japanese society key facts and figures about Japan and a holiday chart This volume is ideal for students researching Japan as well as general readers interested in learning more about the country

The Making of Urban Japan André Sorensen, 2005-08-19 During the twentieth century Japan was transformed from a poor primarily rural country into one of the world's largest industrial powers and most highly urbanised countries Interestingly while Japanese governments and planners borrowed carefully from the planning ideas and methods of many other countries Japanese urban planning urban governance and cities developed very differently from those of other developed countries Japan's distinctive patterns of urbanisation are partly a product of the highly developed urban system urban traditions and material culture of the pre modern period which remained influential until well after the Pacific War A second key influence has been the dominance of central government in urban affairs and its consistent prioritisation of economic growth over the public welfare or urban quality of life Andr Sorensen examines Japan's urban trajectory from the mid nineteenth century to the present paying particular attention to the weak development of Japanese civil society local governments and land development and planning regulations
