Excerpt from *The Homilist A Series of Sermons for Preachers and Laymen Original and Selected* While the homilies or sermons furnished are not as long averaging but about seven pages each nor yet as elaborate as some modern printed discourses they are not in the technical sense sketches or bony skeletons It would be a violation of the principles of good taste to pass complimentary remarks on the few original specimens which occur in the body of the work at the same time the reader must allow me to say of the greater number of edited homilies that they possess the elements of suggestiveness in a degree quite above ordinary It is scarcely possible for the mind to examine them without being quickened About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *The National Preacher and Village Pulpit* ,1860 *Bibliotheca Theologica* John Fletcher Hurst,1883

Catalogue of Books Added to the Library of Congress During the Year 1871 Library of Congress,1872 *Catalogue of the Library of Congress* Library of Congress,1872 *The Christian Examiner* ,1860 **The Ladies' Repository** ,1860 The idea of this women's magazine originated with Samuel Williams a Cincinnati Methodist who thought that Christian women needed a magazine less worldly than Godey's Lady's Book and Snowden's Lady's Companion Written largely by ministers this exceptionally well printed little magazine contained well written essays of a moral character plenty of poetry articles on historical and scientific matters and book reviews Among western writers were Alice Cary who contributed over a hundred sketches and poems her sister Phoebe Cary Otway Curry Moncure D Conway and Joshua R Giddings and New England contributors included Mrs Lydia Sigourney Hannah F Gould and Julia C R Dorr By 1851 each issue published a piece of music and two steel plates usually landscapes or portraits When Davis E Clark took over the editorship in 1853 the magazine

became brighter and attained a circulation of 40 000 Unlike his predecessors Clark included fictional pieces and made the Repository a magazine for the whole family After the war it began to decline and in 1876 was replaced by the National Repository The Ladies Repository was an excellent representative of the Methodist mind and heart Its essays sketches and poems its good steel engravings and its moral tone gave it a charm all its own Cf American periodicals 1741 1900
