**When Religion Meets New Media** Heidi Campbell, 2010-04-05 This lively book focuses on how different Jewish Muslim and Christian communities engage with new media Rather than simply reject or accept new media religious communities negotiate complex relationships with these technologies in light of their history and beliefs Heidi Campbell suggests a method for studying these processes she calls the religious social shaping of technology and students are asked to consider four key areas religious tradition and history contemporary community values and priorities negotiation and innovating technology in light of the community communal discourses applied to justify use A wealth of examples such as the Christian e vangelism movement Modern Islamic discourses about computers and the rise of the Jewish kosher cell phone demonstrate the dominant strategies which emerge for religious media users as well as the unique motivations that guide specific groups

*American Reform Judaism* Dana Evan Kaplan, 2003-04-29 The only comprehensive and up to date look at Reform Judaism this book analyzes the forces currently challenging the Reform movement now the largest Jewish denomination in the United States To distinguish itself from Orthodox and Conservative Judaism the Reform movement tries to be an egalitarian open and innovative version of the faith true to the spirit of the tradition but nonetheless fully compatible with modern secular life Promoting itself in this way Reform Judaism has been

tremendously successful in recruiting a variety of people intermarried families feminists gays and lesbians and interracial families among others who resist more traditional forms of worship As an unintended result of this success the movement now struggles with an identity crisis brought on by its liberal theology which teaches that each Jew is free to practice Judaism more or less as he or she pleases In the absence of the authority that comes from a theology based on a commanding all powerful God can Reform Judaism continue to thrive Can it be broadly inclusive and still be uniquely and authentically Jewish Taking this question as his point of departure Dana Evan Kaplan provides a broad overview of the American Reform movement and its history theology and politics He then takes a hard look at the challenges the movement faces as it attempts to reinvent itself in the new millennium In so doing Kaplan gives the reader a sense of where Reform Judaism has come from where it stands on the major issues and where it may be going Addressing the issues that have confronted the movement including the ordination of women acceptance of homosexuality the problem of assimilation the question of rabbinic officiation at intermarriages the struggle for acceptance in Israel and Jewish education and others Kaplan sheds light on the connection between Reform ideology and cultural realities He unflinchingly yet optimistically assesses the movement's future and cautions that stormy weather may be ahead ÁBuen Camino! Using Freud's correspondence this book argues that his Jewishness was in fact a source of energy and pride for him and that he identified with both Jewish and humanist traditions Gresser presents an extended analysis of Freud's personal correspondence Arranged in chronological order the material conveys a vivid sense of Freud's personal and psychological development Close reading of Freud's letters with frequent attention to the original German and its cultural context allows Gresser to weave a fascinating story of Freud's life and Jewish commitments as seen through the words of the master himself The book culminates in an extended discussion of Freud's last and most deliberately Jewish work Moses and Monotheism Gresser thus initiates a discussion about modern Jewish identity that will be of interest to anyone concerned about questions of the relationship between tradition and modernity and between the particular and the universal that moderns struggle with in the search for authenticity

*German Jews and the Persistence of Jewish Identity in Conversion* Angela Kuttner Botelho, 2021-08-23 This book explores the fraught aftermath of the German Jewish conversionary experience through the story of one family as it grapples with the meaning of its Jewish origins in a post Holocaust post conversionary milieu Utilizing archival family texts and multiple interviews spanning three generations beginning with the author's German Jewish parents 1940s refugees and engaging the insights of contemporary scholars the book traces the impact of a contested Jewish identity on the deconstruction and reconstruction of the Jewish self The Holocaust as post memory and the impact of the German Jewish culture personified by the author's parents leads to a retrieval of a lost Jewish identity postmodern in its implications reinforcing the concept of Judaism as ultimately a family affair Focusing on the personal to illuminate a complex historical phenomenon this book proposes a new cultural history that challenges conventional boundaries of what is Jewish and what is not
