of jingoism that swept Japan and via a metafictional tale within a tale he warns against the suicidal destruction to which complicity in warmongering will lead. The allegorical *Moon Gems* written in the spring of 1945 further explores the tenuous position of the writer moving against the current in a country not only still at war but very near defeat. In *The Legend of Gold* and *The Jesus of the Ruins* both from 1946 Japan has been reduced to a charred wasteland yet Ishikawa envisions destruction as fertile ground for rebirth and resurrection. Finally the semi-surrealistic novella *The Raptor* plumbs the meanings and possibilities of peace in the post-Occupation era. William Tyler's eminently readable translations are faithfully expressive of stylistic and tonal nuances in the original works. In a perceptive introduction and the critical essays that follow Tyler emphasizes Ishikawa's importance as an anti-establishment even resistance writer and argues that the writer's political iconoclasm goes hand in hand with the *modanizumu* of his literary experimentation. *The Legend of Gold* will be of tremendous importance in enlarging a Western understanding of the development of the writer's role as social critic and the evolution of the modernist movement in postwar Japan.

The Heads of Cerberus and Other Stories Francis Stevens, 2024-09-17

Exposed to a high-tech dust that can transport people from one dimension to another, three travelers must try to escape the totalitarian Philadelphia of 2118. When three people in Philadelphia inhale dust developed by a scientist who has discovered parallel universes, they are transported into an interdimensional no-man's-land that is populated by supernatural beings. From there they go on to an alternate future version of Philadelphia, a frightening dystopian nation-state in which citizens are numbered, not named. How will they escape? In *The Heads of Cerberus and Other Stories* introduced by Lisa Yaszek, you will find this world-bending story as well as five others written by Francis Stevens, the pseudonym of Gertrude Barrows Bennett, a pioneering science-fiction and fantasy-adventure writer from Minneapolis who made her literary debut at the precocious age of 17. Often celebrated as the woman who invented dark fantasy, Bennett possessed incredible range: her groundbreaking stories produced largely between 1904 and 1919 suggest that she is better understood as the mother of modern genre fiction. Write large: Bennett's work has anticipated everything from the work of Philip K. Dick to Superman comics to *The Hunger Games*, making it as relevant now as it ever was. Francis Stevens, Gertrude Barrows Bennett, 1884-1948, was the first American woman to publish widely in fantasy and science fiction. Her five short stories and seven longer works of fiction, all of which appeared in pulp magazines such as *Argosy*, *All-Story Weekly*, and *Weird Tales*, would influence everyone from H. P. Lovecraft to C. L. Moore.
