[Surfing, Sex, Genders and Sexualities](#) Lisa Hunter, 2018-04-27. Sex, gender and sexuality have played an important role in shaping the culture of surfing and are central themes in the study of sport and movement cultures. Rooted in a rich precolonial history, surfing has undergone a modern transformation shaped by visual culture, commodification, sportization, mediatization and globalization, arguably all linked to sex, gender and sexuality. Using the physical culture of surfing as its focus, this international collection discusses the complex relationships between surfing, sex, gender and sexuality. This book crosses new theoretical, empirical and methodological boundaries by exploring themes and issues such as indigenous histories, exploitation, the marginalized, race, ethnicity, disability, counter cultures, transgressions and queering. Offering original insights into surfing's symbolism, postcolonialism, patriocolonial whiteness and heteronormativity, its chapters are connected by a collective aspiration to document sex, gender and sexuality as they are shaped by surfing and, importantly, as they reshape the many possibly previously unknown worlds of surfing. *Surfing, Sex, Genders and Sexualities* is fascinating reading for anybody with an interest in the sociology of sport or gender and sexuality studies.
