Voort's family members have enforced the law in New York City for three centuries since Manhattan was a Dutch colony. Raised from childhood to be a detective, he heads a vast cop clan with its own code of honor and obligation. But now he faces his most dangerous adversary yet: a man who has the power to destroy the family and will stop at nothing to prevent Voort from uncovering a terrible new kind of crime. Detective Voort and his beautiful fiancée Camilla are kayaking New York City's Hell's Gate, a treacherous section of the East River and graveyard for several centuries worth of ships, when they spot a body floating in the water. The death seems related to a tragedy that happened in Hell's Gate over two hundred years ago. But could it also involve something more modern, menacing, and international in scope? With the help of TV producer Camilla and his partner Mickie, Voort pursues the clues. But something doesn't feel right about the trail the dead man left behind. What starts out to be a complex investigation takes a sinister turn when Voort falls into the clutches of a man whose bloodless methods of persuasion have Voort stricken with real terror for his family, his fiancée, and himself. But the man with the dead voice leaves Voort with few choices. Psychologically crippled, he can no longer confide in his fiancée or his partner. He must ignore the long-standing law of the clan and his brother officers and take action alone. Breathlessly paced and filled with Ethan Black's trademark explosive action, *Hell's Gate* is a spellbinding new thriller that follows a man fighting to find the truth, save his family, and redeem himself.

After nearly thirty years of stellar service, he almost crashes and burns, but his hard-earned reputation saves him from a court-martial. Now all he wants is to kick back in Margaritaville, but the Department of Homeland Security has other ideas. The DHS Special Group Leader offers him a contract he couldn't refuse: they need him to put his famed skills back in the game and help recover vital information stolen from a CIA asset overseas. When Rhy learns the CIA pain in the asset involved is none other than Harper Chandler, a woman he never wants to see again, much less work with, taking the mission becomes a no-go, even with the money. Then he learns the missing dossier could clear him of crimes he's been accused of that led to his court-martial. Rhy signs on without a second thought. The opportunity to clear his name is too important to be brushed aside. Especially by the woman directly responsible for killing his men and almost his career. He'll pay the price of working with the beautiful cocky, know-it-all if that's what it takes. But he refuses to allow her to get him killed or give her another shot at his heart.
