The Horses of Central Park Michael Slade, 1992 Twelve year old Wendell and his friend Judith help the horses who pull the carriages in Central Park to have one glorious night of freedom      **The Horse in the City** Clay McShane, Joel Arthur Tarr, 2007-07-16 Honorable mention 2007 Lewis Mumford Prize American Society of City and Regional Planning The nineteenth century was the golden age of the horse In urban America the indispensable horse provided the power for not only vehicles that moved freight transported passengers and fought fires but also equipment in breweries mills foundries and machine shops Clay McShane and Joel A Tarr prominent scholars of American urban life here explore the critical role that the horse played in the growing nineteenth century metropolis Using such diverse sources as veterinary manuals stable periodicals teamster magazines city newspapers and agricultural yearbooks they examine how the horses were housed and fed and how workers bred trained marketed and employed their four legged assets Not omitting the problems of waste removal and corpse disposal they touch on the municipal challenges of maintaining a safe and productive living environment for both horses and people and the rise of organizations like the American Society for the Prevention of Cruelty to Animals In addition to providing an insightful account of life and work in nineteenth century urban America *The Horse in the City* brings us to a richer understanding of how the animal fared in this unnatural and presumably uncomfortable setting      *Where Have All the Horses Gone?* Jonathan V. Levin, 2017-10-18 A century ago horses were ubiquitous in America They plowed the fields transported people and goods within and between cities and herded livestock About a million of them were shipped overseas to serve in World War I Equine related industries employed vast numbers of stable workers farriers wainwrights harness makers and teamsters Cities were ringed with fodder producing farmland and five story stables occupied prime real estate in Manhattan Then in just a few decades the horses vanished in a wave of emerging technologies Those technologies fostered unprecedented economic growth and with it a culture of recreation and leisure that opened a new place for the horse as an athletic teammate and social companion      **Twice Blessed** Stefanie Mercado Altman, Claire Altman, Stan Altman, 2025-10-07 A deeply moving memoir of love resilience and identity chronicling one family's journey through adoption caregiving and the profound connections that define us *Twice Blessed* is a beautifully written memoir that explores the depths of love resilience and the true meaning of family Stefanie Mercado Altman Claire Altman and Stan Altman share an intimate and inspiring story about the bonds that define us from adoption to caregiving and beyond When Stefanie was adopted by Claire and Stan their family was built on love and trust rather than biology As they navigated the joys and struggles of parenting they faced challenges that tested their resilience including Stefanie's search for identity and connection with her birth mother Rosa a gifted artist whose struggles with AIDS cast a long shadow From the highs of new beginnings to the heartbreak of loss *Twice Blessed* captures the complexities of relationships and the sacrifices made in the name of love The story unfolds with warmth humor and honesty offering a powerful perspective on what it means to belong

Through Stefanie's journey of self discovery and the family's steadfast devotion the book paints a vivid portrait of compassion and perseverance Engaging and deeply moving *Twice Blessed* speaks to anyone who has ever questioned their place in the world or searched for a deeper understanding of family This book will resonate with fans of personal memoirs adoption narratives and heartfelt stories about love that transcends boundaries *The ^AOxford Handbook of Musical Theatre*

*Screen Adaptations* Dominic McHugh,2019-06-14 The Oxford Handbook of Musical Theatre Screen Adaptations traces how the genre of the stage to screen musical has evolved from *The Jazz Singer* to *The Wizard of Oz* *Roberta* and *Into the Woods* N

**The Saddle and Show Horse Chronicle** ,1911 **Another 1000 Famous Horses** FJH Glover,2022-11-13 This 2nd book is a continuation of the 1st book The index at the back of the book is brilliant The contents list at the front of the book is in alphabetical order and is a list of the horses names gives paragraph numbers Whereas the Index gives the Rider Owner in alphanumeric order and gives paragraph numbers So if you do not know the name of a persons horse you would look up the person in the Index and it would indicate the paragraph numbers to find the answer For instance *Steptoe and Son* would be under S in the Index and this would lead you to *Hercules* the strong man from Greek Mythology Or *Toy Story 2* would lead you to *Bullseye* Books 3 and 4 are in the process of compiling it's a Never Ending Story **Wages Against Artwork** Leigh

Claire La Berge,2019-08-23 The last twenty years have seen a rise in the production circulation and criticism of new forms of socially engaged art aimed at achieving social justice and economic equality In *Wages Against Artwork* Leigh Claire La Berge shows how socially engaged art responds to and critiques what she calls decommodified labor the slow diminishment of wages alongside an increase in the demands of work Outlining the ways in which socially engaged artists relate to work labor and wages La Berge examines how artists and organizers create institutions to address their own and others financial precarity why the increasing role of animals and children in contemporary art points to the turn away from paid labor and how the expansion of MFA programs and student debt helps create the conditions for decommodified labor In showing how socially engaged art operates within and against the need to be paid for work La Berge offers a new theorization of the relationship between art and contemporary capitalism **Central Park** Andrew Blauner,2012-04-24 Central Park is perhaps

the most well trod and familiar green space in the county It is both a refuge from the city and Manhattan's very heart a respite from the urban grind and a hive of activity all its own 843 carefully planned acres allow some 37 million visitors each year to come and get lost in a sense of nature Unsurprisingly the park also inspires a wealth of great writing and here Andrew Blauner collects some of the finest fiction and nonfiction 20 pieces in all with classics sprinkled among 13 new ones commissioned from great New York writers Bill Buford spends a wild night in the park Jonathan Safran Foer envisions it as a tiny transplanted piece of a mythical Sixth Borough and Marie Winn answers definitively Holden Caulfield's question of where the ducks go when the park's ponds freeze over There are bird sightings and fish sightings Jackie Kennedy and James Brown sightings and pieces by Colson Whitehead Paul Auster and Francine Prose This vibrant collection presents Central
