Packard Packard Motor Car Company, 1910 *Virgil's Story* Virgil D. Mochel, 2013-08-31 The first part of the story explains how Virgil's ancestors from Europe all arrived at that small region called Woodland, Indiana. Emphasis is on what was going on in that part of each one's world to cause them to migrate to this country and eventually to that spot in Indiana. Wars, religious intolerance, and decisions by the various kings or queens were the driving forces that caused so many to leave their homelands and look for better conditions. Life on a farm during the Great Depression and World War II is described in some detail. The emotional devastation upon learning of the deaths of two brothers in that war took a heavy toll on the Mochel family. The second part deals with the many varied experiences of Virgil and Marian as they traveled their life journey together up to the present time.

It Started With A Kiss Stanley Sipka, 2021-12-12 The 63-year journey for Joanne and Stan was written because everyone should have the opportunity to see how Joanne spent her life helping everyone. I surprised her with an ever-so-gentle kiss on our blind date. She said she doesn't let guys kiss her on the first date. I replied there is always a first time for everything. We were married on June 28, 1958, on a beautiful, sunshiny day. As the days turned to weeks to months and then years, our love grew. She didn't want the attention; she was our cheerleader for all of us and was the center of the family. Together we were a team that lived the American dream. Joanne made me what I am today: a guy who loved her and misses her and will work to be with her in heaven.
