Surprise 1 Flashcards:

Project-Based Learning Applied to the Language Classroom Juliana Franco Tavares/ Louise Emma

Potter, 2018-03-05 In Project Based Learning Applied to the Language Classroom the authors propose a way to develop PBL in the language classrooms taking into account all of the obstacles and specifics involved in teaching a foreign language. It is about teaching English as a second or foreign language using Project Based Learning PBL. We approach this combination because many people seem to think about implementing PBL in their language classes and ask questions about how to do it but feel that there aren't enough materials based on this methodology. In fact, most researchers and writers we have come across discuss the applications of PBL in the students' mother tongue to subjects such as Math, History, Literature, Social Studies, and Science. However, there are few published works about the specifics of PBL in foreign language classes. Besides, it seems obvious to us that the main difficulty in developing projects in a second or foreign language lies exactly on the fact that communication may be hindered when students do not have enough knowledge in the target language.

Sets 1 and 2 of The AIWGMB Amusing emotionally charged coded short stories, illustrations, and flash cards of the five letter stems that complement the Central Seven and Auxiliary Seven six letter stems of Volume 1 act to greatly expand one's photographic memory and flash card recall of key seven and eight letter game words, i.e. those especially useful in SCRABBLE®, JUMBLE®, WORD TOWER®, etc. Readers are also invited to play A Game Within the Game where they test their ability to quickly create short stories and sketches from computer generated accurately defined word lists. One never knows where the words will lead and the five letter stems with their frequently long lists of esoteric little used words can take one's mind to some exceedingly bizarre, surprisingly memorable places. For example, when one adds a second A and another letter to the five letter stem REAST, official game word programs will assign the following interesting list of seven letter words: ABATERS, reducers of intense occurrences; ABREAST, side by side; CARATES, tropical skin disease; GASTREA, primitive microbe; TEARGAS, tearing gas; KARATES, martial arts; AEROSAT, air control satellite; ERRATAS, typing errors. To play A Game Within the Game, one uses all of the defined seven letter words and the game's universal iconic code.
