Martin, Harold Koda, Costume Institute (New York, N.Y.), 1993 *Infra Apparel* the exhibition and the book that accompanies it has had to search for its own name There is not a single word or descriptive phrase that fully signifies the phenomenon we seek to describe and the argument we are attempting to make It is simplistic to offer our argument as structure disclosed inside appearing on the outside or externalization as a function of familiarity yet all of these are approximations of parts of the argument Jean Baudrillard has argued that fashion is exceptional within culture in its proclivity to propagate signs some of substantive others of scant meaning The large significance of the observation we make in *Infra Apparel* through the exhibition and the publication in its introduction many color illustrations and five essays is the transaction that occurred from the eighteenth century to present between the intimate and personal and the social and public Without consistent evolution but with a fascinating persistence clothing has sought to convey elements of boudoir privacy to the public domain Moreover underwear can be perceived as the required interface between the body and clothing but it can also constitute clothing's ultimate seduction Function and finery meet with oppositional intensity in underwear and lingerie Clothing is a principal means by which we negotiate between public and private realms

Culture and Comfort Katherine Grier, 2013-09-03 In *Culture and Comfort* Katherine C Grier shows how the design and furnishings of the mid nineteenth century parlor reflected the self image of the Victorian middle class Parlors provided public facades for formal occasions and represented an attempt to resolve the often opposing ideals of gentility and sincerity to which American culture aspired The book traces the fortunes of the parlor and its upholstery from its early incarnations in palace hotels railroad cars steamships and photographers studios through its mid century heyday when even remote frontier homes could boast suites of red plush sofas and chairs to its slow uneven metamorphosis into the more versatile living room The author argues that even as the home increasingly was seen as a haven from industrialization and commercialization its ties to industry and commerce in the form of more affordable machine made furniture and drapery became stronger By the 1920s the parlor's decline signaled both a blurring of the Victorian distinctions between public and private manners and the transfer of middle class identity from the home to the automobile Describing the department a parlor required the activities it sheltered and the marketing and manufacturing breakthroughs that made it available to all *Culture and Comfort* reveals the full range of cultural messages conveyed by nineteenth century parlor materials

The Lure of Perfection Judith

Bennahum,2005-07-08 THE LURE OF PERFECTION FASHION AND BALLET 1780 1830 offers a unique look at how ballet influenced contemporary fashion and women s body image and how street fashions in turn were reflected by the costumes worn by ballet dancers Through years of research the author has traced the interplay between fashion social trends and the development of dance During the 18th century women literally took up twice as much space as men their billowing dresses ballooned out from their figures sometimes a full 55 inches to display costly jewelry and fine brocade work similar costumes appeared on stage But clothing also limited her movement it literally disabled them making the dances themselves little more than tableaux Movement was further inhibited by high shoes and tight corsets thus the image of the rigidly straight long lined dancer is as much a product of clothing as aesthetics However with changing times came new trends An increased interest in natural movement and the common folk led to less restrictive clothing As viewers demanded more virtuosic dancers women literally danced their way to freedom THE LURE OF PERFECTION will interest students of dance and cultural history and women s studies It is a fascinating well researched look at the interplay of fashion dance and culture still very much a part of our world today **Inside the Westminster Menswear Archive** Andrew Groves,Danielle
