Wisconsin Norman K. Risjord, 2007 **Contesting the Postwar City** Eric Fure-Slocum, 2013-06-28 Focusing on midcentury Milwaukee Eric Fure Slocum charts the remaking of political culture in the industrial city Professor Fure Slocum shows how two contending visions of the 1940s city working class politics and growth politics fit together uneasily and were transformed amid a series of social and policy clashes Contests that pitted the principles of democratic access and distribution against efficiency and productivity included the hard fought politics of housing and redevelopment controversies over petty gambling questions about the role of organized labor in urban life and battles over municipal fiscal policy and autonomy These episodes occurred during a time of rapid change in the city s working class as African American workers arrived to seek jobs women temporarily advanced in workplaces and labor unions grew At the same time businesses and property owners sought to reestablish legitimacy in the changing landscape This study examines these local conflicts showing how they forged the postwar city and laid a foundation for the neoliberal city A City At War Richard L.

Pifer, 2014-03-07 A social history of wartime Milwaukee and its workers as they laid the groundwork for a secure postwar future **To Hear Only Thunder Again** Mark David Van Ells, 2001-01-01 The paucity of scholarly literature on World War

II veteran readjustment might lead one to believe these nearly sixteen million men and women simply took off their uniforms after the War and reintegrated into society with ease Mark D Van Ells path breaking work is the first serious analysis of the immense effort that was required to avoid the potential social decay so often associated with veteran reintegration To Hear Only Thunder Again explores the topical issues of educational health employment housing medical and personal readjustment faced by veterans while continuously situating these issues against the backdrop of society s political response Never before or since had Americans taken such a keen interest in veterans affairs While post World War II America was

spared the problem of veteran unemployment and while veterans were not associated with crime and political disorder as had often been the case after World War I the package of readjustment benefits devised that allowed for such a smooth transition was extremely expensive Veterans of later wars never received as much assistance and consequently experienced more difficulty returning to civilian life Van Ells work ensures that these lessons of the Second World War are not entirely lost To Hear Only Thunder Again provides an unprecedented exploration of a period largely neglected by military historians

A Summer Up North Jerry Poling, 2002-10-28 June 12 1952 only a local sportswriter showed up at the Eau Claire airport to greet a newly signed eighteen year old shortstop from Alabama toting a cardboard suitcase I was scared as hell said Henry Aaron recalling his arrival as the new recruit on the city s Class C minor league baseball team Forty two years later as Aaron approached the stadium where the Eau Claire Bears once played

an estimated five thousand people surrounded a newly raised bronze statue of a young Hank Aaron at bat I had goosebumps he said later A lot of things happened to me in my twenty three years as a ballplayer but nothing touched me more than that day in Eau Claire For the people of Eau Claire Aaron s summer two years before his Major League debut with the Milwaukee Braves symbolizes a magical time when baseball fans in a small city in northern Wisconsin could live a part of the dream
