The History Of Religion:

A Little History of Religion Richard Holloway, 2016-08-23 For curious readers young and old a rich and colorful history of religion from humanity's earliest days to our own contentious times In an era of hardening religious attitudes and explosive religious violence this book offers a welcome antidote Richard Holloway retells the entire history of religion from the dawn of religious belief to the twenty first century with deepest respect and a keen commitment to accuracy Writing for those with faith and those without and especially for young readers he encourages curiosity and tolerance accentuates nuance and mystery and calmly restores a sense of the value of faith Ranging far beyond the major world religions of Judaism Islam Christianity Buddhism and Hinduism Holloway also examines where religious belief comes from the search for meaning throughout history today's fascinations with Scientology and creationism religiously motivated violence hostilities between religious people and secularists and more Holloway proves an empathic yet discerning guide to the enduring significance of faith and its power from ancient times to our own

Estlin Carpenter,2017-09-16 Trieste Publishing has a massive catalogue of classic book titles Our aim is to provide readers with the highest quality reproductions of fiction and non fiction literature that has stood the test of time The many thousands of books

in our collection have been sourced from libraries and private collections around the world. The titles that Trieste Publishing has chosen to be part of the collection have been scanned to simulate the original. Our readers see the books the same way that their first readers did decades or a hundred or more years ago. Books from that period are often spoiled by imperfections that did not exist in the original. Imperfections could be in the form of blurred text, photographs, or missing pages. It is highly unlikely that this would occur with one of our books. Our extensive quality control ensures that the readers of Trieste Publishing's books will be delighted with their purchase. Our staff has thoroughly reviewed every page of all the books in the collection, repairing or, if necessary, rejecting titles that are not of the highest quality. This process ensures that the reader of one of Trieste Publishing's titles receives a volume that faithfully reproduces the original and, to the maximum degree possible, gives them the experience of owning the original work. We pride ourselves on not only creating a pathway to an extensive reservoir of books of the finest quality but also providing value to every one of our readers. Generally, Trieste books are purchased singly on demand; however, they may also be purchased in bulk. The History of Religions (Classic Reprint) E. Washburn Hopkins, 2017-09-08. Excerpt from *The History of Religions*. In the course of this volume, we shall study the roots and the higher growth of this tree, which through its age-long development, as any tree changes its earth-drawn sustenance into something more ethereal, has transmuted terror into reverent awe, hunger into hope, lust into love. We shall trace the slow progress of such roots of religion as bear today the names taboo, fetishism, totemism; see how taboo, invested with spiritual power, the moral command insured the home and made for civilization; how fetishism confirmed the thought that man depends on a spiritual something; gave faith in a power that helped and made that power the judge of right and wrong; how totemism linked man in communion with the divine and in conjunction with seasonal nature worship founded ritual in the recurrent form necessary to religious stability. We shall see in short that the higher not only is above the lower but that it has ascended out of the lower. Savagery did not give place to civilization but developed into it; it was already civilization in the germ.
